MOTHER AND HOT BREAD

ALL OF OUR WORDS AS SOUNDING BRASS IF—
the oven test of flour fails. It is the one that governs us all.

Say what we may to the food values of this and that wheat, isn't it true that our palates usually tell us what is best?

The oven test of Nuttle Milling Company flour is the foundation stone upon which we have built.

If, when mother takes a pan of hot bread from the oven—it doesn't meet the approval of ALL members of the family, then mother starts looking for another brand of flour.

IDEAL FLOUR pleases the big majority of housewives and mothers in Denton.
