Saves . . . and saves . . . and saves

It's probably happened to you a lot of times. You've gone into town, or to visit a friend—perhaps at a considerable distance—and returned all the way home before you remembered something you wanted to buy, or a message you wanted to deliver. That's when you're really thankful for a telephone, a real time, step and money saver. In fact, if you stopped to add up all it saves you, you'd probably say, like so many others, "My telephone is worth more to me than it costs."

Pitching in on a picnic

One of the nicest things about living in a small town or in the country is that picnics are so easy to have. You simply call up your friends—Sally brings the potato salad, Edna bakes a cake, Johnny takes care of the stove equipment, and you're off for a grand time. When you think of it, though, it's sharing the work that makes it so much fun. Just like on the party line. When everyone shares and shares alike, service is so much better, more useful for all.

A Hydra-Matic GMC pays you back 6 ways

SURE, GMC's Truck Hydra-Matic Drive costs extra on some light-duty models. *But man—how it pays you back!*

You save gasoline—because GMC Hydra-Matic cuts the high consumption of fuel in stop-go use.

You save tires—because GMC Hydra-Matic's velvet-smooth getaways prolong tire life—*by as much as three times in some operations.*

You save maintenance—because GMC Hydra-Matic ends all clutch costs—prevents shock-loading damage.

You save time—because at every start, GMC Hydra-Matic ends shifting lags, gets up to road speed quicker.

You save yourself—because GMC Hydra-Matic frees you of all clutching and shifting chores. And being fresher, more alert, you're quicker to avoid hazards that could be costly.

You save at trade-in time—because a Hydra-Matic GMC will rate a higher price than old-type hand-shifted trucks.

Are you a shrewd buyer? Then drop in at our showroom. We'll *prove* that a Hydra-Matic GMC is your best truck investment.

Get a modern truck!
