THE WORLD OF WIRELESS WAVES

The spectacular development of the wireless telephone commands more serious attention than any discovery within the recollection of the present generation. That it is bound to prove the great civilizing influence of the century there can be no doubt. It will far outstrip the talking machine and even the motion picture because its potentiality lies nearer to the root of things. When the American farmer can be brought into conversational contact with the remotest part of his country things are going to move. What is to happen to the local band when the boys and girls of every town and hamlet dance to the music of the world's greatest master of the jazz broadcasted from a central point? Business men will do well to give serious and immediate thought to this new development. Already the effect of the wireless is being felt in the talking machine industry. True human nature likes to pick concerts to its own liking, to "put on" the record that pleases for the moment, but when the standard of the ready made concert, as it will, takes into consideration the variety of tastes and wishes the home reproducer is destined to the discard.

Quite apart from its commercial aspect, however, let us hope the government will not let slip by unused this great potential service for the people. Wireless communication can be made to lower the death rate, it can be made to check the growth of insanity, it can be the means of making healthier and happier mothers and children, it can spell the spread of sanitation, it can cure the cold and halt the fever. Its blessings can be reflected in the remote hamlets where plain God fearing American people find their homes and do the work of the hour far removed from medical skill and simple social science. For the farmer the possibilities are limitless. Five years or even less should see in the cabinet of the United States a Secretary of Communications—the biggest job in America.

READY FOR NEW YORK FARM BLOC

The national farm bloc conceived and organized by The American Farm Bureau Federation in Washington, seems to be a growing inspiration to the states where similar blocs are forming, perhaps unconsciously, but none the less certainly. Broad visioned men have come to see that the operations of the farm bloc in Washington have had much to do with the rising tide of returning prosperity, and so they see the possibility of beneficial effect if the states come to follow the national example. There is a distinct trend toward the farm bloc idea in the state of New York where it is thought such a move might have the effect of offsetting the line of cleavage between the country districts and the great metropolis. New York City for years has contended it has been ruled from Albany by country legislators who know nothing of the requirements of city life. The friction has been so intense that there have sprung up moveemnts even looking to the forming of the separate State of Manhattan. The New Yorker pays the major portion of the taxes of the state and yet he feels he has little, if any voice, in legislation even considering the broad city charter granted by the state. The city man, however, is not blind to the needs of agriculture and stands ready to further the welfare of the farmer. The farm bloc idea in the Empire State is likely to bring about a mutually beneficial compromise. When all is said and done, the spirit of tolerance invariably operates for the benefit of the people.

Autoists and Garbage

To Editor The American Union:

Perhaps if those thoughtless persons, whoever they may be, would take a second thought, they would stop throwing garbage along the State highway. Besides being unsightly to passersby, it is an offense to the residents along the pike, who may object as seriously to having a pile of garbage in front of their homes, as the ones who are guilty of the offense.

FACTS FROM *FEDERALSBURG*

Sudden Death of Mrs. C. W. Jefferson

The very sudden death, last Sunday morning, of Mrs. Hettie Jefferson, wife of Postmaster C. W. Jefferson, shocked and saddened this community.

Mrs. Jefferson was apparently as well as usual until the night before her death when she had a sudden attack with her heart, which, however, had abated and she appeared quietly sleeping until her death came without any warning to those with her.

Mrs. Jefferson was 50 years old, a daughter of the late Willam H. Alburger and of Mrs. Alburger, who survives her daughter. She was a very active woman, devoting herself to her home and family in whose service she seemed happy to live. She was a member of Christ Methodist Protestant Church, and will be deeply missed in this community where her whole useful life was spent.

Her husband survives and four children, Marguerite, William Herbert, of Washington, D. C., Dorothy, Roland, now in U. S. Navy at Los Angeles, and Austin. Two sisters, Mrs. G. H. Jefferson, and Mrs. J. J. Frampton, also survive.

Funeral services were held at the residence Tuesday afternoon, conducted by Rev. Charles M. Elderdice, of Crisfield, a former pastor, and assisted by Rev. J. L. Nichols, Rev. F. C. MacSorley and Rev. T. S. Holt.

Interment was made in Mt. Pleasant Cemetery.

Mrs. E. A. Anderson of Michigan, formerly Miss Miriam Dennis, a teacher in our high school, was the guest of Mrs. O. D. Davis this week.

Mr. Louis Williams gave a highly entertaining and instructive electrical entertainment at The Tempde on Tuesday night. This completes the course of the Antrim Lyceum given here this winter.

Misses Rachel and Adela Jefferson left last Friday morning for Philadelphia where they spent two days, returning Sunday.

Miss Isabelle Fountain of Cambridge was the recent guest of her cousin here, Mrs. Donald Jefferson.

Miss Dora Noble has returned to Federalsburg after an extended stay

Sudlersville and her brother, Mr. Warner Noble at Philadelphia. Miss Noble is residing at the home of Mr. and Mrs. Charles Covey.

Mrs. F. L. Williams and sister, Miss Elizabeth Cade, left Tuesday morning for Wilmington where their sister, Miss Ethel Cade, is a victim of scarlet fever. Mrs. Williams will nurse her sister.

Mr. and Mrs. Henry Wright and granddaughter, of Akron, Ohio, are guests this week at the home of Mrs. Wright's brother, Mr. J. R. Charles.

Mrs. Alice D. Davis was called to Baltimore on Wednesday of last week to be with her daughter, Miss Katherine Davis, who had gone there for medical attention and possible surgery. The surgery, however, was not necessary, and Miss Davis is now improving. She is a student at the Mary Baldwin Institute, Staunton, Va.

Mr. William Herbert Jefferson, of the police force of the city of Washington, came home Sunday night to attend the funeral of his mother, Mrs. Charles W. Jefferson.

Mrs. Sallie Redhead met with a very painful accident last Thursday night when her finger was caught in the door of an automobile in which she was riding. Miss Ethel Davis had just alighted from the car and not seeing Mrs. Redhead's change of position, slammed the door with great force, catching the finger and bursting it open. The finger was promptly dressed and is now giving its owner no great pain.

Mr. Roland Jefferson, of Washington, D. ., accompanied by Miss Rowena Jefferson, of the Garfield Memorial Hospital, of that city, attended the funeral here Tuesday of Mrs. C. W. Jefferson.

Mrs. Annie Banning and Mr. Thomas Johnson were quietly married last Saturday evening by the Rev. Mr. J. L. Nchols.

Mr. Isaac Willoughby and daughter, Miss Elizabeth, visited Philadelphia and Camden friends last Sunday.

Flaps His Galoshes

A debonair, well-dressed young man of leisure was seen to leave a Seventh avenue subway train, followed by the amused glances of women passengers and scornful looks from men of all ages. The three buckles of his "snowshoes" dangling, New York's first masculine flapper strode boldly out into the street, and marched north toward the Rialto. At 46th street a couple of seal coated, short skrted young girls crossed his path. Taking one look at his feet they stood stjll in their tracks. They were plainly agheast.
