How Would You Like To LOSE 15 lbs. of FAT?

How would you like to safely lose some of that ugly fat in a few weeks without risky drugs or inconvenience? How would you like to lose your double chin, bulging stomach and hips AND along with it regain your natural charm and attractiveness.

Weigh yourself today. Get a bottle of Kruschen Salts (a famous English formula). Then every morning before breakfast take one half teaspoonful in a glass of water—eat wisely—cut out fatty meats, butter, cream and rich pastries—go light on white bread and potatoes.

After 4 weeks weigh yourself again and just see if you haven't lost pounds of ugly fat and gained that "Kruschen Feeling" of greater vivacity, more energy and improved health that so often accompany fat reduction.

REFUSE IMITATIONS! Demand and get only the genuine Kruschen (the famous English formula) plain or new effervescent, pleasant, sparkling. Bottle lasts 4 weeks and costs but a trifle. Any druggist.

PERHAPS SODA POP SHOULD BE "SWEET"

but never beer

Soda Pop is fine for those who enjoy sweet-tasting drinks. But anyone who enjoys truly fine beer knows that any trace of sweetness in beer takes away from the true flavor...leaves an after-taste that covers up the natural beer-i-ness.

REAL BEER drinkers who like their beer *right* say there's no beer like dry beer. And they order Gunther's because it hasn't the after-taste of "sweet" type beers.

Gunther's is brewed a special way. Extra hops, together with the finest of ingredients...aged for months on end to full maturity...combine to give Gunther's a lighter, drier flavor...free from the after-taste of "sweet" type beers.

Yes, this special way of making Gunther's DRY is costly. But the protective dry quality of Gunther's is making 1941 our most successful year since repeal.

Taste a glass of Gunther's today. See how much smoother it goes down...how much more satisfying it is...and what a wonderful thirst-quencher! That clean fresh taste, that *absence* of *after-taste*, is the unique quality that has made this special dry lager so famous among bartenders, international beer experts and regular everyday beer drinkers!
