Who Will Be Out Next President, Congressman, Senator?

Even with election still eleven months away, the political pot has begun to boil, and already considerable interest is being shown. Who will be our next president? who will be the next United States Senator from Maryland?

The big question among the Democratic party is: Will Truman again seek the nomination? In the Republican camp the issue is who will emerge from the convention as the standard bearer.

As fo rthe U. S. Senate, it now appears certain that both Democrats and Republicans will have a primary and possibly a party rift. The incumbent Herbert R. O'Conor will have opposing him within the party, Landsdale G. Sasscer, 5th district congressman and possibly F. W. C. Webb of Salisbury.

Definitely known to be seeking the Republican nomination are Congressman Glenn Beale of Allegany and H. Grady Gore of Montgomery.

Both the campaign for president and senator should keep politics in pretty much of a turmoil with the primary in May, the National Conventions in June and the general election in November. It promises to be interesting.

From where I sit ... by Joe Marsh

Sign of a Nice Guy

Got so around these parts that everywhere a hunter went this fall, he came up against signs saying "PRIVATE PROPERTY, NO HUNTING, KEEP OFF." But not out at Happy Preston's place!

Happy's signs say "PRIVATE PROPERTY, GOOD HUNTING, BUT BE CAREFUL."

"Don't hunt myself," Happy says, "but there's plenty of game on my property. I tell the hunters where the best spots are—away from where I'm working and where nobody else is hunting. It works out pretty well all-around."

From where I sit, Happy has once again shown why he gets along with everyone and why everyone respects him. Happy's likes and dislikes might not be the same as his neighbors', but that doesn't stop him from *understanding*. When it comes to opinions on hunting, fishing, politics, ways of farming, or whether your favorite beverage is beer or cider, try to be like Happy and the chances are you'll be really happy!

Bendix "FRONT ROW" TV
THE PICTURE WITH THE BILLION DOLLAR BACKGROUND

● If you'll spend just 30 seconds in our store, looking at any BENDIX TV model, you'll agree with us—it's so completely different it's like seeing television for the first time! Here's how it works. The station broadcasts 525 horizontal lines to form the picture on your TV set. One set of these lines sketches the picture for you. A fraction of a second later, another set . . . *the lines between the lines* . . . fills the gaps. This vital second set of lines makes your picture *live*—gives it realism, depth, and detail. On many sets these lines overlap and blur; your picture is fuzzy, indistinct, lacking in life. NOW, thanks to MAGIC INTERLACE, *both sets of lines* are instantly, automatically locked into place as you switch from station to station, bringing you *brilliant, sharp, vivid, life-like pictures!* You'll see for yourself in just 30 seconds. Stop in tomorrow, let us prove that BENDIX TV with MAGIC INTERLACE brings you a new pinnacle of realism!

Bendix TV sets are designed so that both UHF and Color Converters may be attached.
