DIAMOND STATE TELEPHONE,
Denton Exchange Number 20.

Denton, Maryland.

THURSDAY MORNING, JUNE 11, 1903.

COLONEL Bryan is frank at least. He says that "There is a large store of disappointment for anyone who thinks there will ever be harmony between the men who think as Mr Cleveland does and the men who believe earnestly in the platforms of 1896 and 1900." This means opposition from Mr. Bryan, of course: but the question is how many beside himself still believe earnestly in the platforms of 1896 and 1900? Does Mr. Bryan himself?

SENATOR Hanna said that President Roosevelt would not be endorsed by the Ohio Republican State Convention. The Senator has also been preaching for a "stand pat" tariff plank. President Roosevelt's administration however, has been endorsed and his nomination in 1904 favored. On the question of the tariff the Ohio platform declares that "changing conditions and the possible benefits of reciprocity may call for timely readjustment of schedules."

THE Washington Star, without even a suggestion, so far as can be learned, for any of the political captains, puts forward the Hon. John R. McLean, of Washington, D. C. and Ohio, and editor and owner of the esteemed Cincinnati Enquirer, as the most suitable Democrat for President As the Star states, the Enquirer has been for and against protection, for and against Grover Cleveland, and for and against Mr Bryan and free silver, and it is thought that Mr. McLean would thus be able to satisfy all classes, parties, factions and sects.

THE destructive floods in the West are exciting interest all over the country. Nothing like it has been known in years. The value of property and crops destroyed will run up into the millions, and the number of lives lost will reach hundreds. The unequaled business prosperity of the country along the Mississippi valley will get a serious setback, and will not be able to recover for some time. While this section of the country has been damaged by dry weather, and the forests of the East Coast are on fire as far north as Maine, the people and crops of the West are drowning.

COMMENTING on the statement of the Commissioner of Pensions regarding the large number of applications for pensions made under the Spanish War, the Boston Post (Democrat) asks, "Were we in 1898 a nation of weaklings and degenerates?" Assuming that the editor of the Post is a strong and vigorous man who has always lived in a northern climate the chances are even that had he served for three months or even a month in the rainy season of Cuba or the Philippines, he would have acquired a disability, the effects of which he might never throw off and which no reasonable allowance of money would compensate him for.

MR. Machen, former head of the Rural Free Delivery, has been indicted by the Grand Jury and his bond placed at $20,000. He is charged with having received bribes amounting to $19,000. Two more post office employees last Friday fell into the clutches of the sleuths of the law and are charged with receiving "rake offs" amounting to $8,000. The disclosures being made in the Post Office Department simply appall investigating officials. The deeper they go, hoping that the worst has been discovered, the darker the situation appears. The work of cleaning the Augean Stables is being prosecuted however with utmost vigor, in the determination to bring every guilty man to justice.

Cecil County's Primaries.

The Cecil Democrat, Mr. John S Wirts' Elkton paper, has the following report of the Democratic primary fight in that county two weeks ago Mr. Wirt was the leader of the opposition to the winning faction headed by Senator Crothers.

"The contest at the Democratic primaries on Saturday last, was probably the hardest fought ever known in Cecil county. In each of the nine districts there were two tickets in the field. For several months past the candidates for the several county offices had been making a man-to-man canvas and long before the hour came for the opening of the polling places many voters were on the grounds ready to deposit their ballots. Each side had anticipated a battle royal. The Organization and anti-Organization forces had their lieutenants ready to do whatever they could to win.

"The total vote cast was 3,359 far in excess of any vote cast by the Democrats in this county. Last year the total Democratic vote of the county was 2,238, and the Democrats carried the county. In 1901 the total vote was 2,615, and in 1900, in the Presidential contest, 2988. In the Third district the vote was 843, which in round numbers is about 200 more votes than were ever cast by the party in this district at any general election. The largest Democratic vote cast in the Third district at any general election was in 1869, when the total Democratic vote was 652.

"In the Third district, the crowd around the polling place, which was in Mr. A. L. Crother's office, for the an hour resembled a small but peaceful mob. The place of holding the election was not the usual one, but had many advantages for the winning side. Mr. Crothers occupied his rear office and occasionally called the judges of election out for private consultation. The Addicks system of checks to purchasable votes was adopted, and the cashier cashed the checks in a room in the building of the American Mechanics, an order devoted to the promotion of good citizenship, under Mr. Crothers personal supervision. One not acquainted with conditions, would have imagined that there was danger of the time expiring before all the votes were cast. Dozens of men scrabled and pushed to get to the window to cast their ballots. The challengers at the window at once began offering objections to some of the voters being allowed to cast a ballot, and it looked for a time as if there would be trouble. All this time the vote-buyers were at work debauching old as well as young men. The price per vote started at $15 and soon jumped to $20 and before the polls close rose as high as $30. The amount spent in this district is estimated at $8,000, and in the entire county over $20,000."

Wicomico's Liquor Question.

The county commissioners filed their answer, on Tuesday, to the petition of the liquor dealers to compel them to issue licenses to certain dealers. The petition for the mandamus alleged that the commissioners had exceeded their authority in refusing to grant the licences applied for and virtually refusing to grant any license to sell liquor in the town of Salisbury. The answer claims that the commissioners exercised the discretion which is given them under the local liquor law, and refused to grant the licenses on the ground that "under all the circumstances of each particular case it was found by them improper to do so."

Tschuh, Oh, Gosh!

Drink water and get typhoid. Drink milk and get tuberculosis. Drink whiskey and get the jim jams. Eat soup and get Bright's disease. Eat meat and encourage apoplexy. Eat oysters and acquire toxemia. Eat vegetables and weaken the system. Eat dessert and take to paresis. Smoke cigarettes and die early. Smoke cigars and get catarrh. Drink coffee and obtain nervous prostration. Drink wine and get the gout. In order to be entirely healthy one must eat nothing, drink nothing, smoke nothing, and even before breathing one should see that the air is properly sterilized.—Southwestern World.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for consumption, coughs and colds to be unequaled. A recent expression from T. J. McFarland, Bentorville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by R. J. Colston, druggist. Trial bottles free, regular sizes 50c and $1.

Another Democratic Contest.

The Democratic State Central Committee for Queen Anne's county on Tuesday appointed the officials for the primary election to be held on Saturday. In all of the districts but two two sets officials were named They are commonly called the organization and anti-organization factions. The organizationists are said to favor the Smith-Vandiveo regime in State politics. Clerk of the Court John E. George is the county leader and Chairman of the State Central Committee.

A FEATURE of President Roosevelt's tour has been the nonpartisan spirit displayed at his reception at every point, Democrats vying with Republicans to extend to him the heartiest welcome. During the fifty-five days that he spent on the road, The President made two hundred and sixty-five speeches, and had it not been for Secretary Loeb's firmness he would have made a hundred additional ones.

Rheumacide

Continues to make Miraculous Cures

READ THIS LETTER:
ALMOST A MIRACLE.

DILLON, S. C., Aug. 18th, 1902.

Gentlemen:—In September, 1899, I took rheumatism in a very bad form. In a month after the disease started I had to give up my work and go to bed. It continued to grow worse until my arms and hands were badly drawn, so much so that I could not use them. My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly twelve months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Twing, of Dillon, came to see me. He told me to try your "RHEUMACIDE." He gave me one bottle of the medicine and I began to take it and before the first bottle was used up I began to get better. I used five and a half bottles and was completely cured. That was two years ago, and my health has been excellent ever since. Have had no symptoms of rheumatism. I regard "RHEUMACIDE" as by far the best remedy for rheumatism on the market. I cannot say too much for it. I have recommended it to others since and it has cured them.

Will say further, that I began to walk in about six days after I began to take "RHEUMACIDE," with the aid of crutches; in about three months after I began to take it, I could walk as good as anybody, and went back to work again.

Very truly, JAMES WILKES.

All Druggists, or sent express prepaid on receipt of $1.00.
Bobbitt Chemical Co., - - Baltimore, Md.

A RARE BARGAIN.

I have a very fine Violin (Amati) which will be disposed of at a sacrifice price. The tonal qualities of this instrument are not surpassed except by the celebrated Conservatory Violin—a $50 instrument. This is an exceptional bargain. May be seen at UNION office.

W. H. SMITH.

Order Nisi.

William H. Beals, et. al.,
vs.
Louise B. Strong, et. al.,

In the Circuit Court for Caroline County. In Equity.

Ordered, by the Circuit Court for Caroline county, this 19th day of May, in the year nineteen hundred and three, that the sale of the property mentioned in these proceedings, made and reported by Albert C. Beals, trustee appointed by this court to make said sale, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 21st day of July, next,—Provided a copy of this Order be inserted in some newspaper printed and published in Caroline county, once in each of three successive weeks, before the 20th day of June, next.

The Report states the amount of Sales to be $675.00.

CHARLES W. HOBBS, Clerk.

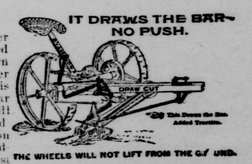
HARVESTING MACHINERY!

Our new building is completed and we now have over 7,000 square feet of floor space, all occupied with everything for the farmer.

A CARLOAD OF CHAMPION HARVESTING MACHINES

THE DRAW CUT PRINCIPLE

Gives the Champion the cutting power and durability of the rear cut, combined with the convenience of the modern front-cut mower. It is safer than other front cut mowers, because the bar is pulled, not pushed, and when the bar strikes an obstruction the wheels will not lift, but stick closer to the ground This principle gives increased traction in difficult cutting where power needed, and makes the Champion the most powerful cutter of all front cut mowers. Substantial main frame. Roller bearings on main axle. Ball bearing on bevel gear shaft. Three pawls in each master wheel, insuring that the knife will begin moving the instant the wheels start forward.



Champion Force-feed Binder.

The great force-feed principle is the most pronounced improvement and success in harvesting machines that has been made in 20 years. It has been still further improved by the addition of an extra roller at the top of the lower elevator On the old style of elevator that is still used on all other machines, a great deal of grain is wasted between the binder table and the upper end of the lower elevator canvas With our new principle of the force feed elevator we guarantee that this difficulty is entirely overcome. The third roller in the upper elevator permits the lower ply of the canvas to deflect upwards, changing the direction of the grain, and, added by the extra roller at the top of the lower elevator, forces the grain positively to the binder.

LARGE STOCK OF BINDER TWINE AT LOWEST PRICES.

THE NEW CHAMPION LOCK-LEVER SELF DUMP

New Champion Lock Lever Hay Rake.

ALL STEEL HAND AND SELF-DUMP HAY RAKES.

We haven't room to tell you about the many features of this rake, but simply ask you to come and see them and thus be your own judge. They are world beaters, that's all.

OPPOSITE THE DEPOT.

J. H. BARROW,
PRESTON, MARYLAND.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

Two Sizes, 50 Cents and $1.00.
