Stop the Villain!

FIFTY DOLLARS REWARD.

BROKE out of Annapolis jail, on the 27th of last month, having been committed for an attempt at murder, a mulatto man, who calls himself RICHARD WATERS; 25 years of age, 5 feet 6 or 7 inches high, light made and rather bow-legged, has a thin visage, is a saucy pert looking fellow, and appears rather fly when spoken to. I expect he will make for the city of Baltimore, as he has a wife and acquaintances there. Being pursued eight miles below the ferry, he lost his clothes, and had on only a shirt and trousers. His hands are remarkably ruff—the first joints of his fingers bent in. He was raised by Joshua Dause, of Elk-ridge, in whose neighborhood he attempted the crime; it is not probable he is gone that course.—I will give thirty dollars if delivered to the above jail, or secured so that I get him, or the above reward if out of the state. As he is an artful villain, he may get clothes and a pass, and try to pass for a free man.

ELI HEWITT.

N. B. I forewarn all captains and masters of vessels from harboring or taking off said fellow at their peril.

☞ Letters of information directed to the post-office, Baltimore, will be attended to.

For Sale,

SELBY MILLS, with 330 Acres of LAND, 8 miles from this city, near Elk-Ridge Landing, and about half a mile from the road leading to the city of Washington. The mills are in good repair, capable of manufacturing 50,000 bushels of wheat yearly, to the best advantage, having water carriage to the spot, which renders this situation one of the best in this state, as the business can be carried on at an inconsiderable expence. The mill house is 40 by 50 feet, four stories, the lower parts stone and the two upper stories of brick; the other improvements are a good two-story brick dwelling house and kitchen, stone barn and stables, cooper's shop, a small house for a miller or farmer, and a two-story brick dwelling house, suitable for a master cooper. The land is of an agreeable soil, capable of improvement, being well adapted to plaster of Paris; about 100 acres of which are cleared, the remainder is well covered with thriving young timber. This valuable property may be purchased on accommodating terms, on application to WILLIAMS & WILSON.

2d mo. 9 tu&f

To be Sold,

Upon such credit as will accommodate any reasonable purchaser; and if not sold, will be let to a good tenant, on a long lease—

THE NORWICH MILLS and LANDS in the county of Henrico, 12 miles below the city of Richmond, upon Four Mile Creek, about a mile from its juncture with James River.

The mills are worked by over-shot wheels, 16 feet diameter and 8 feet head of water, double geered, three pair of excellent bur stones, and one pair of remarkably good stones for grinding Indian corn. The whole of the mills have been newly rebuilt upon the most approved construction, with all the late improvements in the machinery—'Tis believed that the mill-house, as well for size as convenience, is unexceptionable. The mills, though built on the bank of the creek, can never be affected by high freshes, which are sometimes ruinous to mills—they are supplied with water by two long canals, one from Four Mile Creek, the other from a smaller creek called Bailey's, which unite the water of those streams in a natural reservoir or bason, about 200 feet from the mills. There is an excellent brick bake-house, with two large ovens; a good house for the proprietor or manager, also a store and counting-room, comfortable houses for millers, bakers and coopers. A boat may load at the mill door with two hundred barrels of flour, and the largest ship that navigates James River, can load in a safe harbor within one mile of the mills. The whole of the land consists of about 300 acres of a good quality, and a full proportion of it excellent meadow land—about one half of it is in woods and well timbered, having been carefully preserved. Separate and distinct from the houses attached to the mills, there is a complete set of houses for the accommodation of a gentleman farmer. I will sell or lease the whole, or if it be more agreeable, the mills and appendages only, with a sufficient quantity of ground to render them perfectly convenient in that respect.

The neighborhood of the mills is a farming country, settled by independent people—there are about 30,000 bushels of wheat annually raised, as near, if not nearer, to those mills than any other market.

Mr. William Pennock, at Norfolk; and Mr. Charles Myers, at Baltimore, are furnished with the terms and conditions of a sale or lease of the mills and lands, so that any one convenient to either of them may obtain the necessary information, previous to the trouble of viewing the premises, upon application to them or to the subscriber at the city of Richmond.

Mr. Samuel Ellison, who lives at the mills, will shew the whole to any one who may apply to him for that purpose—he expresses an inclination to undertake the management, and a small interest in the business if it can be made mutually agreeable. Letters addressed to me by post, will be duly attended to.

DAVID ROSS.

Richmond, August 6.

The mills above mentioned will be found to answer the description given of them, I have for some time been engaged in the manufacture of flour on a small scale, and if agreeable to the purchaser or lessee of the above property, I would undertake the management, and a small interest in the business as a partner
