Land for Sale,

Within Eight Miles of Baltimore.
Adjoining the Lands of Cornelius Howard, esq. and Dr. Cromwell, and within half a mile of major Beam's Tavern, on the Reister's town Turnpike Road. The Land offered for sale is about 210 acres, fifteen acres are now in meadow and thirty more can easily be made, nearly one-fourth of the tract is covered with young thriving timber, and the residue of arable land, superior to almost any in the neighborhood, well adapted to the use of Plaister, and divided into convenient and well watered fields by good fences. The improvements are a good dwelling house, kitchen & out-houses, with a pailed garden and yard.
Also an Apple and Peach Orchard of choice fruit, it is presumed no person will purchase without first viewing the premises, therefore it is only necessary to remind the public that its contiguity to the city, on a fine Turnpike road and in a most excellent neighborhood renders such a situation rare to be met with, particularly within that distance of Baltimore; few men in Maryland can boast of having a more healthy retreat. Those inclined to view the premises may apply to Mr. Thomas Darlington, residing thereon, and for terms of sale to the subscriber at the lower end of Bowly's wharf.

When the highly interesting object of the above *Scheme of a Lottery* is considered; together with the very flattering prospect it holds out to every person disposed to contribute *Ten Dollars* for so laudable a purpose as that of bringing a Collegiate course of instruction more generally within the reach of the Community, it is hoped it cannot fail to receive a prompt and liberal support from the citizens of Baltimore in particular, and the public in general.
When it is also taken into view, that the *Baltimore College* hath received the first sanction of the State, and that it already contains a number of students equal to that of most Colleges in the United States; and yet has no accommodations but such as are at the private expence of the principal professors—it is hoped the community will see in this mode of providing proper buildings, no design but what is indispensibly necessury, and conducive to general interest
Prizes will paid, sixty days after the completion of the drawing, such as are not demanded within twelve months thereafter will be considered as generous donations to the above institution.
