Centreville Police Sift Clues in $255 Theft at Smithy Inn

Local authorities continued to sift through meager clues Wednesday in an effort to run down the thief or thieves that made off with $255 in cash from a beer tavern in Centreville last week.

It was one of the biggest hauls in Centreville in a number of years and took place sometime Wednesday nigh or early Thursday morning of last week at the Village Smithy Inn at the Centreville Wharf.

Robert Yates, owner, told state police and Centreville Town officers that his wife, Irene, discovered the theft Thursday afternoon.

The burglars gained entrance by prying off the screen from a rear window, went to a wooden cabinet beneath the counter and walked off with three boxes containing an estimated $255 in pennies, nickels, quarters and bills. There was nothing else disturbed.

Town Officer Linwood Moore said that two suspects had been questioned and released. State Trooper First Class C.A. Kirpatrick is assisting Officer Moore on the case.

The Village Smithy Inn was once a blacksmith's shop and stands off the highway near the road leading to Pineer point Farms.

Float Jibes Shore Recount At Church Hill Carnival

The top-prize winning float in the annual Comic Parade of the Church Hill Fire Company carnival, depicted the recount of votes now going on in Queen Anne's County, between Dr. H.C. Byrd and Gorge P. Mahoney, Democratic gubernatorial candidates.

The float, from Price, showed Jeff Leonard and Gordon Walls, as Byrd and Mahoney siting on the rear of the float intently watching a table around which sat two men and two girls counting the ballots. On the table was a large box marked "Rejected Ballots" and a smaller box marked "Good Ballots."

A large crowd witnessed the parade and judges awarded other cash prizes.

What's New with Cows?

Catching up on my reading, I noticed three news items you might like to know about.

First, a farmer whose milk had a trace of garlic flavor is feeding his cows chlorophyll to sweeten their breaths.

Next, a college agricultural station has trained a herd to get milked when they are called by number. Seems 75 out of 80 cows learned their numbers in a few days. Guess the "dumb" five couldn't count that high. Final item—cows are getting "nose-printed" for identification.

From where I sit, I hope there is as much progress being made with humans . . . especially in regard to tolerance. Whether it's a choice of a political party, a basketball team, or a favorite beverage, let's learn to live and let live more. You may ask for a soft drink after a hard day's work—I'll choose a refreshing glass of beer. But let's not try to "cow" the other fellow into our way of thinking!

Why GMC's make other trucks out of date

The GMC light-duty truck **does more** because it has, as standard equipment, a full 125-horsepower engine—the most powerful 6 in its class.

The GMC light-duty truck **saves more** because its Truck Hydra-Matic Drive* ends repairs caused by shock-loading strains—ends all clutch costs—uses less gas—spares the tires.

The Hydra-Matic GMC light-duty truck **performs better** because it always is in the correct gear for the need—*regardless.*

The Hydra-Matic GMC light-duty truck **handles easier** because you never have to shove a clutch or shift a gear.

The GMC light-duty **commands respect** with its dashing smartness—its look of quality—its spacious luxury cab, that make you and your wife proud to take it anywhere.

The GMC light-duty truck costs less to own—less to run—than old-style trucks. Come in and we'll demonstrate it!
