INDEPENDENT VOTERS CAN

There are a number of persons in Kent county who have declined to affiliate as either Democrat or Republican, and at such times the Registers have entered the name as "independent," when the law requires that it be entered as "Declined." Those persons registered as independent can have their affiliation changed to either Democrat or Republican on registration day, September 11, thus permitting them to vote in either of the primary elections.

HON. GEORGE L. RADCLIFFE. Democratic candidate for the United States Senate, will be the guest speaker at a lawn fete to be held on the Kennedyville high school grounds Friday evening under the auspices of the Ladies' Aid and Guild of Grace Presbyterian Church Kennedyville. He will be presented by local laymen. A large attendance is expected.

RAINEY, picturesque Speaker of the House of Representatives, is dead.

Apparently on the road to recovery from an attack of bronchial, pneumonia, he suddenly developed angina pectoris Sunday night and died at 7.30 p. m., as three physicians, hastily summoned, stood by, unable to aid him. Monday would have been his seventy-fourth birthday.

The Speaker's unexpected passing brought expressions of deep sorrow from political leaders in all parts of the nation—from President Roosevelt on down.

DEMOCRATIC HARMONY TICKET STANDS ON A FINE RECORD

All the entries for the Democratic Primary which is to be held on Wednesday, September 12th are in the hands of the Supervisors of Election and the fight has begun. It will be a short campaign and no good reason why it should not be a clean one devoid of "whisperings" which can only bring defeat and regret to those whose cause it is hoped to benefit.

The question of support or opposition to the New Deal as promulgated by Roosevelt does not enter into this campaign as far as it has developed. The Democrats with but few exception are a New Deal but more especially for a Square Deal. With this statement the KENT NEWS presents some outstanding facts why this Democratic Harmony ticket should be endorsed overwhelmingly by the Democrats of Kent county.

1—That the county's tax rate for all purposes has been reduced from $2.51 in 1920 to 83 cents in 1934.

2—That the bonded debt for which the people of the county are responsible has been reduced from over a half million to a paltry $6,000 school bonds.

3—That at the present rate of retirement which has been consistently followed during the past four years, Kent county's entire bonded indebtedness will be wiped out within two years.

4—That while other counties have issued bonds for thousands of dollars for road improvements which must be paid by the tax-payers, Kent county thru its representative and leaders in the county obtained a half million dollars worth of new roads and bridges at not a single penny's direct cost to the tax-payers.

5—That the whole government has been administered honestly, efficiently and with fine integrity and that present officials and candidates who are seeking office for the first time all stand pledged to a continuation of this type of progressive, useful and conscientious public service.

6—That county officials associated with the Democratic Harmony ticket have consistently fought for and advocated only such legislation as would be beneficial to the watermen of Kent county.

7—That the whole campaign will be based upon the real issues, involving efficiency of administration and honest management of county business.

Wm. Jewell, who drives one of the school buses, carried an excursion to Atlantic City and return one day this week in his bus. Can you beat it.

The Liquor License Board has declined to issue a beer license to J. Edw. Blackway, Chestertown. Mr. Blackway wanted to sell beer at the White-Barnett pool room on Cannon street.

Charles Miller, of near Kennedyville, cut four tons of sugar corn off his field which was delivered to cannery at Kennedyville.

The first violation of the ordinance against driving a truck down water street was heard before Justice Healey Wednesday. E. W. Lapham, of Goldsboro, was fined $7.70 including all costs.

Dr. H. Benge Simmons, one of Chestertown's prominent physicians, and a great lover of flowers, has perhaps the largest cultivation of handsome gladiolis on the Eastern Shore, outside of florist plants. He has twenty thousand bulbs now in the stage of full bloom, and his garden presents a rare sight for flower lovers. Dr. Simmons donated large baskets of his flowers to each of the four churches here last Sunday.

Dogs raided a flock of young turkeys belonging to Mrs. Dorothy Plummer on her farm in Worton section one night the past week and killed twenty-two of the ninety birds, many of which were almost ready for the early markets. Mrs. Plummer will be reimbursed for her loss by the Board of County Commissioners, which collects a special tax for the purpose on all dogs in the county.

Wider Roads Recommended

REPORT SHOWS ELKTON CHESTERTOWN ROAD BAD

The fact-finding study of the State highways by the Keystone Automobile Club of Maryland discloses the need of many improvements on U. S. Route 213, from Elkton to Ocean City. Widening, relocations, resurfacing and repaving are among the recommendations of William S. Canning, the Club's engineering director, who made the survey.

Between Elkton and Chestertown, a distance of 38 miles, the paving width varies from 15 to 20 feet, the report states, although the volume of traffic between Elkton and Chesapeake City warrants a four lane. dual type highway.

Conditions on this section of the highway are described in the report as follows.

"From Elkton to about a mile north of Chesapeake City the road is 18 feet wide, old, broken and rough. It then reduces to a width of 16 feet and again becomes slightly wider in Chesapeake City, where the surface is badly cracked and broken. Entering Kent county, the paving is old, much broken and patched. Leaving Galena the width again reduces to 15 feet, and surface is rough and broken. About two miles south of Galena the old road has been resurfaced, and in Kennedyville the paving widens to 20 feet.

"At many points in this stretch of highway there are sharp curves which add to the hazard of the narrow road. Relocations are necessary to eliminate hazardous conditions, and the entire road should be widened to make it adequate for present-day needs."

Traffic between Elkton and Chesapeake City approximates 3000 vehicles per day, according to the report, with a maximum of 4,500. The estimated future traffic on this section approaches 5,500 vehicles per day, with a peak of 6,700.

Between Chesapeake City and Chestertown, the report shows, the traffic is approximately 1000 vehicles per day, with a maximum of 2,000. Estimated future traffic is about 1,400 vehicles daily and a maximum of 3,000.

"There is every indication," says Mr. Canning, "that a good, well-located 20-foot highway would be adequate to serve this traffic, although it is possible that the demands of the future may make advisable the construction of one additional 10-foot lane. The traffic volume on the remainder of the route between Chestertown and Salisbury rarely exceeds 1,000 to 2,000 vehicles per day, with a maximum not in excess of 2,500. Large increases in traffic are not to be expected in this territory, but the road should be widened to 20 feet and hazardous conditions eliminated."

J. K. Valiant who has been with the Metropolitan Insurance Co. for 20 years and located here for six years has been promoted to be the assistant in the Salisbury office. He will remove there next month and his home on Chester river will be occupied by Paul Poetzsch, local manager here. Oakley Valiant will remain to attend Washington College. We are sorry to lose these fine citizens.

Two little girls were added to Rock Hall this week—one at the home of Mr. and Mrs. Lucien Thomas and the other at Mr. and Mrs. Thomas Willson's.

WHY I LIKE MARYLAND

I am a boy from Philadelphia, and spend my vacation every summer with Mr. and Mrs Charles Joiner, who are my aunt and uncle on a farm near Worton. I like Kent County because it has many big and beautiful farms. I like farming very much and help feed pigs, chickens, milk cows, pitch hay, gather eggs, and many other things. I love to ride the horses.

When I grow up I hope to have a farm in Kent county, Md.
