LATEST FASHIONS DEMAND
J. W. BRADLEY'S Celebrated Patent
DUPLEX ELLIPTIC
(Or Double Spring)
SKIRT.

The wonderful flexibility and great comfort and pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowded assemblies, Operas, Carriages, Railroad Cars, Church pews, arm chairs, for promenade and house dress, as the Skirt can be folded when in use to occupy a small space as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring skirt.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the Standard Skirt of the Fashionable World.

To enjoy the following inestimable advantages in Crinoline, viz.: superior quality, perfect manufacture, stylish shape and finish, flexibilty, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard IMPOSITION be particular to NOTICE that skirts offered as "DUPLEX" have the red ink stamp, viz., "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.

For sale in all stores where first class skirts are sold throughout the United States and elsewhere.

Manufactured by the sole owners of the Patent,

Read the following opinion of one of the best Chemists of this country:

CHEMICAL LABORATORY,
No. 108 ARCH ST., PHILADELPHIA,
April 10th, 1866.

During the last five years I have been in frequent consultation with Mr. George M. Woodward, Manufacturer of Messrs. *Berger & Butz's* artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analyses before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their "*Excelsior*" and "*Ammoniated*" Super Phosphate of Lime are of such a character, as must render them of great value to the farmer, and place them amongst the best *Fertilizers* now in the market.

Mears' Infallible
(SUGAR-COATED)
ACUE PILLS
NEVER FAIL!

Mears' Wonderful Ague Pills

are unrivalled for the cure of **Chills and Fever.** Hundreds of persons who have been afflicted with this distressing complaint for months, after trying Quinine in vain, have been speedily cured by them.

They are warranted not to contain a particle of Quinine, Arsenic, or any other deleterious drug: on the contrary, they are a most excellent tonic and alterative, promoting the appetite, and renovating and strengthening the system. For a torpid liver, or any bilious derangement, they will be found an excellent remedy—gently stimulating the liver to an increased action—thus removing the most troublesome source of this distressing disease.

Those living in districts where Chills and Fever prevail *should never be without these Pills*; and on the *first appearance* of the symptoms, should take a few, and thus ward off an attack.

They may be taken by old or young, and at any time, without the slightest regard to diet or exposure.

BRISTOL, August 1st, 1866.

This is to certify, that I am acquainted with the formula of MEARS' CELEBRATED FEVER AND AGUE PILLS, and I have *used the same very extensively* in my practice, and have never known them to fail when used according to directions; on the contrary, I have *succeeded with them*, in many instances, after TRYING QUININE IN VAIN.

E. J. GROOM, M. D.

NEWPORTVILLE, Aug. 1st, 1866.

KENT COUNTY

AT GALENA.

THE UNDERSIGNED beg leave to inform the Farmers of Kent and adjoining Counties that they are prepared to do all kinds of AGRICULTURAL MACHINE REPAIRING, at short notice.

They also put up in good order the celebrated *PENNINGTON IMPROVED REAPER*, which is of Central Draught, runs easy for four horses, and will cut from 25 to 30 acres per day; it cuts a 6 ft. 6 in. swath, and can have a MOWER attached in a few minutes. It gives general satisfaction, as has been certified to by many able farmers of Kent and Cecil counties.

They also build HORSE POWERS AND THRESHERS, of modern style, which in good wheat will thresh and clean from 4 to 6 hundred bushels per day.

They make and have for sale the following kinds of PLOWS AND PLOW CASTINGS: Nos. 9, 10 and 11 Concave; 1, 2 and 0 Pratt & Davis; No. 4 Wiley, and two-furrowed Plows of excellent model, and not surpassed in smoothness or temper by any made or used in this State.

TAX PAYERS

SHOULD understand that Taxes are due on the FIRST OF JULY, and not, as many seem to think, on the 1st of January. I desire to collect all the taxes in my District *before the 1st of January next*, so that I may be prepared to pay promptly all levies when demanded. It cannot be expected that I should wait with tax payers until the first of January, as at that time all levies upon me are due.

This notice is deemed sufficient to show the necessity of prompt payment, and parties need not flatter themselves with long indulgence, as I am determined to collect the taxes within a reasonable time, and will resort to the law in every case where it may be necessary.

For the convenience of tax payers I will be (until further notice,) at CHESTERVILLE every Saturday, from 9 o'clock, A. M., to 12 o'clock, M., and in MILLINGTON the same days from 1 o'clock to 6 o'clock, P. M.; at home and GALENA the balance of the week.

RHODES,
Successor to the late H. Peck,
BOOT AND SHOE ESTABLISHMENT,
No. 159 Pratt St., Baltimore.

BOOTS AND SHOES.

In soliciting the patronage of the public, in the above business, asks to invite their attention to a few plain facts in connection with the art of Boot and Shoe making, and particularly to the fitting of the same. Being fully convinced that the pain and inconvenience under which so many persons suffer arises from unequal pressure on certain portions of the feet, which causes corns, bunnions, and other unnatural formations of the foot, may be removed with due attention to the formation of the Boot or Shoe.

S. P. RHODES
GUARANTEES
A GOOD AND EASY FIT.

Each article being made under my own superintendence. It is an indisputable fact that corns and bunnions are caused by unequal pressure on the foot; if the boot or shoe, therefore, be not formed according to the position of the foot when the weight of the body presses upon it, there must of necessity be an unequal pressure, which, with the friction occasioned by walking, irritates and produces those afflictions. Hence, it is from the boots or shoes not fitting the foot properly, a defect solely to be attributed to the manufacturer, who may not possess sufficient knowledge of his business, that has caused so many to suffer from the ignorance of the few, both in health and wealth; in the former instance by the pain occasioned by corns, &c., and in the latter by compelling persons to cut their boots and shoes to give ease, or sacrifice such articles before they are half worn out, and inflicting grievous wrong upon the public at large, in regard to that essential point—the properly fitting of the foot.

Boot making ought to be regarded as an important science, although it is generally considered as a very simple business. This arises from the great number of boot and shoe sellers, not manufacturers, many of whom are not in the slightest degree acquainted with the making of either; and many of the articles sold by such persons are frequently made from the one last, as if all person's feet were precisely the same shape, a thing as utterly impossible as it is to see two persons with precisely the same features. The fact is, they are made for sale, and the comfort of the purchaser is not in the slightest degree attended to, while the material is frequently the very worst, the workmanship inferior, cheapness being the only point considered; but it often turns out the dearest. S. P. RHODES will not adopt that course, and assures those who favor him with a trial, that the article shall be manufactured of the best material, and best workmanship, and at the lowest remunerative prices.

I have now on hand a fine lot of GENT'S *BOOTS, SHOES AND GAITERS.*

I take the draft of your foot, so the boot or shoe is shaped to it. Corns cut, and all other imperfections of the feet attended to, without causing the slightest pain. Persons waited on at their own houses.

Remember the old stand,

No. 159 WEST PRATT STREET.

S. P. RHODES,
Successor to the late Henry Peck,

who successfully carried on the above business for over fifty years. All measures, books and lasts kept, and I hope the old customers and the public in general will give me a trial.
