Honors for Collector Stone.

Elaborate preparations have been made for the celebration at the Custom-house on July 1 when Collector Stone enters upon his fourth consecutive term. This is not a political affair, but was gotten up and arranged by the business men representing large commercial interests who obtained permission from the Secretary of Treasury direct to permit them collectively to assemble in the Custom-house on July 1 and carry out a program they submitted.

This will be the first time in the history of the port that such a tribute has been paid to a collector of customs, and proves the high esteem in which Mr. Stone is held, not only by his subordinates but by men whose business brings them in almost daily contact with the head of the federal service in this city.

Dr. James H. Butler, United States Appraiser, will call the assemblage to order and make the opening address. He will be followed in turn by Mr. Joseph R. Foard, president of the Joseph R. Foard Company, and Mr. James C. Gorman, general manager of the Atlantic Transport Company. The collector will then be expected to make reply.

Immediately following these addresses Mr. Stone will be sworn in by a justice of the peace, and the signed acknowledgement will becertified by the clerk of the Supreme Court, Mr. Stephen R. Little, who is expected to be present.

After Mr. Stone has qualified, he will in turn swear in Dr. Robert A. Ravenscroft as surveyor of customs and Mr. Albert G. Towers as naval officer.

A rendition of "The Star Spangled Banner" by the band will conclude the exercises, which will be followed by a reception in Mr. Stone's office. Assisting the collector will be Collector of Internal Revenue Phillips Lee Goldsbourough, Surveyor Ravenscroft, Naval Officer Towers, Treasurer C. C. Pusey, Dr. Butler and Mr. J. C. Wilmer, United States Appraiser.

TENNESSEE POLITICS.

The brewers are using a wet governor to overthrow prohibition. This wet governor has already pardoned 950 criminals, 231 of them murderers. The Coopers, father and son, who assassinated Senator Carmack on the streets of Nashville, to get him out of the way of Governor Patterson who desired to succeed himself, have also been pardoned by this booze governor. They were condemned to twenty years imprisonment and when the supreme court confirmed the sentence, this iniquitous governor shamelessly pardoned his henchmen and they are now at liberty. This is the worst abuse of the pardoning power we know of and should be sternly rebuked by the state and nation. Senator Carmack was as much a martyr to prohibition as was George C. Haddock.—Baltimore Methodist.

WORTH REPEATING.

Bishop McDowell tells a good story on himself: He was holding one of the colored Conferences of the South when, on calling the roll of the superannuates, one aged brother arose and began to pay personal tribute to the presiding officer: "Bishop" he said, "I's seen several big men a-settin' in that chair you's oc-pyin'. I's seen Bishop Simpson in that chair, an' I's seen Bishop Andrews in that chair, an' I's seen Bishop Warren in that chair. But, in my humble judgment, not one of them notabilities filled that chair with any more credit an' glory than you is doin' right now." But, just as Bishop McDowell was swelling with pride and self-congratulation, the good old veteran added as he was sitting down, "But I's gittin' mighty ol' now and my frien's tell me my judgment ain't as good as it once was."—Western Christian Advocate.

President Taft is expected to attend a celebration of the Brotherhood of Railroad Trainmen at Wilmington, Del., on July 30th. The meeting will be held at Brandywine Springs and it is intended to have the executive deliver an address under a big oak tree where Washington and his generals held a council of war previous to the battle of the Brandywine.

Count Zeppelin's great airship, the dirigible baloon, Deutchland, was caught in a gale on Monday and, after remaining in the air for over ten hours, alighted on the top of a forest, about forty feet from the ground. The airship carried about 20 newspaper men besides the crew, but all escaped without injury except a few bruises. One of the motors broke down and the ship was unable to land.

PENNSYLVANIA RAILROAD

AEROPLANE RACES

AVIATION WEEK AT ATLANTIC CITY

It is not a far cry back to "Darius Green and his flyin' machine" when aerial navigation was considered impossible.

Today Atlantic City is preparing for a great Aviation Meet from July 2 to 11, when three of the greatest flyers of the modern world will demonstrate their mastery of the air.

Glenn H. Curtiss, the holder of the world's record for speed, will fly daily from July 4 to 11.

Walter E. Brookins, who holds the record for high flying, will give exhibitions from July 7 to 11 in a Wright aeroplane.

This is the first contest between the Wright and Curtiss machines.

It is also expected that Charles K. Hamilton, the great long distance aviator, will be present and race from July 7 to 11.

There will be prize events each day, including a fifty-mile flight over a five mile course, and prize high flying, July 7 to 11, directly over the beach front and ocean.

The Pennsylvania Railroad is the direct route to Atlantic City, and excursion tickets are on sale from all points. Connections are made in Broad Street Station, Philadelphia, with trains over the Delaware River Bridge, all-rail route. [6-30

The Forty-third Annual Convention of the State Teachers' Association is now in session at Ocean City. The State's educators will, no doubt, enjoy the few days spent by the ocean, and the gathering of so many up-to-date teachers, with new experiences and new ideas, cannot fail to prove profitable to all who attend.

By a decision rendered by Judge Adkins on Tuesday, it will hereafter be necessary for magistrates in committing violators of the Local Option Law to the House of Correction, to not only state that they sold liquor, but also to give the name of the buyer.

THE announcement was some months ago authoritatively made that the Peoples Bank would raise the interest rate, paid by the institution, from three to

FOUR PER CENT. ON DEPOSIT

in the Savings Department. The time for the beginning of this increase has been fixed as May 1st, 1910. Four per cent., when the great convenience afforded for a quick investment, without expense, is considered,

IS A VERY DESIRABLE INTEREST RATE

It costs nothing to make this investment, in the way of fees, etc., and it may be withdrawn promptly, at any time, likewise without the least trouble or cost.

The depositing in the Savings Department of the Peoples Bank is especially desirable in the case of various sums of money which would lie dormant and unprofitable, yielding nothing at all. The

Savings Department of The Peoples National Bank

was instituted several years ago, and is now more than ever before a most convenient and valuable incentive for every one to begin to accumulate capital. Of special importance to young people, who wish to begin the foundation of their business careers, is the Savings Department of this Bank. An account may be easily made to grow and become

THE NUCLEUS OF A FORTUNE OF FUTURE YEARS

A good beginning is very essential in all the affairs of life, and especially is needed in starting business life.

The Peoples National Bank, being an institution examined regularlarly by the Government's officers and under the supervision of the Comptroller of the Currency, and with a directorate of substantial business men, furnishes the very best security to be found for the safekeeping of funds of all kinds. All are invited to call and inspect the Peoples Bank, its solid and impenetrable vault, learn of the ample security which is back of every dollar left at the institution, and open accounts.

NOW is The Time AND ROOP'S is The Place

To get New Wagons, Dearborns, Carts or to have your old ones repaired. We keep new ones on hand all the time, or we will build just what you want.

Now is the time to see to your drills and corn planters, and have new points and runners on your tools; we put them on, no difference what kind or make.

If you need a drag or roller we can supply you at less than others will. If you want your carriage painted, new arms or any repairing done, here is the place to bring it as we keep a large stock on hand all the time, and our work is the best. The other shops will tell you that they do just as good, that shows that THEY TRY TO but, do they?

Try me and find out that my work is in a class to itself and the prices are right. I charge no more for first-class work than others do for theirs.

If Roop does it, it's right, that's all.
