DENTON, MARYLAND,

THURSDAY MORNING, APRIL 16, 1903.

OUR esteemed contemporary, the Journal, surely has forgotten the Democratic scheme of working the public roads by contract. The County Commissioners should be reminded that the proper (?) way to work the roads is by contract. That was the issue on which the Democratic members made their campaign

THE Baltimore primaries of last week show that the people of Baltimore again have the Rasin ring of Democrats to fight. In spite of the strength of Mayor Hayes and the respectable Democrats of the city, the same old combination is again in the saddle and there will be a hard fight to keep them out of office after spoils and enter the campaign with keenly whetted appetites, after several years of waiting.

THE opponents of Senator McComas claim to see trouble ahead for the Senator in the election of Wachter in the Baltimore primaries last week. Wachter's victory over Platt shows, at least, that he is a strong canditate, and with the support of the combination which is said to have been against him in the primaries,—which, if it has the interest of the party at heart, should support him—he should be able to win in the election. The primaries should settle all factional fights in the party, or there is little hope of success.

THE BALTIMORE NEWS is authority for the following: "A powerful combination has been formed against Senator McComas, and his chances of re-election are not of the brightest. The combination, it is asserted, includes former Governor Lloyd Lowndes, Congressmen Mudd, Jackson and Wachter, and former Postmaster-General James A. Gary. Congressman Jackson represents the Eastern Shore; Congressman Mudd, Southern Maryland; Ex Governor Lowndes, Western Maryland, and Mr. Gary and Mr. Wachter, Central Maryland and Baltimore City. Former Senator Wellington will also cast his influence against Mr. McComas."

THERE seems to be "nothing doing" comparatively, in politics in the county. The only office about which any remarks are heard is that of Clerk of the Court. Two men, Messrs. George T. Redden and Thos. L. Day, are mentioned in connection with the Democratic end of it, and Ex-Senator Robert M. Messick is mentioned by Republicans who want to talk politics. The candidates from Pinetown, however, will make their appearance later in the season and both parties will probably have more candidates than they will be able to accommodate. There has been some Democratic sheriffalty timber growing in the Eighth district for sometime.

THERE seems to be quite a number of persons who are taking an interest in the building of the new jail, who are of the opinion that it should not be built on the court house square. A prominent taxpayer, who has an eye for the beautiful in nature, suggests that the proper place for the new building is on the corner of Gay and 1st streets, fronting on both streets, thus leaving the Court House with its present surroundings and the handsome square and fine shade trees undisturbed. The only additional expense would be a furnace for heating, and it is a matter of doubt with many, whether the plan proposed, of heating from the court house furnace, will prove satisfactory. Those who are of the opinion that the new building should not go on the square, have two of the Judges of the Court with them, we understand. The objection raised by these people is that it will spoil the handsomest square on the Eastern Shore and place the jail in front of the Episcopal Church and rectory. A lot can be bought on the opposite corner fronting toward the square, where the jail part of the building can be located in the rear, and, if desired, a stable can be built for the accommodation of the Sheriff as is now provided. In fact the present stable could be moved to the lot and would answer every purpose, and in this location a much plainer building, with the exception of the front, could be erected, at a saving of several hundred dollars. These opinions and ideas have been gathered from quite a number of taxpayers, but will probably have little weight with the Commissioners, who, we believe, are already agreed as to the location, but it would be well for them to remember that the improvement is to be permanent, and if a mistake is made, and when finished it does not look as they imagined it would, and spoils the public square, as some claim it will, it will be to late to remedy the mistake. The UNION started out by advocating the removal of the jail from the public square, and still holds to that proposition. Anyone who thinks it is not a nuisance in front of a residence, when it is filled with prisoners, male and female, black and white, drunk, crazy, and destitute of all feelings of shame, should spend a few months in one of the residences on the opposite side of the street from the present structure.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. Hugh Duffy, Hillsboro

GOLDSBORO, N. C., Aug. 25, 1902.

Gentlemen—Some six years ago I began to have sciatica, and also a chronic case of miscular rheumatism. At times I could not work at all (my business being baggage master on Southern R. R.). For days and weeks at a time I could not work. My suffering was intense. Physicians treated me, without permanent relief, however. Tried a number of advertised remedies without permanent benefit. Finally I tried "RHEUMACIDE." It did the work, and I have had excellent health for three years. I can cheerfully say that all rheumatics should use "RHEUMACIDE," for it is by far the best remedy.
