THURSDAY, MARCH 10, 1910.

The street car strike in Philadelphia is becoming a disgrace not only to the city but to the Nation. Intelligent people are being shot, and injured in other ways almost daily and business is carried on at great loss and disadvantage. Neither side seems strong enough to carry its point, and both are too stubborn to submit to a settlement by outside parties.

The great meat boycott which started out so bravely a few weeks ago has failed to make any impression on the meat prices and on Tuesday the prices at the Pittsburg stockyards topped any record since the Civil war with pork at $10.65. The farmers in this section are not worrying over these prices but several we know of, are getting busy with the idea of producing some of this high price meat.

The State wide local option bill was defeated at Annapolis last week by a vote of 50 to 48 in the House. Mr. Anderson was roundly scored by several of the members who complained of his methods in conducting his campaign, and not a few of his friends are of the opinion that his zeal carried him a little too far in some instances. The Caroline Delegates voted for the bill, but like most of the other measures which have come up at this session the party could not stand the pressure and it was killed.

President Taft has reappointed Hon. William F. Stone, Collector of the Port of Baltimore, and he will shortly enter upon his fourth consecutive term. His present term, however, will not expire for three months. When told of his reappointment on Tuesday Collector Stone said: "I am grateful to President Taft and the people of Baltimore—the president for honoring me with my appointment for a 4th term and the people of Baltimore who so strongly indorsed me. My gratification also extends to the Grand Army of the Republic, whose members were so active in my behalf.

The papers of Tuesday in speaking of the demand of Delaware that the Internal Revenue Collectorship be given to that State, said: "The various visits made by Senators Du Pont and Richardson and Representative Heald, who comprise the Delaware delegation in Congress, to the White House to induce the President to appoint the next Collector of Internal Revenue for the Maryland District from Delaware, because the State of Delaware is included in the Maryland District, have failed in their purpose, for President Taft has told the Delaware Congressmen that he will not vary the custom of all his predecessors, who have always regarded the Collectorship of the Internal revenue as part of the Maryland patronage. There is reason to believe that this announcement came to the Delawareans neither as a surprise nor as a disappointment. National Committeeman Jackson and State Chairman Hanna have on several visits to President Taft pointed out to him the vanishing proportion of the revenue collected from Delaware, and have shown him that the overwhelming majority of the business of the district is in Maryland. The office will, therefore, remain in Maryland.

Thomas C. Platt Dead.

Former United States Senator Thomas Collier Platt, Republican leader of New York for a score of years, died unexpectedly on Sunday, in his apartments, at 133 West 11th street. He would have been 77 years old if he had lived until July 15. The direct cause of Mr. Platt's death was acute Bright's disease.

He had no idea that he was to die Sunday morning, for a number of years had been given over to the reception of his sons and their wives and immediate friends, and so Sunday morning Frank H. Platt and wife, Edward T. Platt and wife, and Harry, whose wife died several years ago, visited Mr. Platt and chatted with him. He never appeared to be in brighter spirits to them until 1 o'clock, when they noticed a change in their father's condition. Dr. Outerbridge was quickly summoned and told the children that Mr. Platt's death was apparent. Mr. Platt was up and dressed at the time. He was put to bed and at 4 o'clock died without a murmur, without recognition of those about his bedside.

Late in the evening Mr. Platt's body was taken to the home of a son, Frank H. Platt, No. 272 West 74th street, and on Tuesday the body was taken to Oswego, where funeral services were held in the Presbyterian Church in that villiage, and Mr. Platt was buried in the churchyard beside the first Mrs. Platt who was his cousin.

Orphans' Court.

Orphans' Court was in session on Tuesday with Judges Clark, Liden and Fleetwood present and the following business was transacted:

Last Will and Testament of Willis Noble, deceased, admitted to probate. Letters testamentary granted to Wm. J. Bridegroom. Bond filed and approved. Notice to creditors ordered.

Mary E. Chambers made application for letters of administration on the personal estate of Charlotte Buckley, deceased, which was postponed.

Wm. H. Deen, administrator of James H. Ross, deceased, presented a list of Sperate debts, an account of interest, an account of rents, a first and final account of administration, and a Distribution, which were approved and passed.

Ora Carroll, administrator of Levin W. Poole, deceased, presented an account of rents, which was approved.

In the matter of the case of John T. Carter, Jr. against J. E. Ellwanger et al., administrators of John H. Bailey, deceased, evidence and argument heard and petition dismissed for want of jurisdiction without prejudice. E. W. Deen, Attorney for Petitioner, J. E. Ellwanger, Attorney for Defendant.

Court adjourned to March 15, 1910

How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.

NOW is The Time —AND— ROOP'S is The Place

To get New Wagons, Dearborns, Carts or to have your old ones repaired. We keep new ones on hand all the time, or we will build just what you want.

Now is the time to see to your drills and corn planters, and have new points and runners on your tools; we put them on, no difference what kind or make

If you need a drag or roller we can supply you at less than others will. If you want your carriage painted, new arms or any repairing done, here is the place to bring it as we keep a large stock on hand all the time, and our work is the best. The other shops will tell you that they do just as good, that shows that THEY TRY TO but, do they?

Try me and find out that my work is in a class to itself and the prices are right. I charge no more for first-class work than others do for theirs.

If Roop does it, it's right, that's all.

Stops the cough and heals lungs

A Run-Down Cow
is a Losing Proposition

The heavy grain ration and forced feeding for winter milk production tire out and weaken the digestive and milk secreting organs of your dairy cows.

When these organs become fatigued through ever-exertion, it is as impossible for them to perform their work properly, or to do the same amount of work, as it is for any other part of the body when in that condition.

In consequence the cow becomes "run-down," the milk supply dwindles and the animal often contracts some

SERIOUS DISEASE

These conditions exist inwardly long before they are noticed outwardly. Your first knowledge of any trouble when the milk decreases in quality and quantity, or when your cows have fallen a prey to disease—perhaps TUBERCULOSIS!

Fairfield's Blood Tonic and Milk Producer

keeps your cows from getting in that condition. It is a Scientific preparation specially compounded for animals that have FOUR stomachs and chew the "cud." It makes the winter foods easy to digest, saves the wear and tear on the digestive organs, and enables the cow to secure all the nutriment her food contains and turn it into the products that fatten her owner's pocket-book. Fairfield's Blood Tonic for Cattle only prevents and and cures disease by removing the cause.

IT EXTERMINATES GARLIC

when Fairfield's Blood Tonic for Cattle Only is fed regularly, and three-quarters of an hour before milking, it will positively remove all taint and taste of Garlic from milk and cream. Fairfield's Blood Tonic and Milk Producer makes cows give more, and richer milk; makes calves strong and healthy and causes steers to fatten in half the usual time. The dose is One Tablespoonful and a 50c package contains 60 doses—making it the most economical Conditioner on the market. It is sold under written guarantee by

SAVING
BY PER CENT.

Is one of the best and surest plans. Make it a rule to deposit a certain per cent. of your income or salary on pay day. Consider that this per cent. is an insurance against the future. Look upon it as a debt which must be paid (all debts should be paid), and figure that this portion is not available for current expenses.
