County Dispensaries List High Profits

The Liquor Control Board for Queen Anne's County has turned over $44,000 to the county commissioners, as profits from the two liquor dispensaries in the county for last year.

Except for the war years, this was the highest amount ever turned over to the county.

The Kent Narrows store reported $24,000 in profits, and the Centreville dispensary had $20,000 check made out to the county. This is $14,000 more than was made in 1951 when the board tunred over $30,000 to the county from both stores.

Although laws passed at the recent General Assembly abolish the dispensary system and the liquor Control Board in this county, it will operate until April 30, 1954. As of June 1, 1953, liquor licenses may be obtained by private stores for a License Commission has been appointed to pass on permits for alcoholic beverage licenses.

The records show that in the last four years ,the Liquor ControlBoard turned over to the county commissioners $123,000 in profits from the two dispensaries.

The new board which took over this week has John Moffett, Centreville, as chairman, succeeding Percy E. Thomas, Chester. Herbert Bowers is treasurer and the other two members are Frank Taylor and Edgar E. Walls, Sr.

From where I sit ... by Joe Marsh

A Little Headwork Saves a Lot of Footwork

"I don't ever aim to give up fishing," Pappy Hayes said one day— "but the older I get the less I like hiking over to Pike's Creek. Guess I'll have to bring the fish nearer to me."

So Pappy got his nephew to bulldoze down about three acres of bottom land. Then he dammed up the little stream there.

He wrote the U. S. Fish and Wildlife Service, in Washington, and got some "blue gills" and bass to stock it—free. Pappy's idea wound up giving him (and us) just about the best fishing pond in the county . . . right in his own back yard.

From where I sit, Pappy may be older than some of us but his mind is active—and open. He's ready to listen to anybody with an idea. That's why he and I can talk on any subject—sometimes about his preference for buttermilk and mine for beer. And though we disagree, we respect each other's opinion. That's neighborliness without a "catch" to it.
