UP AND DOWN THE Eastern Shore

Riddles Offer Cup

Berlin—The golden cup which Man-O'-War, immortal thoroughbred, won in the international match race with Sir Barton in Canada in 1920 has been presented by Mrs. Samuel D. Riddle to the Saratoga (N. Y.) Association as a permanent trophy for the Travers Stakes, considered the Mid-Summer Derby at Saratoga Springs because of its rich purse. Mr. and Mrs. Riddle have a farm near here where Man-O'-War once trained.

Billiard Star Missing

Bozman—Mrs. Amelia Greenleaf asked New York police last Friday to send out a nation-wide teletype alarm over Station WNYC to aid in locating her husband, Ralph Greenleaf, many times world's pocket billiard champion, whom she said had been missing since December. Mrs. Greenleaf remained at their farm near here until last month when she went to New York to head the search.

Judge Piles It On

North East—What is believed to be the stiffest penalty for motor vehicle violations ever imposed on the Eastern Shore was meted out here to Chester A. Russell, of Elkton, by Magistrate George C. Rawson. Fines totaling $1,450 and two years in the House of Correction were hung on Russell because, the magistrate said, he had been repeatedly fined on similar offenses. Items: $1,000 for driving after license had been refused, $250 drunken driving, and $100 each for reckless driving, and using plates issued to another vehicle. Russell took an appeal.

Farmer Sues Neighbors

Snow Hill—Claiming his neighbors "prosecuted him maliciously," Frankie Sylvestiano, Italian-American farmer of Parkertown, has filed preliminary papers in a $10,000 suit for damages. In June, 1935, Sylvestiano was jailed for a year for assault upon Mrs. John J. Hadder with a shotgun. Later he went to jail rather than furnish a $900 peace bond. Released upon promises to stay in Baltimore for a year, Frankie returned to the fray.

Tri-State Launched

Salisbury—A crowd of 300 watched the 112-ft. freighter "Tri-State" slide down the ways into the Wicomico river after the daughter-in-law of the owner, W. E. Valliant, broke a bottle of champagne on the vessel's bow. The Tri-State, with a maximum of 275 tons and Diesel driven, will be used in bay and coastwise trade with Laurel her home port.

Mixed Geography

Chestertown—None too familiar with the Chesapeake Bay country, Rotary Governor Ward O. Wilson, of Clearfield, Pa., phoned the Chestertown Rotary Club to hold up a few minutes—he would be there. He was in Baltimore and thought the trip to Tolchester would be a 20-minute affair. P. S. He will re-examine Maryland geography and visit the club later.

Miss Shore is Miss Maryland

Ocean City—Miss Ethel Holland, 18-year-old daughter of Mr. and Mrs. James Holland, of Berlin, after forging through the preliminaries to be named "Miss Eastern Shore" in the beauty contest sponsored by the local Chamber of Commerce, went on to become "Miss Maryland" and will represent the state in the national finals at Atlantic City.

Famed Engineer Dies

Cambridge—Hugh DeValin Patterson, whose career as an electrical engineer included assignments in the elimination of the smoke nuisance in Chicago, electrification of the warships constituting the "White Fleet" before its voyage to the Pacific, the Philadelphia-Atlantic City branch of the Pennsylvania Railroad, and electrification of the Virginian Railroad through the coal fields of West Virginia, died in New York city after an operation. He was 64 and a brother of former Chief Judge John R. Patterson.

Straw Vote Exhortation

Easton—Setting forth that the forthcoming presidential straw vote being sponsored by the Baltimore Sunpapers will be used for campaign propaganda, the Easton Star-Democrat devoted its editorial space last week to a ringing call to the voters to "register his or her preference . . . with the same degree of honesty of purpose that we would show in casting our vote for the election of a President on next November 3."

Notes on Nature

Rock Hall—Kent County commentators on nature said the hot weather, bringing thoughts of the tropics, accounted for a barred rock hen, owned by Mrs. Max Sniderman, laying an egg on which there was the design of a palm tree's trunk running from the bottom of the egg to the top, where leaves unfolded in an array of greenish blue bloom. Nearby there was additional cause for wonderment about nature when Charles Christ received an 147-pound watermelon from a friend in Arkansas and called in his neighbors to help eat it. Eastern Shore melons rarely run past 50 pounds.

Crab Dealers Fined

Deals Island—Charged with possession of undersized hard crabs, seafood dealers S. S. Webster, O. W. Abbott and James M. Graham each drew fines of $10 and costs from Magistrate R. Mark White. The law says hard crabs must be at least 5 inches from tip to tip of spines, peelers 3 inches, and soft crabs 3½ inches for commercial use.

Iron Workers Upped

Chesapeake City—Settlement of the strike which held up iron work on the St. George's bridge over the C. & D. canal has been announced. Demands of the workers for an increase from 90c to $1.10 an hour have been met by PWA Labor Relations Officer Forstburg. The strike started Aug. 1.

Salisbury "Remarkable"

Salisbury—No place in Maryland has had such an increase in postal receipts per capita as Salisbury, a safe index of growth and satisfactory business conditions. Fourth Assistant Postmaster General Smith W. Purdum told Salisburians last week as he passed through on his way to Easton to help dedicate the new postoffice in the latter town. Mr. Purdum termed Salisbury's growth "remarkable."

... Friends Everywhere

SEPTEMBER is the month when we strive to make NEW FRIENDS. Of course, we make new friends every day in the year, but September is FRIENDSHIP month at NEWNAM'S . . . when we devote our time and efforts in making new business acquaintances . . . by reducing our prices.

SEPTEMBER at Maurice E. Newnam's is a good month to purchase a memorial, not because you can save money, but because that is when our new shipments arrive from the quarries. Then someone might ask "why offer reductions on brand-new stock?" For the simple reason we want YOU as a FRIEND . . . and so we are willing to reduce our prices during September to build up a big party of friends.
