"2 TRIP" TESTS SHOW GULF-LUBE CUTS OIL CONSUMPTION AS MUCH AS 51%!

MRS. LEE KETNER
705 Melrose St., Winston-Salem, N. C.

MR. J. D. BOWDEN
868 Myrtle St., Atlanta, Ga.

Do you doubt that you can cut your oil costs from 10% to 55% and get better lubrication? Then listen to this . . .

Fact No. 1—Last year the American Automobile Association tested Gulf-lube against 3 other famous 25c oils in 6 borrowed cars. *Gulf-lube went 28½% more miles per quart than the average of all other oils!* It outlasted every oil in every car.

Fact No. 2—This year, motorists in various parts of the country made the "two-trip" test. They made two trips to some distant point, using a well-known 25c oil on the first trip, and Gulf-lube on the second. *In every one of these tests made thus far, Gulf-lube has showed the lowest oil consumption!*

Drain old, worn oil, refill with Gulf-lube—and start saving! 25c a quart!

NEW OIL TEST detects motor dirt. Ask about it at any Gulf station.
