The Republican Citizen.

THE COST OF THE INCOME TAX.—The records show that over eighty thousand men are employed in the collection of the income tax They are chosen, not on account of their fitness for the position they are called upon to fill, but solely on account of their political relations to some Radical Congressman or other officials. Many of them are destitute of business talent, not a few lack honesty, and multitudes of them are mere bummers and brawling pot-house politicians. To keep up this vast army of officials costs the tax-payers many millions of dollars every year, in one way and another. The Revenue Department has been converted into an asylum, where many of the worst men belonging to the Republican party are pensioned off and supported at the public expense. The masses of that party can not be so completely blinded by prejudice as not to see the evils which exist, and we are sure that thousands of them will gladly vote to remedy the abuses which affect all classes of the community alike. We trust the feeling may increase until the tax, and the party who imposed it and retains it for party purposes, are all swept from existence.—*Allentown Democrat.*

In some places in Ohio nearly the entire Internal Revenue collections are necessary to pay the officers their salaries and fees, so that the tax is really kept up to feed a host of hungry officials and not for the benefit of the treasury. The Democratic idea is to have the State assume the tax and have it collected by its State and county officials, thus saving a large amount and doing away with an army of officers.

Sinking Slowly.

Diseases that progress rapidly to a crisis are not the only ones to be dreaded. Canker or dry rot does not blast a tree as suddenly as a stroke of lightning, but unless arrested, it destroys it as certainly, and in like manner chronic debility, although it does not kill with the swiftness of yellow fever, is as sure to sap the springs of life eventually as any acute disease, if not checked by invigorating medication. There is something inexpressibly touching in the spectacle of premature decay. Languor, pallor, emaciation, depression of spirits, and a distaste for exertion, are its ordinary symptoms, and they should be promptly met by tonic treatment. The best invigorant and exhilarant that can be administered in a case of this kind is Hostetter Stomach Bitters. The stimulating principle of the preparation rouses the dormant energies of the system, and the strengthening and regulating properties give a permanent and healthful impulse to the vital forces thus brought into play. The failing appetite is re-awakened, the process of digestion and assimilation are quickened, the quality of the blood is improved, the secretions become more natural, and every organ that contributes to the nourishment of the body undergoes salutary change. By these means the repair of the phisical structure is effected and its health and vigor restored. In no class of diseases has the benificent operation of the Bitters been more marked and striking than in those characterized by general debility and nervous prostration. Ladies affected with these ailments find in this most wholesome of all tonics and correctives the safest and surest means of relief. It is strong to restore and powerless to injure. Such is the uniform testimony of "clouds of witnesses."

Lime! Lime! Lime.

I beg leave very respectfully to state to my friends and the public generally, that having resumed the manufacture of Lime, I am prepared to furnish a first quality of Lime for building and agricultural purposes, at my Kilns, one mile from the city, where I can at all times be found willing and glad to wait upon all who may feel disposed to encourage me with at least a part of their patronage.

In view of the incapacity of the few petty Kilns in blast, to supply the public with lime, during my temporary suspense, it cannot but be apparent to all men of business, that since I am the largest manufacturer, this early resumption of mine can alone elevate the purchaser to independance by guaranteeing to them a sufficient supply of lime as well as a permanent price.

William Graham, vs. George Kuhn, Harriet Kuhn and others.	No. 3573 EQUITY. In the Circuit Court for Frederick County, in Equity.

The object of this suit is to procure a Decree for a sale of certain mortgage premises in Frederick county, which were on the eighth day of December, eighteen hundred and sixty-nine, mortgaged by William Kuhn, late of Frederick county, deceased, to the complainant.

The bill states that a certain William Kuhn, now deceased, in his lifetime by his single bill dated on the 8th day of December, 1869, was indebted to William Graham in the sum of one hundred dollars, with interest from date, and that to secure the payment of said single bill the said William Kuhn executed his mortgage on the Lot situate on First street, in the town of Berlin, in Frederick county, State of Maryland.

The bill further states that William Kuhn died sometime during the month of June or July, 1870, unmarried and without issue, and intestate as to his real estate, which real estate descended to his brother and sisters, and to the children of deceased brothers and sisters, viz:

1. George Kuhn, only child of Christian Kuhn, a deceased brother of intestate
2. To Napoleon Kuhn, only child of John Kuhn, a deceased brother of intestate.
3. To Peter Kuhn, a brother who resided in Ohio, whether living or dead, or if dead whether he left issue or not is unknown.
4. Jacob Kuhn, a brother of intestate.
5. Frank Kuhn, a brother, formerly a resident of the State of Florida, and whether living or dead is unknown, not having been heard of for twenty years.
6. Elizabeth Winter, a sister, now the wife of Jacob Winter.
7. Harriet Kuhn.

The bill further states that the said sum of one hundred dollars is still due, owing and unpaid by said William Kuhn in his lifetime, or by any other person in his behalf since his death, although the time for the payment thereof has elapsed, and that Peter Kuhn or his unknown heirs, Frank Kuhn, Jacob Kuhn, Elizabeth Winter and Jacob Winter her husband, and are non residents of the State of Maryland.

It is thereupon this 19th day of July in the year eighteen hundred and seventy, ordered that the complainant by causing a copy of this order to be inserted in some newspaper published in Frederick once a week for four successive weeks before the twenty-fifth day of August, 1870, give notice to the said absent defendants of the object and substance of this bill, and warn them to appear in this Court in person or by solicitor, on or before the twenty eighth day of November, 1870, to answer the premises and show cause if any they have, why a decree ought not to pass as prayed.

ACHILLES BALLARD'S
CHAMPION SHOE,

Pattened May 29th, 1866, designed especially for Farmers, Mechanics and Laborers' use.

No more Lacing or Breaking of Laces.

Here we have reached the great desideratum—a Shoe doing away entirely with lacing, made so as to be absolutely secure against ripping, and with seams at such points as can never hurt the feet; formed precisely on the same principle as the ordinary boot, and needing only to be closed at the top by a simple Buckle and Strap, thereby saving time, trouble and vexation. Go and see them. For sale only by
