LOCAL & PERSONAL.

WEDNESDAY,.....Jan. 31, 1872.

CHOPTANK FISHERIES.—Petitions are in circulation for their protection.

The Internal Harbor Granary is at last completed.

FEDERALSBURG.—Another meeting of those interested in manufactures is called to assemble at Federalsburg on Saturday next. Push on the good work.

We are indebted to the Hon. Geo. Vickers for a copy of his exceedingly able speech upon the Amnesty Bill delivered in the Senate on the 15th instant.

MARYLAND LEGISLATURE.—A bill has been introduced by Dr. W. A Smith to incorporate the Bethlehem M. E. Church South, on Taylor's Island.

☞ Call at Wm. C Littleton & Son's clothing emporium, and get a bargain. They are selling off their Fall & Winter Stock at almost nominal prices

HOW ABOUT THAT TOWN TAX?—Have the Commissioners of Cambridge yet taken steps to compel the late bailiff to finish up his collections under the last levy? Until this is done, the present levy will be felt as a grievance and a sore.

HOME MANUFACTURES.—We hear that Mr. Wm. C. Logan of Federalsburg is manufacturing brooms of fine quality and can supply any of our merchants who need a stock of that useful household implement. Do not forget it.

CHANGE OF ROUTE.—The steamer Highland Light will hereafter leave Baltimore at 7 o'clock every Wednesday and Saturday morning for Cambridge, Oxford and Easton, returning on Mondays and Thursdays, leaving at 7 o'clock A. M.

THE INTERNAL HARBOR.—Col. Craighill, the gentlemanly and accomplished Officer of Engineers, who superintended the operations in the Cambridge Internal Harbor last Summer, has in his report upon the harbor of the Chesapeake Bay and its tributaries recommended an additional appropriation of $20,000 by Congress to complete the work so happily begun under his auspices in our town. We respectfully urge upon our representatives in Congress, that they will act vigorously upon his recommendation, and push the matter through at the present session.

THE OYSTER LAW—We happen to be lawyers as well as editors, and in as much as we hear, that there is an impression obtaining ground in the neighborhood of Fishing Bay, that there is no penalty attached to scooping and dredging oysters without the given limits, we take occasion to warn all concerned that it is a grave error, as they will find, who violate the law and happen to get caught. Upon proof of a violation they will be fined not less than $50, nor more than $500, and costs. Without expressing an opinion as to its merits, we state what the law is, for the benefit of all interested.

NEW ASSESSMENT.—A bill has been introduced in the House of Delegates to authorize the County Commissioners of Dorchester County to re-assess the real estate of Vachel Keene Esq.—The assessment of 1866 was made when money was comparatively inflated and land high, and is in almost ludicrous contrast to the present market value of real estate. All farmers complain of their high assessment, and we submit that the bill ought to be *general* in its nature, or that no inequality between citizens should be established. Let the Commissioners have power to hear and decide upon all cases wherein parties think themselves aggrieved. That will be both right and expedient.

THE MURDER TRIAL.—On Wednesday the 24th inst. the case of Alfred Riley Jones, Basil Bramble and William Bowley, (the latter colored,) citizens of our county, indicted for the murder of John B. Dobson, colored, on the 2nd of November, came up in the Criminal Court of Baltimore city, and after the testimony of a number of witnesses had been taken, the State's Attorney abandoned his case against Bramble and Bowley and directed the jury to find them "not guilty" which was of course done. The trial of Jones went on and on Thursday resulted in a verdict of "not guilty," the jury not leaving their box.

GONE TO EUROPE.—The advanced ritualistic Episcopal clergyman in New York known as "Father" Bradley, formally joined the Roman Catholic communion on Saturday the 25th instant.

☞ Pomeroy's *Democrat* humorously says: "Grant for President and Tweed for Vice President. The one giveth and the other taketh away.—Blessed be their names!"

The Secretary of War has asked Congress to appropriate $42,000 to complete the marble statue of Lieutenant General Winfield Scott.

Book Notices.

Godey's Lady's Book for February, 1872.—The illustrations of the February number consist of two Valentine plates, a handsome fashion-plate, an alphabet of interlaced letters, a large presentation sheet of braiding patterns, and the second of the series of Miss Lolipop's Party.

In the work department the usual variety of designs for fancy work occupy a large space.

Brilliant and entertaining reading matter, by popular authors, combine to make this a spirited number.

The following is taken from the editorial columns of the LAD'S BOOK the present month:—

Take your own Home Paper.

"What tells us so readily the standard of a town or city as the appearance of its paper? And its youth or its age can as well be determined by the observing as by a personal notice. The enterprise of its citizens is depicted by its advertisements, their liberality by the looks of the paper. Some papers show a good, solid, healthy foundation, plethoric purses, and a well-to-do appearance generally; others show a striving to contend with the grasping thousands around them, trying hard to wrench out an existence from the close-fisted community around them. An occasional meteoric display in its columns of telegraph or local or of editorials, show what it can do if it had the means, but it cannot continue in the expensive work until support comes, which ought to be readily granted. A newspaper is like a church; it wants fostering in the commencement, and for a few years; then, as a general thing, it can walk alone, and reflect credit upon its location. Take your home paper; it gives you more news of immediate interest than New York or other papers; it talks for you when other localities belie you; it stands up for your rights; you always have a champion in your home paper, and those who stand up for you should certainly be well sustained. Your interests are kindred and equal, and you must raise or fall together. Therefore, it is your interest to support your home paper; not grudgingly, but in a liberal spirit; as a pleasure, not as a disagreeable duty; but as an investment that will amply pay the expenditure."

DEMOREST'S YOUNG AMERICA for February will no doubt be welcomed by our Juveniles after the holidays; it has always something new, entertaining and useful—Minnie "Going to School" and the first chapters of a new story by May Mannering, entitled "Just My Luck;" the absorbing story of "Minnie and Kitty" is concluded. It is one of the very best ever put in print for juveniles, and even adults can be instructed by its perusal. We see another serial is promised from the pen of the same author, to commence next month. "Alf and Eddie" is a charming story for the season; this makes less than half the contents, which is so varied and entertaining, we advise you to get it if you have not already subscribed. Published by W. Jennings Demorest, 837 Broadway, N. Y.

DEMOREST'S MONTHLY MAGAZINE for February contains its usual abundant and varied amount of good things for a family magazine. We mention in particular new music, the Highland Lancers; Poetry, Winter Winds; Marrying for Money; A Woman's Poem; Mother and Child, etc; an Excellent Story, The Professor's Wife; Jennie June's second article on The Physical Life of Women, "What Education does for Girls" and other articles; full record of the Fashions and new designs for ladies and children, profusely Illustrated, Ladies' Club, Household, Music, Drama, Literary and Art, etc., etc. $3 yearly. Published by W. Jennings Demorest, 838 Broadway, N. Y.

THE PHRENOLOGICAL JOURNAL has begun the year well. In no other periodical do we find human nature so thoroughly treated. We always see something in it which instructs us, something which entertains and something amusing. It is a capital family magazine. In the February number we find illustrated articles, and sketches on the following:—James Denoon Reymert, the eminent Norwego-American; How the Faculties Combine; Protoplasm, or the Mystery of Physical Life; Expression—its Anatomy and Philosophy; Conjugal Psychology; Joshua Watson, the Philanthropic Churchman; "Follow your Nose," or, How the Nose indicates character; Rheumatism, its Causes and Cure; GREAT CRIMINALS; Plain Penmanship; Pre-Adamites Found in the Bible, a new reading of Genesis; Governor Washburn of Massachusetts; A Marvelous Conjurer; Pickles, etc. Price 30 cents, single Nos.; $3 a year. S. R. Wells, New York.

BUSINESS LOCALS.

NOTICE EXTRAORDINARY.—Wm. C Littleton & Son are selling off their Fall and Winter stock of goods at prices astonishingly low, in order to prepare for the Spring season. Now is the time for prudent men to make a good bargain. Call and see.

Who wants a suit of good clothing, made up in the latest style, with expedition, and at as cheap rates as can be found in Dorchester County? Who wants any repairing, scouring &c, done cheaply and at once? He has only to call on SAM. R. PENNINGTON at his place of business on Poplar St., and his wishes will receive immediate attention.

If you want a suit of well made clothing, or wish any repairing or scouring done in the clothing line, call on I. N. Elston, High St. Cambridge.

BRANDING COUNTERFEIT NOTES.—The bill of Representative Monroe, of Ohio, requiring officers of national banks to brand all counterfeit United States or national bank notes whenever they are offered, and also in a similar manner to brand altered or spurious notes or currency, was agreed upon by the banking and currency committee on the 23d inst., and the chairman was authorized to report it.

UPWARD of *Forty Thousand* bottles of Nature's Hair Restorative were sold from Jan. 1st to June 1st, which fact tells its own story. Its so clean, and looks so nice that the ladies are all delighted with it. See advertisement.
