PUBLISHED EVERY WEEK BY
H. E. RAMSDELL,
EDITOR AND LESSEE.

DIAMOND STATE TELEPHONE,
Denton Exchange Number 20.

Denton, Maryland.

THURSDAY MORNING, MAY 21, 1903.

IT is understood that the effect of the St. Louis ovation given to ex-president Cleveland will result in Mr. Bryan's refusal to exhibit his $450 heifer at the Exposition.

IT has jarred some of the low tariffers who were hoping to see a chasm grow in the Republican ranks, to find that the President stands by the traditional policy of the Republican party in advocating, and strenuously too, ample protection for home industry.

AN extra session of the new Congress has been agreed upon for early in November. The Sergeant-at-arms of the Senate has received instructions to be prepared to receive the Senators in the Capitol Building immediately after election. At present the Senate and House are undergoing their usual renovation—varnishing of furniture, tearing up old and replacing with new carpets—which occurs before each new Congress.

IF woman's way prevails a curfew bell will nightly sound the bedtime warning to the children of Scranton, Pa. An ordinance providing for the curfew has been laid before the city councils and its enactment urged by delegations of women from all sections of the city. The ordinance has the endorsement of the churches and several women's associations and will not be permitted to slumber in the city's new law-making department. This is a law that should be in force in Denton.

THE General Land Office at Washington has issued a peremtory order providing for the tearing down of the fences of stockmen who have illegally strung their wires across the public domain, and for the throwing of such lands open to the public. There has been vigorous fighting against this proposal of the Government to remove illegal fences since the beginning of President Roosevelt's administration and in some cases stockmen have defied the Government to eject them. Any further evasions of the law will bring the offenders before the federal courts. It is stated that the law will be enforced by the Government officials to the very letter.

SENATOR GORMAN, of Maryland, sailed for Europe this week, accompanied by his wife and daughter. The Senator has a daughter living in Paris. The Baltimore Sun says "friends of Mr. Gorman assert that he desires, if possible, to avoid taking any hand in the fall campaign, although with a Democratic Legislature his influence would be exerted to elect Governor Smith to the United States Senate, it being generally understood that this influence was promised the Governor for his services in calling the special session of the Legislature in 1901. Those who know Mr. Gorman best also say that he will not be a candidate for the Democratic Presidential nomination in 1904, and that this is not his ambition. He would much rather be in a position to designate the nominee, and in case the Democratic candidate should win Mr. Gorman would be the Warwick of the administration."

MR. BERNARD CARTER, counsel to the Board of Election Supervisors of Baltimore, has given a lengthy opinion to the effect that the Supervisors cannot open the ballot boxes that were returned to the board before the ballots were counted by the Judges of election, as was done in several instances because of disputes between election officials. In this opinion Mr. Charles J. Bonaparte concurs, but he adds: "The moral of this whole business is that we had no such trouble under the law of 1896. because that was a law passed to secure a fair expression of the voter's will, and not in the interest of any party or set of politicians. Ever since the law was changed at the special session we have had trouble. because the changes in the law then made were intended for partisan benefit and to deprive certain classes of constitutional voters of their rights. Every election held since then in the city has been followed by a contest and thousands of votes have been thrown out because of mere mistakes or accidents, if not by trickery. I agree with Mr. Carter that such occurrences should be rendered impossible hereafter by suitable amendments to the present law; but these amendments ought to be prepared by the friends, not the enemies, of fair and free elections."

Eastern Shore Trolley.

The Eastern Shore Improvement Company is considering the advisability of constructing a trolley line to connect Cambridge Ferry, Easton and Love Point. This would be advantageous to a number of citizens of Talbot county, as at present traveling and freighting facilities are inadequate.

It is proposed to have a steam ferry from the city of Cambridge to Cambridge Ferry, a point directly opposite on the Talbot side, where trolley cars for both passengers and freight would connect with the ferry and go almost in a direct line therefrom and stop at the towns of Barber, Trappe, Hambleton, Llandaff, Easton, Longwood and Skipton and connect with the Queen Anne's railroad at Wye Mills.—Cambridge Democrat and News.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mhoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at R. J. Colston's drug store.

Good Roads in New Jersey.

Good-road building is probably making greater progress in New Jersey than in any other State in the Union. Ten years ago the Legislature passed a State Aid bill permitting each county to spend on road improvement an amount equal to one-fourth of 1 per cent. of its ratable property.

In the following year 4 counties out of the 20 in the State built together nearly 75 miles of road. Last year 17 counties built their quota of roads, completing during the year nearly 156 miles of sound, level highways.

Since the passage of the act more than $1,250,000 of the State's money has been spent on good-road building and more than 700 miles of road ways have been constructed under the most approved modern methods. The work is so popular that there is a demand to double the amount permitted to be expended on the roads under the law. The last Legislature increased the State's contribution from $150,000 to $250,000, and the counties met this with their own appropriations.

At present petitions to build 550 miles of roads, at an estimated cost of $2,404,851, are on file, and, provided the State appropriation is liberal enough to meet the amount expended by the counties, in a few years all the leading roads can be covered with gravel and stone.

A Physician Healed.

Dr. Geo. Ewing, a practicing physician, of Smiths Grove, Ky., for over thirty years, writes his personal experience with Foley's Kidney Cure: "For years I had been bothered with kidney and bladder trouble and enlarged prostrate gland. I used everything known to the profession without relief, until I commenced to use Foley's Kidney Cure. After taking three bottles I was entirely relieved and cured. I prescribe it now daily in my practice and heartily recommend its use to all physicians for such troubles. I have prescribed it in hundreds of cases with perfect success." Sold by C. H. Redden, Denton; Preston Pharmacy, Preston

Maryland County Shoot.

The program for the third annual Maryland County Shoot has been issued by J. Mowell Hawkins, manager and originator. The event is for amateurs and will be held this year at the Baltimore Shooting Association grounds, Pimlico road, June 2-5 inclusive. Five hundred dollars in purses and prizes are offered and a large number of county teams are entered. These include two from Queen Anne's, six from Baltimore county, three from Anne Arundel, one from Cecil, etc. The county amateur championship of Maryland will be shot off on the first day, the team championship on the second day and the State championship cup event on the third day. A number of events are open to the world on all four days. Twenty prizes are offered in the 100 target individual county amateur championship, ranging from a beautiful silver cup and a Baltimore hammerless gun to a bottle of wine.

A Little Early Riser

now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Risers are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by Hugh Duffey, Hillsboro.

THE latest "temporary prosperity" reports indicate individual deposits in the country's banks amounting to more than three million dollars.

Rheumacide

Thoroughly eradicates the excess of Uric and Lactic Acids from the system, starts the kidneys into healthy action, cures constipation and indigestion.

THIS DONE, YOU ARE WELL OF

RHEUMATISM,

AND ANY OTHER DISEASE CAUSED BY IMPURE BLOOD.

Do not be discouraged if other remedies have failed. RHEUMACIDE has made its reputation by curing alleged incurable cases. Does not injure the organs of digestion.

GOLDSBORO, N. C., Aug. 25, 1902.

Gentlemen—Some six years ago I began to have sciatica, and also a chronic case of muscular rheumatism. At times I could not work at all (my business being baggage master on Southern R. R.). For days and weeks at a time I could not work. My suffering was intense. Physicians treated me, without permanent relief, however. Tried a number of advertised remedies without permanent benefit. Finally I tried "RHEUMACIDE." It did the work, and I have had excellent health for three years. I can cheerfully say that all rheumatics should use "RHEUMACIDE," for it is by far the best remedy.

—At the spring meeting of the Southern Convocation of the Diocese of Easton, convened at St. Mary's Church, Pocomoke City, Rev. F. B. Adkins was elected Dean, and F. B. Randall Secretary and Treasurer for the coming year. The midsummer meeting of the Convocation will be held at Ocean City.

Order Nisi.

William H. Beals, et. al.,
vs.
Louise B. Strong, et. al.,

In the Circuit Court for Caroline County. In Equity.

Ordered, by the Circuit Court for Caroline county, this 19th day of May, in the year nineteen hundred and three, that the sale of the property mentioned in these proceedings, made and reported by Albert C. Beals, trustee appointed by this court to make said sale, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 21st day of July, next,—Provided a copy of this Order be inserted in some newspaper printed and published in Caroline county, once in each of three successive weeks, before the 20th day of June, next.

The Report states the amount of Sales to be $675.00.

Everngam's Latest

What is it? The finest line of the newest styles of

Men's and Boys' Clothing we have ever opened. What kind of a suit do you need for your boy? We have a fashionably cut, well made suit at $2.00. This is a first-rate suit of light Cheviot, trousers finished with patent extension waistband and taped back seams. Bring your boys from 8 to 16 and make your selection of the very pattern you want.

Sailor Norfolk $3.50 All wool fancy cheviots and wool crash.

The cutest little novelty you ever saw. The coat is made with box-plait front and back; collar trimmed with soutache braid; shield of same goods embroidered. The cloths are full of service as well as style.

Blue Serge Sack Suits The same kind of a suit you have been asked $10.00 for at other places. It is going here at $6.50. They are made in 4-button sacks, edges double stitched, corded seams, and the best style and workmanship is displayed in every detail. Trousers with corded seams and belt loops. We have cloths and patterns for all tastes, but you know what a blue serge is, the most popular goods on the market for summer wear.

Stylish Sack Suits at $10.00. This line is attracting the attention of our customers who desire to be well dressed. A fine, fancy, light-steel worsted 4 button sack, is attracting the attention of the fashionable dressers. The coat is cut almost straight in front, with well-built shoulders, and the trousers are the neatest fit possible, with loops for belt.

Stylish $15 Suits These suits are made for us and are satisfied they are just what you want. By this plan we give you a better suit. The goods is that rich-looking mixed gray, some slightly tinged with green, that is so popular. The coat'll not wrinkle when unbuttoned and has round corners if you want that kind.

Yours For Business.
