The Subscriber

IS authorised to receive Subscriptions of Stock in the WASHINGTON TONTINE. Persons disposed to subscribe, will please to make early application. The views of Mr. Stoddert will be best explained by his letter to me—an extract from which I subjoin.

FRANCIS JOHONNOT.

—

"George-town, October 29, 1805.

"I hope those in Baltimore, who mean to adventure in the Tontine, will make their subscriptions in November, and the earlier in that month, the more agreeable it will be. I want, if possible, to have the whole completed by the first of December, that I may have one month to employ in arranging every thing relating to this institution, in a way, so clear, as to avoid the possibility, at least the probability of altercation hereafter. You know that on the 31st of December every single share of stock must depend upon some life, which cannot afterwards be changed. I wish, indeed, by attention beforehand, to avoid every thing like the necessity of alteration or even explanation afterwards. I mean particularly in regard to the description of the lives chosen for the stock to depend upon.

"In the list you sent me of subscriptions, the description of the lives is not full enough. In but few instances have you mentioned their places of residence; I presume they are all of Baltimore; but I ought to be certain. In some instances you have omitted the names of the parents, in others, their residence—all these things are necessary. Be so good as to send me another list, supplying every thing that the second article of the institution requires. A time will come, when the existence or non-existence of a single share, will be worth a contest.

"I informed you, or meant to do so, sometime ago, that the title to the lots had been examined and approved of by Messrs. Key and Mason, and that the deeds had been drawn and recorded under their direction, as provided by the first article. This was done, I think, in May. The lots have been lately placed in the hands of an agent for sale, and a few have been sold to sufficient profit. The real interest of the institution will probably be best served, by suffering no sales until better times: but it has been thought right to fix the foundation now, for dividends in 808." At the Merchants' Coffee-house, Philadelphia, on SATURDAY, *the 16th November next, at 7 o'clock, P. M.*

ALL that very Valuable Estate situate on Wading river, a branch of Little Egg-harbor river, in the county of Burlington, state of New-Jersey, within two miles of the post road from Philadelphia to Tuckerton, containing about 15,000 acres of land, whereon is erected a Blast Furnace, as large and substantial as any in the state, in good repair, and noted for the soft and good quality of the iron, and abundant yield; also, a grist-mill, saw-mill, stamping-mill, a good mansion house, with a number of tenements, sufficient to accommodate all the workmen, a two-story house for the clerk or founder, a store-house, barn, and stabling sufficient for all the teams, a good large cow-shed, coal-house, hay-house, carriage and spring-house, a thriving apple and peach orchard.—A large part of the land remains in timber, and what has been cut off is growing up again. The purchaser, if he chooses, can have the personal property at a valuation, and on easy terms.

Any person wishing further information, or inclining to view the premises, will please apply to *Robeson & Pauls,* 53, north Water-street, Philadelphia, or to *Jesse Evans,* on the premises. The conditions, which will be easy, will be made known at the time of sale.

Vaccine Inoculating Room.

DOCTOR SMITH having been again successful in preserving the Vaccine Matter through the summer months, is now supplied with that which is fresh and genuine. He continues his Inoculating Room on the same easy terms as published last spring—*there being no other charge made, nor any expence whatever incurred,* TO BE PERFECTLY SECURED FROM THE SMALL POX, *that* ONE DOLLAR *for each person, paid at the time of inoculation.*

A particular history is also kept of every case committed to Dr. S's care; and he will deliver certificates of their security against the Small Pox, to all those whom he conducts *regularly* through the Kine Pock. In consequence, however, of the many spurious cases which some times unavoidably occur, he feels himself daily more and more convinced of the necessity of a much more careful attention to those who are vaccinated than has been generally practised. He will not, therefore, permit himself to be considered as responsible for the safety of any person he may inoculate, unless he can perceive sufficient evidence of their having progressed regularly through the genuine Kine Pock, and can deliver to them such certificate as above mentioned.

Dr. S. hopes the public will continue to encourage an institution, which experience has proven to be so essentially useful in preserving the Vaccine Matter, and in extending its benefits in so many directions; and which, also, from the facility, regularity and cheapness with which it admits every inoculation to be conducted, recommends itself to all those who wish to be certain that they no longer remain in any danger of the Small Pox.

Attendance is given at the Inoculating Room in Chatham-street, next door to Owen Dorsey, esquire's, every morning from 8 to 9 o'clock. Dr. S. also vaccinates in private families, and in the country, on the usual terms.

N.B. *Practitioners in the city who want Vaccine Matter, may obtain it fresh at time they wish to use it; but those at a distance will please to recollect, that they must pay the postage of their letters, and submit to the charge of one dollar for every attention to their orders.*
