Fifty Dollars Reward.

SOME evil disposed person or persons came to the seat of the subscriber, about one mile from town, on the Frederick-town road, on Thursday night, the 8th instant, went into the garden, and in the most wanton and malignant manner, cut down with a knife, hoe, or other sharp instrument, upwards of one hundred heads of his best cabbages, *(leaving them strewed in the walks,)* several celery beds, and about a dozen of handsome young fruit trees; also dug up several beds of fine cabbage plants, herbs, &c.—and, in order to complete their malignity, set open three of the garden gates and drove in the cattle to finish the depredations they had begun.
On Saturday evening last, the 24th instant, the same evil disposition was renewed, and much mischief done, by cutting up cabbages, celery and endive beds, &c.
There are strong reasons to suppose, that the perpetrators were *well* acquainted with the place, and that their voice was familiar to two watchful dogs, who, contrary to their usual custom, were very silent on both these nights.
The above reward of fifty dollars will be paid to any person or persons, who will discover the perpetrator or perpetrators, so as he or they may be dealt with according to law.
N. B. The suspected characters were seen repeatedly lurking about the place about the time the mischief was done.

BEING warmly solicited by a number of my friends in the city and county, to offer myself as a candidate for the important office of SHERIFF, I have taken the liberty respectfully to solicit the suffrage of my fellow-citizens at the ensuing election for that office: and as my present engagements in the county clerk's office will prevent my personal application to a number of the voters of said county, I must therefore beg the indulgence of them and my friends, assuring them, that should I be so fortunate as to meet their approbation, nothing shall be wanting on my part to give general satisfaction in discharging the several duties attached to said office.

A CARD.

H. O. HEBERT (from Philadelphia) solicits the attention of the citizens of Baltimore in general, and invalids in particular, to his "*Air Pump Vapour Bath*," a machine constructed on true philosophical principles, the efficacy of which in gout, rheumatism, palsy, contractions and enlargements of joints, withered and enlarged limbs, cutaneous and many other diseases, both chronic and acute, can be testified by many respectable persons who have had recourse to it.
This machine comprehends and combines the application of fomentation and the cupping glass, two of the most powerful external applications for the removal of disease, and that on a plan more extensive than was ever before known.
As many persons who have never seen the apparatus might be deterred from using it, either from the reports of prejudiced persons, or fear, they are respectfully assured that its application is not attended with either pain or inconvenience—It possesses all the good effects of warm bathing, without its attendant consequences, debility and relaxation; on the contrary, it invigorates and strengthens the whole system, but particularly the part to which the machine is applied. Persons desirous of further information respecting the nature and effects of this machine, will please to apply to the proprietor, at No. 3, East-street, near the assembly room.
N. B. "The Air Pump Vapour Bath" is particularly adapted for the removal of all obstructions occasioned by violent colds, which are the forerunners of consumptions, &c.
Complaints peculiarly incident to females, which too generally baffle the remedies hitherto applied, and to which they frequently fall victims in the prime of life, are readily and effectually removed by the application of this machine.

Patent Horizontal Wind-Mill.

THE subscriber offers to the gentlemen farmers and others of Maryland, and the other states, an invention, which for utility has not been exceeded by any piece of mechanism which this or perhaps the last century can boast of. It is a peculiarly, though simply, constructed *horizontal* Wind-Mill, adapted to the grinding of all sorts of grain, and at the same time threshing out wheat and rice, fanning them and pounding the latter, powdering plaster of Paris, cutting tobacco, &c. &c. Its aptitude to all those various and useful purposes, will be more easily and justly estimated by a view of the machine itself, than from any description that can be given here.—A model of this wind-mill can be viewed on Federal Hill, where it is kept for the convenience of shewing it in operation, by applying to Mr. Marche, No. 4, south Gay-street, by whom also the terms will be made known for the model only to erect a mill by, or for the patent right for a whole state; or by

Parents whose children shall be intrusted to his care may depend on his most particular attention, as genteel and good manners are the basis of his school.
Grown persons will be taught privately, in the most fashionable style either at his academy or at their own houses.

Valuable Lands and Lots

FOR SALE.
I Will Sell, on liberal terms of payment, to accommodate purchasers, the following Property, bequeathed to me, in trust with power to sell, by the late Mr. Thomas Dick, of Bladensburg, viz.
THE valuable Farm which he had in his own possession, and lands adjoining thereto, containing in the whole upwards of 1300 acres. These lands are situated to the northward of Bladensburg, on the Eastern Branch of Potowmak river, about three miles distant from that town, on a fine level road. From Bladensburg to the City of Washington, by land, the distance is four miles, and by water five; and the Eastern Branch is navigable for large craft to said town. There is a great abundance of wood on the lands, and they are well watered in every respect; have a considerable quantity of rich bottom, some of which is already in grass. The improvements on the farm are good, and the whole under good fences. These lands can conveniently be laid off into three parcels, with improvements to each, and will be sold together or separately.
Part of a tract of Land, called Hills and Dales, lying in Montgomery county, on the north-west branch of the Eastern Branch of Potomak, about six miles from Bladensburg, and about the same distance from Washington, containing 70¼ acres.
Part of another tract, called Crawford's Adventure, lying to the south-east of Bladensburg, nearly adjoining the town, and adjoining the lands of the late Richard Henderson, esq. containing 160 acres all in wood. And 83½ acres of valuable Marsh and low land, on the said Eastern Branch, about half a mile below that town, and adjoining the said lands of the late Mr. Henderson.
The House and Lot in Bladensburg, on which the late Mr. Dick resided, containing about six acres; this is one of the best situations in the town, is generally admired, and commands a very extensive view. There is a good garden, ice house, stable, and all other offices necessary for the accommodation of a private family, and the lot and garden properly inclosed, and all in good order.
One other lot or parcel of Ground, adjoining the town lots, near the above mentioned house, and contiguous to the residence of Richard T. Lowndes, esq. containing 9⅝ acres.
Also, Lot No 7, in square No. 704, in the City of Washington, being the north-east corner of that square, containing 9388 square feet.
A further description of the property is considered unnecessary, as persons inclined to purchase will doubtless satisfy themselves by viewing the same. Mr. John Hough, at present residing in Bladensburg, will shew the property, and the terms may be particularly known on application to him, or to
JOHN LAIRD, Trustee.
N. B. I hold 246½ acres of Land, adjoining the above mentioned tract of Hills and Dales, which may be advantageous and desirable for the purchaser of the latter to have—and I will sell the same on similar terms. *John Laird.*
