Presenting the mighty aristocrat of light-duty trucks—

the 1954 GMC

HERE is the most extraordinary light-duty truck ever built.

It has the smart styling of a fine passenger car—a sweeping grille of modern design—a panoramic one-piece windshield—two-tone interiors with harmonizing upholstery—luxury features that will make you proud to be seen in it.

And it has a whopping 125-horsepower engine—more powerful than many trucks with a two-ton rating.

The Pickup—one of 19 models—has a box that holds up to 11 more cubic feet than last year's capacious model. Its tail gate is grain-tight—and *sand*-tight.

And—a truck feature pioneered by GMC—it offers the driversaving, moneysaving advantages of Truck Hydra-Matic Drive*.

One final and surprising point. The *price* of the GMC, value for value, *is unsurpassed anywhere on the truck market.*

That's the story. The next move is yours. Come in and see "the world's most modern truck." And—*make it soon.*

*Optional at extra cost
