No Mercury or Copavia.

THERE are two ways to treat a Secret Disease, the first, so much boasted of, is merely the temporary disappearance of the symptoms, by means of mercury or copavia, and requires but a day or two, but it is very injurious indeed; the second way is to eradicate it out of the system, slowly, safely, and surely, without Mercury or Copavia.—As the wise say—

Sound in a day or two,
'Tis too good to be true.

Thirty odd years of experience in the scientific practice of curing Secret Diseases in Paris and America, have enabled the French Doctor of the French MEDICAL HOUSE, 16 south Frederick street, near second street, to eradicate the most virulent disease, no matter from what cause it may have originated, in a very short but reasonable time, without Mercury or Copavia. Victims of an improper treatment, and wearied with disappointment, may confidently apply.—Persons who have injured their Health by a certain practice called solitary vice, which brings impotency, will be restored to prime vigor. This is the only place in BALTIMORE where a sure cure can be had on written guaranty and forfeiture, with strict honesty, and terms moderate. The most respectable city references will be given. He assures his friends that all work entrusted to him shall be well done, and at prices to suit the hard times.

The subscriber will, as heretofore, attend *FUNERALS*—charges moderate. He again solicits the patronage of the public. LEWIS BLACKISTONE.

CONFESSION.

I THE SUBSCRIBER, publicly confess that I have been afflicted with a Secret Disease ever since 1823; I had thirteen eminent physicians whose names are now recorded at the French Medical House: some of them abated the disease, but it always returned worse than before, until it carried away both sides of my throat, and pierced the top of the palate. I also lost several bones of my nose and was almost blind of an eye, and my face was covered with an immense quantity of scabs, between which the skin was as red as scarlet, and I was indeed in a most deplorable condition, so much so that the learned professor S. pronounced me incurable. It was obvious to me, then, that a common doctor could not extricate me from the jaws of death—for they all follow the same old *rote*, with their train of mercury, mixtures or pills, invented by ignorance and continued by cupidity, and do no good to any but the venders. Several persons recommended the French Doctor of the Medical House, 16 South FREDERICK STREET, BALTIMORE, as a scientific man and a rare genius in those complaints. I went to him, and he pledged himself to cure me on written guaranty; and he furnished me with one room in his house, as he generally does with strangers—at no cure, no pay. I did not hesitate at all, on seeing so many likenesses of patients who are living evidences of the many wonderful cures he has performed in almost every kind of disease. Then he had my daguerreotype likeness taken, and I took his medicine for about a year, which completely cured me. He had then my other likeness taken, and both are to be seen at his office. If this meets the eye of some wretched being in the grasp of death, as I was, let him fly to this praiseworthy philanthropist, whose deep knowledge of the vital principles which animate the human frame, are known in both hemispheres, and I believe from my very soul (not forgetting that I am on oath) that his exquisite genius will discover as many new and well appropriated remedies, as new diseases may be formed. The Great Digestor And Wind Destroyer.

THE most anti-flatulent Medicine ever known in the world, which cures and prevents the formation of Dyspepsia, Consumption, Disease of the Heart, Rheumatic pains, Costiveness, Liver Complaint, Pains in the Side or in the Small of the Back, Palpitation of the Heart, Headache, Sore Throat, Shortness of Breath, gout, cold, cholic, and is a perfect emmenagogue. This Medicine has been invented more than a score of years ago by the French Doctor of the FRENCH MEDICAL HOUSE, 16 south Frederick street, *Baltimore*, when he was living in Paris as a practising physician and lecturer. He then made a chemical extraction of the juice of blossom of certain flowers, which acts wonderfully on the nervous system and re-establishes its own circulation. The Dr. has used it ever since in the above named Diseases, with great success.—Many persons think that the French Doctor confines his practic solely to Secret Diseases, but such is not the case; any disease whatever will be treated and cured on written guaranty and forfeiture, if desred, with strict honesty—even those given up by Regular Doctors.—Persons at a distance may consult the French Doctor by letter, and have the medicine sent to them.
