News From The Phillies

By "STAN BAUMGARTNER"

Hershel Martin, young centerfielder of the "Phils" once pitched a no-hit game in college. "I had a good fast ball and no curve," said Martin, "and that was enough in college."

Do you know that "Chuck" Klein has hit only 18 less homers in his major league career than Mel Ott and he has played only 9 years to Ott's 11. Klein has hit 257 home runs, Ott 275.

Jimmy Wilson, "Chuck" Klein and "Pinkey" Whitney are the only members of the "Phillies" who have batted in more than 500 runs during their major league careers.

Jack Benninghoff, lanky six feet five inch recruit hurler of the "Phillies" is also a crooner of note. He turned down an opportunity to sing for Paul Whitman to try his hand at pitching. Incidentally he has the largest feet in camp.

Hal Kelleher, young righthander of the "Phillies" who has a motion which reminds baseball men of Eddie Rommell, formerly of the "Athletics" is going to try and develop a knuckle ball similar to Rommel's. It should make him very effective.

Bob Burke and Wayne La Master, the two southpaws on the "Phillies" roster are exactly opposite in build. Burk is tall and slim while La Master is short and stocky. Both should make the grade this year.

Manager Jimmy Wilson of the Phillies believes that every youngster who comes up from the Minor Leagues should spend a year on a Major League bench before he is sent into action.

"This is particularly true of infielders who must learn where to play for hitters before they can reach their greatest efficiency," said Wilson.

Syl Johnson is the best golfer in the "Phillies" team. He plays in the high 70's on some days. Honus Lobert, the coach, is almost the worst.

"Lobert plays civil war golf," declared "Bucky" Walters. "He goes out in 61 and comes back in 65."

"Bucky" Walters, right handed pitcher who won 11 games for the "Phillies" last year is now the proud father of a seven pound boy. "I'll win 20 games this season" declared the pitcher when he heard the news.

"Poor fielding—not poor pitching cost his pitching staff 25 victories last season," declared manager Wilson of the "Phils" a few days ago. "I used to sit on the bench and almost cry as I watched ground and fly balls escape that should have been caught with ease."

"With Love and Kisses"

So his letter ended. Who would disapprove? Kisses on paper are quite safe.

"Every mouth-kisser should be jailed," someone recently said.

A harsh judgment, perhaps, but one that might well stop the onward march of disease.

Tuberculosis is readily spread by "lip contact." Protect yourself and your family.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—*life itself*—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use *Doan's Pills*. They have had more than forty years of public approval. Are endorsed the country over. Insist on *Doan's*. Sold at all drug stores.

OPERA SEMI-FINALISTS

FOR the second consecutive year the "Metropolitan Opera Auditions of the Air" program, heard every Sunday afternoon from 3:00 to 3:30 p.m., EST, over an NBC-WEAF network, arrives at the crucial point of choosing the best singers of the season from a picked group of semi-finalists.
