Rotating crops . . . and money

You don't have to be a farmer to know that crop rotation improves the soil. But you may not know about another kind of "rotation" . . . one that helps keep this state prosperous. This is "money rotation." For instance, the money you pay in telephone bills. A large part of it goes to pay telephone men and women, who spend most of the money right in the neighborhood. Chances are, in one way or another, some of the money comes back to you. So, you see, a healthy, growing telephone company means not only good telephone service, but more prosperity for the community.

You can't keep a good deed down

When you stop to think about it, favors you do for others often do more for you. Just to show you what we mean, take the telephone party line. When you treat a neighbor with courtesy and consideration, he's quite likely to return favor for favor. And what happens? *You* get better service . . . and so does everybody on the line. No doubt about it . . . telephone courtesy is catching, and it helps party line users get more for their telephone dollar.

Presenting the mighty aristocrat of light-duty trucks—

the 1954 GMC

HERE is the most extraordinary light-duty truck ever built.

It has the smart styling of a fine passenger car—a sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—luxury features that will make you proud to be seen in it.

And it has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating.

The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's capacious model. Its tail gate is grain-tight—and *sand*-tight.

And—a truck feature pioneered by GMC—it offers the driversaving, moneysaving advantages of Truck Hydra-Matic Drive*.

One final and surprising point. The *price* of the GMC, value for value, *is unsurpassed anywhere on the truck market.*

That's the story. The next move is yours. Come in and see "the world's most modern truck." And—*make it soon.*

*Optional at extra cost
