H. E. RAMSDELL Editor.

THURSDAY, MARCH 3, 1910.

The house of Delegates has killed the bill to empower the women of Baltimore with the ballot. Failing to do anything else of consequence it has turned down this desire of the weak, helpless women, and thinks it has done something,

The Easton Star-Democrat has been sold to a stock company, and the present editors retire. They have made an excellent paper for a number of years and the new owners will find it no light task to keep it up to its present standard.

The do-nothing policy of the Maryland Legislature still continues. About 30 days more of the session are left, and if the Democratic party fails in that time to make itself solid in the control of the State it will be no fault of the members. This seems to be the paramount issue.

The Baltimore American of Tuesday publishes a striking and appropriate cartoon, representing the Maryland legislature asleep and Governor Crothers trying to awaken the sleepers. Near him sits a large bell marked "Graft," and underneath is the remark "There would be something doing if he would ring the bell."

The great car strike in Philadelphia is still on. About one-half the number of cars usually run are out of commission, but those running are giving fairly good service. The sympathy strike of 100,000 men ordered for Saturday is still a probability, as the car company absolutely refuse to arbitrate the questions at issue—in fact says they have nothing to arbitrate. The men quit work and they are employing others to take their places. It the big strike should be called the situation will be serious indeed. Quietness has been restored and the car lines are being opened up in many sections where they have been idle for a number of days, but business is greatly crippled and the merchants are using their best efforts to get the car company to submit to arbitration.

Orphans' Court.

Orphans' Court was in session on Tuesday with Judges Clark, Liden and Fleetwood present and the following business was transacted:

T. Luther Frampton, administrator of Richard S. Frampton, presented final releases from heirs-at-law, which were approved.

T. Clayton Horsey, administrator of Rhoda McKnatt, presented a first and final account of administration, which was passed.

John T. Spence, administrator of Geo. Hoffner, presented an account of sales, which was approved.

R. W. Messenger, administrator of Mary E. Church, presented a final account of administration after Dividend, which was passed.

R. W. Messenger, administrator of Earle B. Church, presented a partial account of administration after Dividend, which was passed.

Andrew J. Bailey, executor of Stephen Bailey, presented an account of sales, which was approved

Geo. C. Carmine and Emaline C. Benson, administrators of Mary A. Carmine, presented releases from Hilda Carmine and Nellie Carmine, which were approved.

Julia E. Adams, guardian, presented release from Howard L. Adams, which was approved.

Annie E. Wheeler, guardian for Chester C., and Fracis E. Wheeler, presented seventh guardian account, which was passed.

Last Will and Testament of Tilghman F. Chaffinch, presented and admitted to probate. Letters testamentary granted to J. Roland Chaffinch. Bond filed and approved. Notice to creditors ordered. John R. Ricards and Millard Collison were appointed to appraise the personality. Renunciation filed.

Thomas F. Johnson Jr. and Benjamin H. Johnson, administrators of Thomas F. Johnson Sr., present a list of Sperate debts and a first and final account of administration, which were approved and passed.

Susie E. Patton, by T. Pliny Fisher, Attorney, presented a bill of complaint for a decree authorizing the sale of certain real estate of Lucetta Sisk, deceased, exhibits filed. Summons ordered.

The hearing in the case of John T. Carter, Jr. against J. E. Ellwanger et al., administrators of John H. Bailey, was continued to March 8, 1910, at 1.30 P. M.

Court adjourned to March 8, 1910.

Serious Fire at Hurlock

Fire caused by a defective flue broke out a few minutes before 8 o'clock Friday morning in the hardware store of W. Carl Bradley, and burned his livery stable, blacksmith shop and hardware store, including his carriage repository, in which were stored about 150 vehicles and a large quantity of farming implements, and the waterworks owned by him, and from which water was furnished to the town.

It was feared the fire would destroy the greater part of the town, but the iron roofs which covered all the Bradley property except the hardware store, prevented the spread of the flames before the roofs fell in, and the timely arrival of the Salisbury Fire Department, which was telegraphed for, soon subdued the flames.

The residence of Mrs Henry Barber and daughters and a half score of others were in immediate danger and escaped as by a miracle. Furniture was moved from dwellings on every side and preparation made for a general conflagration.

Mr. Bradley was in Baltimore on business. His neighbors estimated his loss from $25,000 to $50,000. He had insurance placed with Edward Noble, of Preston, who declined to divulge the amount. He intimated, however, that Mr Bradley's loss would be heavy.

Other losses are: Miss Annie Andrews, barn, $200; W. W. Howeth, barn, $100; Edward Noble, barn, $250 The water tank of the Baltimore, Chesapeake and Atlantic Railroad was used by the Salisbury fire engine and proved a Godsend, as the local water works were entirely out of commission. Reports of the fire brought visitors from every part of the surrounding country, from Easton, Cambridge, Federalsburg and Salisbury.

How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.

A Run-Down Cow
is a Losing Proposition

The heavy grain ration and the forced feeding for winter milk production tire out and weaken the digestive and milk secreting organs of your dairy cows.

When these organs become fatigued through ever-exertion, it is as impossible for them to perform their work properly, or to do the same amount of work, as it is for any other part of the body when in that condition.

In consequence the cow becomes "run-down," the milk supply dwindles and the animal often contracts some

SERIOUS DISEASE

These conditions exist inwardly long before they are noticed outwardly. Your first knowledge of any trouble when the milk decreases in quality and quantity, or when your cows have fallen a prey to disease—perhaps TUBERCULOSIS!

Fairfield's Blood Tonic and Milk Producer

keeps your cows from getting in that condition. It is a Scientific preparation specially compounded for animals that have FOUR stomachs and chew the "cud." It makes the winter foods easy to digest, saves the wear and tear on the digestive organs, and enables the cow to secure all the nutriment her food contains and turn it into the products that fatten her owner's pocket-book. **Fairfield's Blood Tonic for Cattle only** prevents and and cures disease by removing the cause.

IT EXTERMINATES GARLIC

when **Fairfield's Blood Tonic for Cattle Only** is fed regularly, and three-quarters of an hour before milking, it will positively remove all taint and taste of Garlic from milk and cream. **Fairfield's Blood Tonic and Milk Producer** makes cows give more, and richer milk; makes calves strong and healthy and causes steers to fatten in half the usual time. The dose is One Tablespoonful and a 50c package contains 60 doses—making it the most economical Conditioner on the market. It is sold under written guarantee by

SAVING

BY PER CENT.

Is one of the best and surest plans. Make it a rule to deposit a certain per cent. of your income or salary on pay day. Consider that this per cent. is an insurance against the future. Look upon it as a debt which must be paid (all debts should be paid), and figure that this portion is not available for current expenses. As your income grows the amount you save will increase. . . . . .
