The next meeting of the First Eastern Shore Maryland Volunteers will be held in this place on the fourth Thursday in September, 1904. About 50 members out of the 150 living, attended the reunion held in Easton on Thursday last. All the field officers are dead and only one captain and eight lientenants survive The officers elected for the ensuing year are as follows: C. M. Davis, president, Federalsburg; W. A. Hutchinson, vice-president, Cambridge; Col. J. C. Mullikin, secretary Easton; Geo. W. Kirk, treasurer, Easton.

A Popular Domestic Service.

While the kitchen has no attractions for girls who have their living to earn, there is one department of domestic work which remains popular with them. Girls have no objection to becoming nursery maids. The schools for training of infants' nurses are full and crowded. Yet the nurse has less liberty than the cook and looses more sleep. The compensation is in more pleasant surroundings and in her closer relations with the family which employs her. She grows fond of her charge and the baby's mother receives her with appreciative kindness. In short, she enjoys a home life which other domestics lack. To reinvest the position of cook with like attractions seems to be the problem of the hour. Now that many kinds of employment are open to women the question of making the position desirable is "up" to all housekeepers.—Sun.

Odd Fellows Have Big Parade.

The parade of the Odd Fellows and Patriarchs Militant on Wednesday of last week was a magnificent affair and reflects great credit on the Order. The costumes of the marchers and the magnificent silk banners of gold and lace carried at the head of each organization, together with the martial music of the bands, elicited rounds of applause from the thousands lined along the sidewalks and those perched at every vantage point. It required an hour and a-half for the procession to pass a given point, and a conservative estimate places the number in line at 8,000. Hand-clapping and cheers greeted Washington Lodge No. 1, the mother lodge of the Order, clad in Continental uniforms of buff and black, with three cornered cocked hats, powdered peruke and tight fitting leggings. The electrical illumination along the streets at night was very fine Messrs. C. H. Stewart and W. H. Smith, of Denton Lodge, witnessed the parade.

"Mr. Nozzleton," she said, "if you try to hug and kiss me again I shall call papa."

"Where is your father?" he asked.

"He's in the Yellowstone Park and will be beyond mail or telegraphic communication for three weeks."—Chicago Record-Herald.

Mme. Nordica in Baltimore.

Mme. Nordica will sing at Music Hall, Baltimore, on next Monday evening, Oct. 5th, with Duss' Metropolitan Opera House Orchestra. The occasion will musically and socially be the principal one of the Baltimore season. Nordica is the favorite singer of America, and her popularity will mean a crowded house, as was the case on May 1st last. The great diva has recently received a valuable medal from the Crown Prince of Bavaria for her splendid rendition of the role of Isolde. The Metropolitan Opera House Orchestra is the leading musical organizaoion of the country, and its ability is unsurpassed. Mme. Nordica receives $2,000 for her single appearance. J. S. Duss, the megnetic conductor, will lead the orchestra. The concert is the initial one of a series across the continent to the Pacific. The affair of Oct. 6th, next Monday, is made more interesting by the fact that it will be for the benefit of the Odd Fellows' Home at Ellicott City, Maryland, and Odd Fellows all over the State are intensely interested in making it a great success. The Home is a worthy one and Marylanders generally will feel like aiding such a cause. The Order is one of the best in the United States. Baltimore has a number of local lodges which will send representatives to the concert. The sale of seats is now in progress at Albaugh's, Baltimore. They may be reserved by telegraph or mail.

Neighbors.

Dr. G. T. Atkinson, Democratic nominee, and L. E. P. Dennis, Republican nominee, both for Comptroller of the Treasury, were serenaded on their arrival in Crisfield from attending the State conventions in Baltimore. There were torchlight processions and the streets were filled with cheering crowds. Speeches were made by the county candidates, after which refreshments were served. Dr. Atkinson and Senator Dennis are next door neighbors on Main street, and it is unsual to find two pominent candidates living so close to each other. One is a prominent member of the M. P. Our tomato canning houses are running to their fullest capacity, now that the season nears its close. Both the farmer and the trucker have, no doubt, profited by the year's yield, while still larger profits durthe coming year will doubtless, deservedly fill the coffers of the canners, whose expenses have been very great.

Mr. Richard Perry, aged 55 years, died of consumption at his home, in Poplar Neck, last Saturday morning and was buried in Linchester Cemetery Sunday afternoon. The uprightness of this good man will cause his memory long to be cherished by his many friends. He leaves a widow, who was before her marriage, Miss Dorothy Ulsegum, and seven [illegible]

A PERFECTLY PAINLESS PILL.

is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitts Little Early Risers. Automobile Sport

is certainly one of the most delightful kinds of amusement in which mankind may indulge. It is not necessary for him to attain railroad speed with his machine, but a moderate rate is sufficient to please the average individual. There are so different machines on the market that it is really difficult for man to tell which he wants. The Cadillac costs but $750, and answers the requirments of modern life. It is the best for professional and business men. It gives no trouble whatever, does not easily get out of order, and is first class in every respect. The Mar-Del-Mobile Co, 1004 Union Trust Bldg., Md. are the Maryland and Delaware representatives for this machine, as well as the Searchmont, Yale and Waverley Electrics. They are always glad to furnish information to those interested.

Calvert, Jr.—Do you know what this cousin looks like, that you are waiting for?

Balty Moore—No. I have only seen her photograph, taken in an evening gown.

Worth Its Weight in Gold.

It is a fact, whether confessed or not, that there is more tinsel and glitter and more show and boasting in this world than real merit or true worth. This is true in some cases but not in all. R. S. McCrum, Ohiopyle, Pa., says. "I have sold Victor Remedies under a guarantee and have never had a bottle returned. But every one speaks in the highest terms of them. The Victor Lung Syrup is a Great Remedy, but Victor Liver Syrup is worth its weight in gold. Any of the Victor Remedies will do marvels in restoring health." Sold everywhere.

PENINSULA PARAGRAPHS.

—The oystermen of Kent are getting good prices for their Chester river catch. The first of last week oysters were selling for 90 cents a bushel in Chester river.

—Mr. David P. Smith, of near Centreville, has just concluded his shipment of potatoes grown this season on about 45 acres. They foot up a little above 8000 bushels and have netted Mr. Smith $1600 clear of all expenses, part of the expenses being $6.25 an acre for the land paid in cash. Next year Mr. Smith proposes to cultivate extensively tomatoes and potatoes and has already leased 75 to 80 acres for that purpose

It Takes the Day.

A good article of any kind of goods is soon discovered and finds ready sale. And good wares ought to take the place of the worthless trash on the market. Says Mrs. Sarah J. Etter, Middletown, Ind.; "Victor Infants Relief takes the day wherever tried. Several weeks ago I handed some to a woman whose baby was reduced in size from 12 to 6 pounds. Now, the sickly [illegible] looks like a child and is growing fat and plump and cheerful". You make a note [illegible] next time you purchase Victor [illegible]
