Movies

New Lyceum Theatre

Guy Lombardo, his equally famous brothers and the Royal Canadians will appear for the first time in a featured film in "Many Happy Returns," the screen attraction scheduled for the New Lyceum Theatre for Monday and Tuesday evenings.

This film should prove to be a musical treat, as well as entertaining comedy-farce made hysterical by the presence of George Burns and Gracie Allen, who share headline honors with the Lomgardos. line honors with the Lambardos. work shows himself a showman as well as a musician. He also introduces several striking song hits and orchestrations. Veloz and Yolanda, the celebrated dance team, have a featured spot in the film, and carry away their portion with flying colors.

—o—

For Wednesday and Thursday "Cockeyed Cavaliers," featured by those gay and giddy nit-wits, Wheeler and Woolsey, will be the featured attraction, and youse gals and guys are in for a merrie, madde delight with gay music and comick happenings. Dorothy Lee and Thelma Todd, those two personable young ladies of other Wheeler-Woolsey successes, will again be on hand in this travesty of the days when knighthood was in flower, and men wore wigs and carried their handkerchiefs up their sleeves.

As the press book says, "Forsooth, 'tis a tayle of olden chivalrie that doth provide a wagon load of merrie maidens, comely queenes and wenches faire to see! "If you love laughter you'll like "Cockeyed Cavaliers."

—o—

Once again Charlie Chan, that ace of movie detectives, returns to the screen to outwit the villain, recover the stolen property and find a way to bring young love together. At the New Lyceum Theatre Friday and Saturday evenings Warner Oland, as the great Charle, appears in "Charlie Chan's Courage." From the pen of the late Earl Derr Biggers there sprung this fiictional hero of a thousand mystery tales, and this one is said to be one of the best movie presentations.

The second feature for these evenings will be "Blue Steel," a western hit starring the popular John Wayne.

Betterton Casino Theatre
Betterton, Md.

On Monday and Tuesday evenings at the Betterton Casino Theatre "Night Flight," MGM's multi-starred drama of the skies, will be the featured attraction. John Barrymore, Lionel Barrymore, Helen Hayes, Robert Montgomery, Clarke Gable and Myrna Loy are the featured players with important roles in this film of a South American airline and the tragedies which accompany its hazardous task of flying the mail and passengers over the Andes.

John Barrymore, as the manager of the airline, portrays the hard-boiled executive who thinks of nothing but discipline. Driving his men to the utmost, he wins the hatred of all who work with him; while Lionel Barrymore, as the plane inspector, wins all with his kindness.

This is MGM's first big all-star production since the memorable "Grand Hotel" and critics say that its drama and plot even rival that popular film.

—o—

Next Friday and Saturday "Riptide" will be the featured attraction at the Betterton Casino Theatre, and it brings those two lovable characters, Norma Shearer and Robert Montgomery, in their greatest portrayal.

"Riptide" has been acclaimed wherever it has been presented, and those fans who like a generous mixture of comedy, romance, with here and there a tear, will enjoy it. An interesting comedy, too, has been booked for these evenings and its called "Spite Flight."

INVESTING IN BETTER LIVING

To buy a modern home, small or large, expensive or inexpensive, is to make an imvestment in better living.

Construction has stood still the past few years, ever since it tumg led to the depths with depression, but contractors, designers, builders and equipment manufacturers have continued to improve their services and commodities.

They have given us not only fore comfortable, but more efficient homes—homes in which four or five rooms do the work that six rooms used to do. They have given us new ideas of heating, ventilation, air-conditioning, furnishing, designing.

They have given us mechanical equipment which can be adequately described only by the word "marvelous"—equipment which is more-than-human in doing work inexpensively anl quickly, that used to take back-breaking hours before a furnace or over a washboard.

And, to cap the climax, building costs are still well below normal levels. There are plenty of skilled and unskilled workmen. When we give men jobs and not only get a bargain for ourselves, but advance recovery by stimulating purchasing power and industrial production.

There are few better slogans than "Build Now—Repair Now!"

RAISE IN MILK PRICES PROMISED

TO AFFECT ALL FARMERS ON EASTERN SHORE

The farmer gets a promise of better milk prices in a State Milk Control Board order which went into effect Wednesday.

Re-vamping the system of milk distribution thoroughly the board yesterday threw out the last features of the much disputed "basic surplus" plan under which farmers received a lower price for milk over a "basic" amount.

The board ordered a slight increase in the price of fluid milk in the Philadelphia sales area. It declared the increase in price paid the farmers is justified, pointing out that there is a seasonable shortage during the warm months and an additional dearth of milk caused by dry weather.

The price advance ranged from .06 to .16 per 100 pounds, or approximately one third cent a quart depending on the purpose for which the milk is to be used.

Fluid milk prices are boosted approxifately .06 cents for 100 pounds on 80 per cent of the total volume of milk in the Philadelphia area with a slight deduction on direct-shipped milk.

This change was brought about by reducing the class one price from $2.60 per 100 pounds for Philadelphia, to $2.50 per 100 pounds, and abolishing a receiving station charge of 6 cents.

Most of the Eastern Shore is in the Philadelphia area as to the marketing of milk.
