For Monday and Tuesday evenings the New Lyceum screen will be enlivened with a film and a star ranked high in the list of this season's hits. "The Pursuit of Happiness" is the picture and its cast is headed by that personable young Austrian, Francis Lederer, whose stage performances in New York have already won for him much acclaim.

"The Pursuit of Happiness" is a story of the American Revolution, a vivid, realistic portrayal of colonial times intermingled with historical presentments of the gaining of American Independence. Lederer, as one of the Hessians hired by George III, comes to America but deserts when he learns that Gen. Washington offers "life, liberty and the pursuit of individual happiness" to all who join the colonial forces. Lederer joins the colonials, finds love with a Connecticutt maiden, and their struggle to unite in marriage furnishes the romantic plot for the film. You will find "The Pursuit of Happiness" pleasant, and Lederer will be still another favorite in your book of stars.

For Friday and Saturday two features have been scheduled for the New Lyceum Theatre. "Menace", is an all-star thriller which brings a gripping story of gangland and kidnapping, while the other feature will be a western film with one of the leading players.

For Wednesday and Thursday Warner Baxter comes to the screen of the New Lyceum Theatre in "Hell in the Heavens," the featured attraction. This film is a tale of aviation during the war, a story with a different twist and one that presents thrillingly many duels of the flying aces.

Baxter, as commander of a squadron at the front, finds himself pitted against the Germans' ace of aces, and there ensues many furious fights between the two squadrons. A duel between the two commanders provides the heart-stirring climax for the film, while Conchita Montenegro brings a bit of romance in her scenes with Bakter. Herbert Mundin and Andy Devine are also in the cast.

There is another attraction booked for these evenings which should be of interest to theatre-goers. Manager Russell has been successful in obtaining "La Cucaracha" as a special feature for Wednesday and Thursday. This film, a two-reeler in technicolor, has been acclaimed as the greatest development in talking pictures within the past five years, and its gay and lilting music, running along with its tinted loveliness which rivals nature, will hold your attention. "La Cucaracha" is a musical of Old Mexico, and its songs and dances reflect the gay spirit of that romantic land.

BIG HITS SCHEDULED FOR AN EARLY SHOWING HERE

Manager Emerson Russell has announced the titles to some outstanding films which he has booked for early showings at the New Lyceum Theatre. Among them are George M. Cohan, in "Gambling;" "College Rythm" with Joe Penner, Jack Oakie and Lanny Ross; "Music In the Air," with Gloria Swanson and John Boles; "Ann of Green Gables," with Ann Shirley; Katherine Hepburn in "The Little Minister;" Shirley Temple in "Bright Eyes;" and Bing Crosby and Kitty Carlisle in "Here Is My Heart."

Letters To The Editor

To The Editors of
The KENT NEWS.
Dear Sirs:

Since the American Legion and the Veteran's of Foreign Wars, in their respective conventions, went on record in favor of the payment of the Soldiers' Bonus, and since there are many arguments concerning this long-fought issue, I wish to bring to the attention of the public through the valuable columns of your newspaper pertinent reasons as to why the Veterans should be paid their bonus.

Back in 1917-1918 our millions of fine young American manhood engaged in the great World war, by order of President Woodrow Wilson, to make America safe for Democracy, and to bring peace to a world torn with much strife and destruction. These brave soldiers faced the situation with all the patriotism and and courage they possessed, and many of them made the supreme sacrifice, giving their precious lives for the just cause of humanity. Many were wounded in battle, and these wounds and shattered health will remain with them all the days of their natural lives. Yes, they made America safe for Democracy. In 1925 which was seven years after the close of the World War, the congress of the United States of America finally decided and voted in favor of allowing each war veteran the "just back pay and compensation" due the veterans who had served in any capacity in the World war. Some call the settlement a "bonus," while they should call it as it is, an adjusted service certificate of settlement, wherein this government was and is due the services rendered just as this government has long since paid over millions and billions of dollars in cash to war contractors, profiteers, and others who never saw one moments misery in the hell of war as did the Doughboys.

These fine young men, during the war, not only gave their time to their government but also carried life insurance, and paid for it. They also bought Liberty Bonds and paid for them monthly out of their little thirty dollars a month.

The distribution of the Soldiers' Bonus would create new purchasing power in every nook and corner of the nation without delay, graft or favoritism. This question is not only one of interest to the veterans, but a measure which the general American public should recognize as having enormous possibilities for the helping of everyone, through the additional funds which it would turn loose upon the land. Additional arguments and facts in reference to this issue have been gathered by me from many sources, and I would appreciate the opportunity next week to submit another letter for the consideraiton of your readers.

Motto: "Service For Others"

To those we stand ready and willing to serve. We have a problem which you can help us to solve. The problem of reducing the number of chimney fires, and also of preventing fires of any nature. A survey has shown that most fires have been caused by the carelessness or neglect to clean chimneys or to remove anything that is inflammable which might cause a fire.

We are asking you to cooperate with us by answering all of the questions on the coupon below and forward same to your local Fire Company at an early date. The fire company has men, who for a reasonable fee, will clean and inspect your chimneys. If you desire the services of these men, get in touch with the President or Chief of your local Fire Company. Trusting that you will give this your earnest cooperation, we are, Yours to serve,
