GORMAN PLANS LONG CLIMB.

As the leader of the organization in its political work in the Legislature, State Senator Gorman is plainly planning his way to the Governorship and United States Senate, as did his father, who began his eventful career in the Legislature. As president of the Senate he wields much power, and he and United States Senator, John Walter Smith, State Chairman Murray Vandiver and other leaders are opposed to Governor Crothers' pet schemes. It is understood that Senator Gorman is to be nominated for Governor in 1911 and that he in turn is to support Senator Smith for reelection to the United States Senate. Senator Smith then is to support Gorman for United States Senator to succeed Senator Rayner. To carry out such a compact these two leaders and their friends it is said, have begun to get full control of the party machinery, and it is understood that plans have been inaugurated to depose Congressman J. Fred Talbott as the undisputed leader of Baltimore county. Smith and Talbott are not friends, and the relationship between Gorman and Talbott also is strained. Baltimore, the banner Democratic county of the State is needed by them in their business, and for that reason, it is said, they would like to change conditions in it. In some quarters it is argued that efforts will be made to supplant Talbott by nominating some other Democrat for Congress next fall. If this is not done then it is thought an effort will be made to lodge the leadership in the hands of some one who is friendly to Gorman and Smith.—Philadelphia Record.

Kansas and Prohibition.

EX-GOV. E. W. HOCH,

There are four stands which the government can take against the liquor traffic; No license, low license, high license and prohibition Kansas chose the last.

"If there is anything good in the liquor traffic, it should be as free as the grocery or any other business. The government has always recognized it as an evil and has restricted it with the license. What is the present attitude of the business world today? The greatest of all temperance societies today is the business world. It is a matter of business in these strenuous days The wise business man wants a clerk with the steadiest brain and nerve. No banker wants a drinking cashier. No merchant wants a drinking clerk. A railroad company wouldn't endanger the lives of many by putting their lives in the hands of a drinking engineer.

"Kansas adopted state-wide prohibition and in my judgment there is not an equal number of people anywhere in the world who are as prosperous as the people of Kansas. We have $150 per capita in our banks and in more than one-third of the counties there isn't a prisoner in jail nor a pauper in the poor house. More than half the prisoners who are in the jails and prisons never lived long enough in Kansas to gain a residence there. We are simply entertaining strangers from other states. Wehave a half million of young persons who never saw a saloon. If we have done nothing else but take down the signs, we have done something for civilization. When we cut off the saloon in Kansas City we cut off $85,000 annual revenue, but Kansas City is now paying current expenses and has paid off $240,000 of bonded indebtedness besides.

Results of Frohibition.

"Bank deposits have about doubled since the saloons were closed in Kansas City. It has been almost impossible to find a vacant store room. There has been less crime. It has resulted in the building of school houses. Large additions have been built to factories. We have purer city government than the city ever before enjoyed. The criminal docket is running at an expense of $25,000 less per annum and the same amount is saved in the police department because fewer policemen are needed. We save more in the courts than we ever received from the saloons. We have put 600 boys and girls back in school who formerly had to help support their parents.

"This last year there has gone on the statute books another law, making it a misdemeanor for any boy under 21 years of age to be caught using tobacco in any place in the state. It is also a misdemeanor to sell cigarettes or cigarette papers to old or young.

"There is one thing we Americans should learn more than any thing else and that is obedience to law, because it is law. So many men are elected to office and hold up their right hand and before the Almighty swear to support the laws and then go out and refuse to do their duty. When an officer refuses to do his sworn duty, he ought to be driven from the public place, and kept out forever."—American Issue.

Orphans' Court.

Orphans' Court was in session on Tuesday with Judges Clark, Liden and Fleetwood present and the following business was transacted.

Elmer W. Deen, Trustee for the sale of the real estate of John Mines deceased, presented a report of sale. Order of ratification nisi granted..

Elmer W. Deen, Trustee for the sale of the real estate of Solomon Driggins, deceased, presented a report of sales. Order of ratification nisi granted.

Mahala Noble was appointed guardian for Houston Noble, minor. Bond filed and approved.

Robert Jarrell Sr., administrator of Wm. H. Brummel, deceased, presented a first and final account of administration, which were approved and passed.

Samuel G. Nuttle, executor of Julia J. Wright, deceased, presented a list of Sperate debts and a first and final account of administration which were approved and passed.

Court adjourned to February 22, 1910.

TWO JOHNS.

Mrs. W. C. Andrew is on the sick list.

Mr. Marshall Howard and Miss Rebecca Satterfield were guests of Miss Laura Howard on Thursday.

Rev. and Mrs. John Rosser, Mrs. Mary Andrew, and Mr. and Mrs. J. R. Andrew were the guests of Mr. and Mrs. Walter Howard on Monday.

The first patron's meeting of Howard's school was held on February 14th, at 2.30 P. M., with 24 visitors present. The program consisted of recitations and essays by the pupils, and addresses by Miss Nan L. Mildren, Rev. John Rosser and Mr. Walter Howard. The following officers were elected: President, Mr. Charles Howard; vice-president, Mr. Wm. Love; second vice-president, Mr. Fred. Howard; third vice-president, Mr. Wm. Andrew; secretary, Mr. Walter Kelley; assistant secretary, Mr. Walter Willy; treasurer, Mr. Henry Pollard.

Are you rheumatic or consumptive. The Lawton Electrical Method is guaranteed to cure these diseases. Can be used at home. No shock in our Method. Address,
Thomas Lawton,
611 Market street,
Wilmington, Del.

How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.
Feb. 3 20t.

Deafness can be cured entirely at home by the Lawton Electrical Method. Guaranteed to do as advertised or money refunded. Address,
Thomas Lawton,
611 Market street,
Wilmington, Del.

Poultry Profits

Depend Upon Having Eggs During the Winter When Prices Are Highest

Egg production falls off at this season as the hen is deprived of the egg-making materials contained in her summer diet. She must also utilize the most of her food in keeping her body warm and has very little material to spare for the development of eggs.

SCIENCE MAKES IT POSSIBLE

to overcome these adverse conditions and bring Winter egg production up to the Summer standard. All that is necessary is to add to the hen's Winter ration the egg-making chemical elements contained in her Summer diet.

Fairfield's Blood Tonic and Egg-Producer

is a Scientific Poultry Powder composed of the elements of which eggs are formed. These are so combined with other elements that tone up the digestive organs and purify the blood that they are immediately assimilated and carried to the Egg Sac of the hen. The hen's egg sac contains the Embryo of all the eggs she will ever lay, and when these Embryos receive proper nourishment they develop and MUST BE PRODUCED. Make your hens lay NOW, by feeding **Fairfield's Egg Producer** regularly. It will increase your profits and keep disease from the poultry yard. The small dose makes it inexpensive and it is sold under written guarantee by dealers named who also carry

SAVING

BY PER CENT.

Is one of the best and surest plans. Make it a rule to deposit a certain per cent. of your income or salary on pay day. Consider that this per cent. is an insurance against the future. Look upon it as a debt which must be paid (all debts should be paid), and figure that this portion is not available for current expenses. As your income grows the amount you save will increase. . . . . .
