And the amazing endurance records the "Caterpillar" Tractor is establishing, the world over, are spectacular evidence that this tractor is built to stay at work — through the heaviest working schedules you have — year after year.

Does it Save Back-Ache?

Just get in the "Caterpillar" Tractor's deep-cushioned seat — and drive it awhile! Note that it has an upholstered back-rest, and a place to put your arms. And note how easily this tractor steers—levers handy to reach and easy to operate, too!
