H. E. RAMSDELL Editor.

THURSDAY, MAY 26th, 1910.

"A new broom sweeps clean;" now watch the street improvements.

It is explained that the long session of Congress will make a short campaign. If that is so let 'em sit all summer.—Towson Union.

The appointment of Mr. Albert G. Towers as Naval Officer, mentioned last week, was confirmed by the Senate on Thursday last. Mr. Towers wil prove a thorough and efficient officer and his many friends in the county, Democrats as well as Republicans are highly pleased at his appointment.

Although land prices on the Peninsula have been gradually rising for some time, a noticeable impetus to real estate values in this county has followed the inauguration of the system of State roads. In many cases prices have doubled, and stretches of farming country considered undesirable even in recent years, are being developed.

The rich Pittsburg grafters sent to jail, who had made arrangements to live luxuriously, while in confinement, were struck with dismay when told they would have to eat prison fare like the other convicts or go hungry. When the fiction that the law regards rich and poor alike occasionally becomes fact that fact is exceedingly impressive.

The increase in population, as shown by the present census, will increase the representation of some of the counties in the House of Delegates. Indications point to the probability of an increase of one member in the lower house, in the following counties: Alleghany, Caroline, Anne Arundel, Charles, Frederick, Garrett, Howard, Kent, Somerset and St. Mary's.

According to an estimate made by Chief Engineer Marshal, of the United States Army, it will cost in the neighborhood of half a million dollars to defray the cost of raising the battered hulk of the Maine in Havana harbor. He says it will take the full amount appropriated by Congress—$100,000— to begin the initial work of preparation. The Engineer says the proper way to raise the vessel would be to build a cofferdam around the wreck and then pump the water out, thus permitting the removal of the bodies and a thorough examination of the hull. Perhaps if this method is used it would settle definitely the question whether the vessel was sunk from an explosion from within or from a torpedo against the hull.

HOW TO MAKE A LIVE TOWN.

No town will become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to town. Too often the men in a few lines of trade are about the only ones that reach out after custom. Other merchants wait until these men induce the people to come to town and content themselves with trade that naturally drifts to their place. A public spirited man should ask himself if he is doing his part to attract people to come to town to trade in helping the entire business community and no town is a success unless all lines are working to extend the trade as far as possible, and trying to bring a larger territory into the circle of which the town is the business center.

A MINNESOTA PREDICTION.

One of the hard-headed "country" editors in Minnesota makes the comment that "the idea of teaching every girl to thump the piano and every boy to be a bookkeeper will make potatoes worth eight dollars per barrel in another twenty years."

There is more truth than poetry in this prediction. There are too many girls and boys wasted solely because they do not have their hands turned toward something that is to count. Knowing how to play a piano is all right if a girl also knows how to make bread or prepare a good meal. Bookkeepers are needed all the time, but the life of a bookkeeper has no allurements to the wise youth who takes the time to make a tour of offices where men spend their lives delving over figures and making up accounts.

The pay of the average bookkeeper is just enough to keep him going, and nothing else. His environment is narrowed and life is merely one great grind. The boy who takes up farming along the lines so well established in these days has something to work for. Many an excellent farmer has been lost by sending a boy into an office to become a plodder for whom advancement is ninety-nine times out of one hundred impossible. No wonder the farm land of the country is being taken up and held in great trac[illegible] The farmers' boys

One Dose for Coughs

Children cough at night? Give them Ayer's Cherry Pectoral. Often a single dose at bedtime will completely control the cough. Good for any one with a cold or cough. Good for easy cases, hard cases; good for acute cases, chronic cases. Ask your doctor to tell you, honestly and frankly, just what he thinks of this old standard remedy. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

A lazy liver makes a lazy boy. An active brain demands an active liver. No better laxative for boys and girls than Ayer's Pills. Ask your doctor about them. He knows.

For the exceptional boy there is always a field in the city, but for the ordinary boy opportunities for success are far greater in the country. Prosperity of the farmers, to judge by the lament of the Minnesota editor, means that the boys imagine they are ambitious when they strike out for the city to lose their individuality and to become mere cogs in the great machine. What the girls and boys need to do is to get it into their heads that playing the piano and keeping books—one a pastime and the other a dreary line of work—is not the sum total of real progress. The man who raises potatoes is doing more for his fellows than the unfortunate one who lives all his life making figures in books.—Wilmington Morning News.

WHERE TRADE IS BRISK.

Wendell Phillips was, on one occasion, lecturing in Ohio, and, while on a railroad journey going to keep one of his appointments, he met in the car a crowd of clergy, returning from some sort of convention. One of the ministers felt called upon to approach Mr. Phillips, and asked him: "Are you Mr. Phillips?" "I am sir." "Are you trying to free the niggers?" "Yes, sir, I am an abolitionist." "Well, why do you preach your doctrine up here? Why don't you go over into Kentucky?" "Excuse me, sir, are you a preacher?" "I am sir." "Are you trying to save souls from hell?" "Yes, sir, that's my business." "Well why don't you go there?" The assailant hurried into the smoker amid a roar of unsanctified laughter.—Everybody's Magazine.

Orphans' Court.

Orphans' Court was in session on Tuesday with Judges Clark, Liden and Fleetwood present and the following business was transacted:

Jas. E. Wright, administrator of Fred F. Wright, presented account of sales, which was approved.

William T. Carroll was appointed Executor of Emily J. Carroll, deceased. Bond filed and approved. Notice to creditors ordered. Jos. H. Price and W. K. Miley were appointed to appraise personal property.

Zenie Wilson and Adam Hamilton, administrators of John T. Wilson, presented appraisers return of valuation of real estate, which was approved.

Chas W. Edgell, administrator of Arthur J Andrew, presented account of sales, which was approved.

Last Will and Testament and Codicil of Annie M. Emerson, deceased, admitted to probate. Letters testamentary granted to P. Roland Fisher. Bond filed and approved. Notice to creditors ordered. Clinton Cook and C. Leslie Walls were appointed to appraise personal property. T. Alan Goldsborough, attorney.

Court adjourned to May 31, 1910.

COMMANDER JULIUS A. PRATT POST NO. 143 DEPT. ILL., G. A. R.

Mr. Isaac Cook, Commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache and the painful bladder misery is gone I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity." Sold by C. H. Redden, Denton, Md.

How To Cure Rheumatism.

The cause of Rheumatism and kindred diseases is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. Rubbing with Oils and Liniments will not cure, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure Rheumatism than paint will change the fibre of rotten wood.

Science has at last discovered a perfect and complete cure, which is called "Rheumacide." Tested in hundreds of cases, it has effected the most marvelous cures; we believe it will cure you. Rheumacide "gets at the joints from the inside" sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys, and makes you well all over. Rheumacide "strikes the roots of the disease and removes its cause." This splendid remedy is sold by druggists and dealers generally at 50c and $1.00 a bottle. In tablet form at 25c and 50c a package. Trial bottle of tablets sent by mail on receipt of price 25c. Booklet free. Write to Bobbitt Chemical Co., Baltimore, Md.

For sale at Duffey's Pharmacy Denton, Md., and Hillsboro, Md.

BURRSVILLE.

Both Churches are preparing for Children's Day.

Messrs. Alex. Darrah, of Clayton, and Ernest Collins of Smyrna, Del., made an automobile trip here on Tuesday and were the guests of Misses Mary V. Darrah and Iva A. Russell.

Miss Florrie Dill entertained the Epworth League at her home here on Friday evening. The evening was very pleasantly spent in song, besides recitations by Misses Mary Breeding and Nettie Morgan, reading by Miss Bertha Baker, a solo by Miss Helen Ross and a duet by Misses Mary V. Darrah and Florrie Dill. At a late hour the guests were invited to the dining room, where ice cream, cake and home made candies and fruit were served in abundance.

On Thursday evening, of last week, May Day was observed in the public school here by the rendering of a program which would vie with any school in the county. Our efficient teacher, Miss Darrah, used much time and patience in training the pupils for this exercise. At 8.15 the curtain rose and the children, numbering about 50, were seated in rows on the platform. Miss Iva Russell read the program and Miss Darrah presided at the organ. The exercise opened with a song by the school, "Ho, Ho, Vacation Days Are Here," this was followed by a prayer by Rev. T. J. Sard. The children then held the audience spellbound for about one hour with their appropriate recitations, songs, drills and dialogues. Too much credit can not be given both teacher and pupils for this inspiring exercise. At the close of the program a very entertaining debate took place, the question being—Resolved, that the discovery of America was of more benefit to the world than the invention of the Printing Press. This was a very close question and was ably handled by both sides: John Stallman and Henry Blight were for the affirmative and Fred Bailey and Wesley Thawley the negative. The judges gave the affirmative 1-2 of one per cent victory over the negative. Rev. J. T. Bailey then addressed the parents and visitors on the relation of the parents to the teacher, and gave some excellent advice, after which all went to their homes.

KEPT THE KING AT HOME

"For the past year we have kept the King of all laxatives — Dr. King's New Life Pills—in our home and they have proved a blessing to all our family," writes Paul Mathulka, of Buffalo, N. Y. Easy, but sure remedy for all Stomach, Liver and Kidney troubles. Only 25c at C. H. Redden's Denton, A. L. Duffy's, Hillsboro, Md.

THE announcement was some months ago authoritatively made that the Peoples Bank would raise the interest rate, paid by the institution, from three to

FOUR PER CENT. ON DEPOSITS

in the Savings Department. The time for the beginning of this increase has been fixed as May 1st, 1910. Four per cent., when the great convenience afforded for a quick investment, without expense, is considered,

IS A VERY DESIRABLE INTEREST RATE

It costs nothing to make this investment, in the way of fees, etc., and it may be withdrawn promptly, at any time, likewise without the least trouble or cost.

The depositing in the Savings Department of the Peoples Bank is especially desirable in the case of various sums of money which would lie dormant and unprofitable, yielding nothing at all. The

Savings Department of The Peoples National Bank

was instituted several years ago, and is now more than ever before a most convenient and valuable incentive for every one to begin to accumulate capital. Of special importance to young people, who wish to begin the foundation of their business careers, is the Savings Department of this Bank. An account may be easily made to grow and become

THE NUCLEUS OF A FORTUNE OF FUTURE YEARS

A good beginning is very essential in all the affairs of life, and especially is needed in starting business life. The Peoples National Bank, being an institution examined regularlarly by the Government's officers and under the supervision of the Comptroller of the Currency, and with a directorate of substantial business men, furnishes the very best security to be found for the safekeeping of funds of all kinds. All are invited to call and inspect the Peoples Bank, its solid and impenetrable vault, learn of the ample security which is back of every dollar left at the institution, and open accounts.

P.N.B.

WHAT EVERYBODY WANTS.

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted. Foley's Kidney Remedy will restore your kidneys and bladder to their normal state and activity. Sold by C. H. Redden, Denton, Md.

Sheriff's Sale
—OF—
REAL ESTATE
In Marydel, Md.

By virtue of a writ of fieri facias issued out of the Circuit Court for Caroline County, on the 14th day of May, 1910, and to me directed, at the suit of the Denton National Bank, an incorporated body under the laws of the United States, against the land and tenements of Charles D. Cleaver, hereinafter described, I will offer and expose at public sale, for cash, to the highest bidder, in front of the Court House, Denton, Maryland, on TUESDAY, JUNE 14, 1910, between the hours of two and four o'clock P. M. All that lot in the town of Marydel, Caroline County aforesaid, on Main street or Railroad Avenue, adjoining the lands of Samuel C. Faulkner, John H. Bowdle and the property of John D. Voshell, deceased, and others, being the same property conveyed by Susie D. Garman to Charles D. Cleaver and wife by deed dated May 14, 1904, and recorded in Liber T. L. D. No. 69, Folio 269, one of the Land Record Books for Caroline County, aforesaid, to pay and satisfy said writ, debt, interest and cost.

THOMAS L. CHAFFINCH,
Sheriff of Caroline County, Md.

The Denton National Bank

HAS OPENED A

Savings Department

To be operated in connection with the general banking business of the institution.

We will allow interest at the rate of

4 per Cent. per Annum

on the amount that has been to the credit of the depositor in this department for a full interest period of four months.

The terms of this department are similar to those of savings banks generally, and the rules and regulations adopted have been approved by the Comptroller of the Currency.

The advantages of a regular savings bank are thus afforded to the community, and deposits are respectfully solicited.

For full particulars inquire or address the Bank. By order of the board of directors.

Harvey L. Cooper,
President.
