LOCAL MATTERS.

WEDNESDAY, April 19, 1871.

☞ Our friends throughout the county are earnestly requested to furnish us with all items of local interest transpiring in their immediate neighborhoods.

IMPROVEMENTS.--A spacious and handsome stable is being erected by our friend Solomon T Wilson upon his hotel property in this town. When completed, it will be the finest building of the kind in the County, measuring 120 feet in length by 45 in width, and will accomodate 120 horses. Our enterprising fellow townsmen Wm. V. C. Rea & Brother are the builders, with a large force under them.

Mr Snow is building two comfortable tenement houses on High Street upon the property adjoining the residence of Josias S. Simmons Esq.,

Our friend Mr Clash has torn down the time *dis*-honored and well known store at the Cross Roads and is constructing a spacious edifice on its foundation.

So busy, indeed, are our carpenters at this time that we have tried in vain to procure the services of one in some necessary fencing down town.

THE HIGHLAND LIGHT.—Last week the Editor of this paper had occasion to run up to Denton, and it proved one of the pleasantest trips in his recollection.

The Choptank becomes very narrow shortly after passing Chancellors Point, and the land is almost within stones throw of the boat on either side. The banks become high and the water deep and bold, and we were surprised and and delighted to observe the scenery and evidences of prosperity and a high state of cultivation.

The wheat fields are green and beautiful, and generally enclosed with substantial plank fences, the houses large, handsome and surrounded with grass and shade trees, and the outbuildings commodious and in excellent repair.—Paint and white-wash are in plentiful use.

Not a little of our pleasure was owing to the excellent accommodations of the Steamer Highland Light, and to the politness of courteous and obliging officers. No one travelling on this Steamer, who like ourself is socially inclined, can ever suffer from *ennui* while Capt. Leonard and Mr. Brannd are on board prepared not only to perform their duties as officers of the boat, but also to render agreeable the time of their passengers; and then Mr. Johnson too, is always on board prepared to dispense comforts and refreshments with no unskilful hand, and in a manner which adds a zest to the same.

We were also so fortunate as to find on the Steamer our old friend Mr. Corner of this county, so long and favorably known on the Choptank river, and now the respected and beloved postmaster at Cornersville.

Altogether it was a day to be marked with a white stone in our recollection.

THE CIRCUIT COURT.—Our Circuit Court meets on monday the 24th of this mouth, and for the benefit of our readers we give below a corrected list of the Grand and Petit Jurors. The business of the Court will probably keep it in session for about two weeks.

Grand Jury.—Daniel J. Waddell, Wm. T. Ruark, Thos. Trice, Wm. B Beckwith, Henry C. Elliott, Sylvester H. Howeth, Thomas Vickers, Wm. W. Byrn, Willian Asplin, Wm. R. Hooper, Uriah Hurley, Stephen Andrews, Alfred Hurley, Wm. H. Mills, Jas. N. Wright, Henry Shenton, Jacob Rhodes, Jas. M. Norman, John F. Harper, Wm. Reagan, J. W. Crowell, Collins Vincent, Thos. A. Willis.

Petit Jury.—Samuel L. Payne, J. S. Nettleton, John E. Applegarth, Jas. P. Russell, Jas. T. Corner, Thos W. Smtth, Geo. L. Wiley, Levi Pagan, Joseph T. Davis, Jas. H. Lowe, Robert Spear, Seth B. Wheatley James Gore, Jonathan A McCready, Geo. E. C. Bell, John M. Willis, Thomas Seward of Thos., William Thomas, Minos H C. Wilson, Saml. Webster, Stephen B. Lecompte, Uriah Maguire, Thomas Keys.

BALL AT HAYWARD HALL.—The young gentlemen of Cambridge gave a ball at Hayward Hall, on Tuesday evening 11 inst, which was largely attended. After six or seven happy hours spent mostly in dancing, but partly in discoursing the handsome refreshments provided by the managers, and partly in flirtation, our young friends parted in high good humor at about half past three in the morning.

COUNTY COMMISSIONERS.--The board of County Commissioners will meet in Cambridge on Monday the 24th inst., and sit about ten days to attend to such business as may be brought before them.

ENNALL'S CAMP MEETING.—The 28th of of July is fixed as the day for opening the Camp Meeting at Ennall's Spring this season.

IT STAND TO REASON.—People will go where they buy the best goods for the least money, and in the clothing line they do that at Wanamaker & Brown's Oak Hall. It is no wonder then that Oak Hall is the business place in Philadelphia.

We are informed by the Internal Revenue Assessor, that all merchants who do not apply for license by the 24th of April, will find a penalty of 50 per cent attached to the proper tax in addition to prosecution in the United States court.

A little Rome (Ga)boy, aged fifteen, and a little Rome (Ga.) girl attemped to run away last week, in order to commit matrimony. They were overtaken at the depot by their respective domicils, spanked and put to bed This precocious couple had just thirty-four dollars and a half between them.

CUBA.—Desultory warfare still prevails in Cuba, without any results of importance.

"How much did he leave?" inquired a gentleman of a wag on learning the death of a wealthy citizen, "Everything," responded the wag; "he didn't take a dollar with him!"

To the Ladies.—A circular for married or single ladies, containing desirable information upon matters never before made public, mailed free. Those who wish to give it a careful perusal may address,

HELMBOLD'S COLUMN.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.
Allow me to call your attention to my
Preparation of Compound Extract Buchu.
The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo. Juniper Berries, by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,
With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years' Experience.

[From the Largest Manufacturing Chemist in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."
WILLIAM WEIGHTMAN,
Firm of Powers & Weightman,
Manufacturing Chemists,
Ninth and Brown Streets, Philadelphia.

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrur State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copaiva and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE —$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

Manhood:
How Lost, How Restored.

Just published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY, and FITS, induced by self-indulgence or sexual extravagance.

☞ Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically*.

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent, under seal, in a plain envelope, to any address, *postpaid*, on receipt six cents or two post stamps.

Also, Dr. Culverwell's 'Marriage Guide,' price 25 cents.

GREAT FORTUNES
AND HOW THEY WERE MADE. By J. D. McCABE, Jr. Profusely illustrated and beautifully bound. The most universally sought after book issued for years. It shows how a poor schoolmaster made $40,000,000; how a poor, half-blind sailor became a great banker, a butcher's apprentice the wealthiest man in America, an unknown mechanic a millionaire in seven years—with many more such examples; how energy, talent, and patient industry have always met with success when properly exerted; how money can be made honestly and without sacrifice of principle. The Mammoth Dent Corn.

FARMERS, LOOK TO YOUR INTERESTS!

THE BEST IS NEVER TOO GOOD.

CORN is second to no other product of the earth, yet there is less attention paid to its production than any other of the cereals. In corn that yields largely, there are three points to be observed, viz.: large ears; depth of grain; and well filled at both ends. Farmers can rest assured that the MAMMOTH DENT is far superior to all other corn in these respects. It has from twenty to forty rows to each ear, and will weigh sixty pounds to the bushel. It is the largest early field corn produced in America and will ripen in from ninety to one hundred days. It is acknowledged by all who have tried it, and they are numbered by the hundreds, to be the very best corn produced.

☞ In circumference of ear and depth of grain, it far surpasses any corn we ever saw.—N. Y. BEE JOURNAL.

Price, by mail: 2 pounds for one dollar, or six packages, to pounds each, five dollars. By express, one peck for $2.00; half bushel, $3.00; one bushel, $5.00; six bushels, $25. No corn sent C. O. D. Send in your orders at once as the demand is great, and much time will be required to fill the numerous orders.

No order filled for less than one dollar.

Send stamp for circular giving full description of the corn and other choice seeds, also, fancy poultry, &c. Address
