THURSDAY, MARCH 17, 1910.

A bill has been offered in the Legislature to make it compulsory on the part of the railroad companies to publish their time tables as a matter of information to the public.

From remarks we have heard on the street we are of the opinion Senator Goslin's bill to bond the county for $50,000 for good road purposes is not unanimously popular with the masses.

The House Committee on Tuesday made a nanimous report in favor of the raising of the battleship Maine, which was blown up in Havana harbor just before the opening of the war with Spain. The resolution provides also for the interment of the bodies found in the hulk of the old warship. For this purpose the committee asks an appropriation of $500,000.

The action of the Maryland House of Delegates in killing the Statewide Local Option bill was one of the greatest blunders that has happened at Annapolis this session. Mr. Anderson was not the issue; the issue was the right of the people to decide a question of moral and political right, and every man who voted against the bill made a thrust at the principles of true Democracy.—Federalsburg Courier.

Representatives of both sides in the Philadelphia street car strike met for a friendly talk on Tuesday and it was hoped that they would be able to settle their differences and allow business to resume its regular course. The conference was without results, however, and the conditions are now more serious than ever. The probabilities now are that a state-wide sympathy strike will take place. The Traction Company refused to make any concessions whatever to the strikers. The news now comes from Chicago that a strike of all the locomotive firemen on 47 railroads running West has been ordered. The cause is the refusal of the managers of the different lines to refer all questions to arbitration.

Congressman Hobson at Conference.

The speaker for the Wilmington Conference Temperance Anniversary, to be held at Salisbury, Md., on Saturday night, March 19, will be Congressman Richmond Pearson Hobson, of Alabama, the hero of the Merrimac, and now prominent in the political life of his native State. Congressman Hobson has been secured through the efforts of Superintendent Arters of the Anti-Saloon League, who, after hearing him on March 6th address an audience of 4,000 persons in the Lyric Theatre, in Baltimore, Md., bent every energy to secure him for the conference program and has succeeded.

Congressman Hobson has, since entering politics, taken a prominent position against the liquor traffic, and his efforts have done much to place Alabama in the prohibition columns. He will doubtless be heard with interest by the ministers and laymen who attend the conference session.

Orphans' Court.

Orphans' Court was in session on Tuesday with Judges Clark, Liden and Fleetwood present and the following business was transacted:

H. Judson Ramsdell and Harry E. Ramsdell were appointed to appraise the personal property of Elizabeth Dixon Nuttle, deceased, Thomas F. Garey, Jr., Adm., c t a

J. Roland Chaffinch, Executor of Tilghman F. Chaffinch, deed., presented an inventory and appraisement, which was approved.

In the matter of the sale of the real estate of Vaugha G. Todd, deceased, final order of ratification granted, A. G. Towets, Trustee.

Richard J. S. Bullock, Administrator of William H. Bullock, presented a list of sperate debts, afirst and final account of administration and a distribution, which were approved and passed.

Sarah F. Poole was appointed guardian for her minor child, Clinton S. Poole; bond filed and approved.

Rufus E. Poole and W. W. Noble Administrators of Henry M. Poole, presented release from heirs-at-law and also from Sarah F. Poole guardian for Clinton S. Poole, minor. Order granted authorizing administrators to pay distributive share of Clinton S. Poole to Sarah F. Poole, guardian.

Court adjourned to March 22.

Prefer Caroline.

Residents of a portion of upper Dorchester county, lying along the Caroline line, are signing petitions to the Legislature asking that an act be passed changing the line between the two counties and annexing part of Dorchester's territory to Caroline.

In addition to favorable action by the Legislature, the Constitution requires that a majority of the legal voters residing in the district, which under the proposed change, would be annexed to Caroline, shall consent to the change. The sentiment among the voters of the district is said to be favorable.

How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.

A Run-Down Cow
is a Losing Proposition

The heavy grain ration and the forced feeding for winter milk production tire out and weaken the digestive and milk secreting organs of your dairy cows.

When these organs become fatigued through ever-exertion, it is as impossible for them to perform their work properly, or to do the same amount of work, as it is for any other part of the body when in that condition.

In consequence the cow becomes "run-down," the milk supply dwindles and the animal often contracts some

SERIOUS DISEASE

These conditions exist inwardly long before they are noticed outwardly. Your first knowledge of any trouble when the milk decreases in quality and quantity, or when your cows have fallen a prey to disease—perhaps TUBERCULOSIS!

Fairfield's Blood Tonic and Milk Producer

keeps your cows from getting in that condition. It is a Scientific preparation specially compounded for animals that have FOUR stomachs and chew the "cud." It makes the winter foods easy to digest, saves the wear and tear on the digestive organs, and enables the cow to secure all the nutriment her food contains and turn it into the products that fatten her owner's pocket-book. Fairfield's Blood Tonic for Cattle only prevents and and cures disease by removing the cause.

IT EXTERMINATES GARLIC

when Fairfield's Blood Tonic for Cattle Only is fed regularly, and three-quarters of an hour before milking, it will positively remove all taint and taste of Garlic from milk and cream. Fairfield's Blood Tonic and Milk Producer makes cows give more, and richer milk; makes calves strong and healthy and causes steers to fatten in half the usual time. The dose is One Tablespoonful and a 50c package contains 60 doses—making it the most economical Conditioner on the market. It is sold under written guarantee by

Is one of the best and surest plans. Make it a rule to deposit a certain per cent. of your income or salary on pay day. Consider that this per cent. is an insurance against the future. Look upon it as a debt which must be paid (all debts should be paid), and figure that this portion is not available for current expenses.
