IN MEMORIAM

In loving memory of our dear mother, Minnie May Dierker, who died July 1, 1927.

Just a line of sweet remembrance,
Just a memory fond and true,
Just a token of loves devotion
That our hearts still long for you.
The years of her life were numbered
When the messenger whispered low
"The Master has come and called for Thee,
She answered I'm ready to go.
We do not forget her, we love her too dearly
For her memory to fade like a dream,
Our lips need not speak though our hearts mourns sincerely,
For grief often dwells where it seldom is seen.
We miss here when we need a friend,
On her we always could depend,
She cheered us in sickness and soothed our pain,
God grant some day we'll meet again.

By Your Loving Children.

Passive resistance seldom wins in the affairs of life, although Gandhi thinks it will in India.

Becoming a hero is something that is done quickly, in most cases; and then one's status is fixed for life.

FROM FULL-FLOATING REAR AXLE TO SPECIAL V-8 ENGINE

THE NEW FORD V-8 TRUCK

Greatest Truck Value

IS DESIGNED AND BUILT FOR HARD TRUCK SERVICE

THIS New Ford V-8 Truck not only *looks* like a truck, it *is* a truck . . . inside as well as outside. There has been NO COMPROMISE with passenger-car design. This new truck is built of genuine truck parts, for the toughest hauling and delivery jobs you can ask of it.

It has a truck engine . . . a truck chassis . . . a truck transmission and clutch. It has a full-floating rear axle . . . big truck-type bearings, real truck assets. Standard body types meet virtually 90% of all hauling and delivery requirements, and there are many special bodies available. See this big, rugged Ford V-8 Truck at your Ford Dealer's. The rigid economy of its V-8 engine will cut your costs this year and for years to come.

These features prove it is a REAL TRUCK in every detail

New full-floating, heavy-duty rear axle. Special V-8 truck engine with *new* truck-type cylinder-head units, with *new* combustion chamber design. *New* dual carburetor. *New* oil-saving aluminum piston design and factory-polished cylinder walls. *New* copper-lead connecting-rod bearings of same type used in racing cars and airplane engines. Exhaust valve seat inserts. Full-length water-jackets. Trouble-free clutch and 4-speed transmission. Heavy, rugged frame. Full torque-tube drive. Semi-elliptic rear springs shackled at both ends.

New Low Prices
