THURSDAY, JULY 7, 1910.

Col. J. Frank Supplee respectfully declines to be a candidate for Republican Congressional nomination in the Fourth district, in a letter sent to Dr. William S. Booze, who presided at the meeting which tendered the honor to the Colonel.

While prize fights in themselves are degrading and beastly, the recent event was quite decent compared to the disreputable outbreaks of race hatred displayed because a black man won. It is thought, and it is to be hoped, that the sentiment will grow, that the Johnson-Jeffries fight marks the end of that brutal sport in the United States.

Hon. Frank C. Wachter, former Congressman for four terms in the Third Congressional district, died at 11 o'clock on Friday last. Mr. Wachter was one of Baltimore's most popular men and for many years was recognized as a leader in Republican politics. He declined a nomination for Congress in 1906 and visited Germany. He was once defeated as the Republican candidate for mayor of Baltimore by a very small majority. No man had more friends in the city than Frank C. Wachter.

Chief Justice Melville W. Fuller of the United States Supreme Court, the eighth occupant of that exalted position since the foundation of the Government, passed away suddenly in his native state of Maine on the anniversary of the nation's birth, after a term of service exceeded only by that of Marshall and Taney. He was in his seventy-eighth year and had been on the Supreme Bench twenty-two years, having been appointed by President Cleveland in 1888. Justice Fuller was a Democrat and one of the ablest members of the Supreme Court. President Taft will have the appointment of the new Chief Justice, and a younger man, in the opinion of many, will be an advantage to the Court.

PENNSYLVANIA RAILROAD

AEROPLANE RACES

AVIATION WEEK AT ATLANTIC CITY

It is not a far cry back to "Darius Green and his flyin' machine" when aerial navigation was considered impossible.

Today Atlantic City is preparing for a great Aviation Meet from July 2 to 11, when three of the greatest flyers of the modern world will demonstrate their mastery of the air.

Glenn H. Curtiss, the holder of the world's record for speed, will fly daily from July 4 to 11.

Walter E. Brookins, who holds the record for high flying, will give exhibitions from July 7 to 11 in a Wright aeroplane.

This is the first contest between the Wright and Curtiss machines.

It is also expected that Charles K. Hamilton, the great long distance aviator, will be present and race from July 7 to 11.

There will be prize events each day, including a fifty-mile flight over a five mile course, and prize high flying, July 7 to 11, directly over the beach front and ocean.

The Pennsylvania Railroad is the direct route to Atlantic City, and excursion tickets are on sale from all points. Connections are made in Broad Street Station, Philadelphia, with trains over the Delaware River Bridge, all-rail route. [6-30

THE announcement was some months ago authoritatively made that the Peoples Bank would raise the interest rate, paid by the institution, from three to

FOUR PER CENT. ON DEPOSIT

in the Savings Department. The time for the beginning of this increase has been fixed as May 1st, 1910. Four per cent., when the great convenience afforded for a quick investment, without expense, is considered,

IS A VERY DESIRABLE INTEREST RATE

It costs nothing to make this investment, in the way of fees, etc., and it may be withdrawn promptly, at any time, likewise without the least trouble or cost.

The depositing in the Savings Department of the Peoples Bank is especially desirable in the case of various sums of money which would lie dormant and unprofitable, yielding nothing at all. The

Savings Department of The Peoples National Bank

was instituted several years ago, and is now more than ever before a most convenient and valuable incentive for every one to begin to accumulate capital. Of special importance to young people, who wish to begin the foundation of their business careers, is the Savings Department of this Bank. An account may be easily made to grow and become

THE NUCLEUS OF A FORTUNE OF FUTURE YEARS

A good beginning is very essential in all the affairs of life, and especially is needed in starting business life. The Peoples National Bank, being an institution examined regularlarly by the Government's officers and under the supervision of the Comptroller of the Currency, and with a directorate of substantial business men, furnishes the very best security to be found for the safekeeping of funds of all kinds. All are invited to call and inspect the Peoples Bank, its solid and impenetrable vault, learn of the ample security which is back of every dollar left at the institution, and open accounts.
