of 25c and more

The merchants of Centreville have every just right to make a bid for part of the purchases you will make this Christmas . . . First they have been planning and buying for months . . . preparing their stocks to bring you and yours happiness at Christmas. When they bought this merchandise they had you (who buy off and on throughout the year) in mind . . . believing that you would appreciate the care and thoughtfulness that went behind each piece of merchandise they bought. Some of the merchants made New York their market place . . . some went to Philadelphia . . . while others went to Baltimore . . . everything is fresh this season . . . The same identical articles which are to be found in the large city stores. So why isn't it fair to buy the items you desire from the man who places his services at your disposal every day for 52 weeks in the year . . . the man who cheerfully does his part to make our community a better place in which to live. On the following pages you will find their individual advertisements . . . read each one of them and then do your part by the man who does his part by you.
