Chestertown Transcript.
THURSDAY, OCT. 14, 1880.

The Orphans' Court was not in session last Tuesday, but will have two sessions next week —Tuesday and Thursday.

The Baltimore Corn Exchange being closed on Monday, we are unable to give to-day the usual market quotations for grain.

The Kent Guards left here yesterday morning, on the steamer B. S. Ford, for Baltimore, to take part in the military parade.

The Steamer L. J. Cannon leaves here to-night at 9½ o'clock, instead of 12, as heretofore announced. See advertisement in another column.

To the Sesqui-Centennial.—Large numbers of people from Chestertown and other parts of Kent, have visited Baltimore this week, to witness the celebration.

Court.—Next Monday the Fall Term of the Circuit Court for Kent county begins. The appearance docket is not a long one, and the probabilities are that the session will be short.

The Democrats of Worton will raise a Hancock and English pole at Hanesville, on Saturday next, 16th inst, at 2 o'clock P. M. There will be good speakers present, and an abundance of oysters. The public are cordially invited to be present.

"A Soldier's Story of a Soldier's Life," is the title of a little work just published by L. Lana Smith, No. 717 Sansom street, Philadelphia, embracing a brief but authentic biography of the celebrated soldier-statesman, Winfield Scott Hancock, Democratic nominee for President. Sample copy to any address by mail, only 25 cents. Send at once and get a copy and read the history of our country's constitutional soldier.

The Registration Lists of the newly registered voters, together with the deaths, transfers, and removals, made at the October sitting, will be found in this issue,—all except the list of the fourth district, which was published last week. At the September sitting there were in the whole county 147 names of newly registered voters, and 138 of deaths, transfers and removals. At the October sitting there were registered 231 new voters, and there were 236 deaths, transfers and removals. At both sittings the newly registered sum up 376, and the deaths, transfers and removals 374.

A HAUNTED PARSONAGE.
Supernatural Sounds and Unearthly Apparitions.

It may not be known to many of our inhabitants, that Chestertown has within its limits a haunted house. It seems, however, that the parsonage of the colored M. E. Church has long had this reputation among some of the colored people. What is now the parsonage, was until ten or twelve years ago the church, and was one of the oldest colored churches in Maryland. It dated far back into the days of slavery, and more than fifty years ago the colored people used to meet there and hold rousing meetings. Many and many a time its walls have resounded with big prayer meetings, big protracted meetings, and regular shouting times. Since the new church has been built, and the old church turned into a parsonage, the spirits of the old-time people frequently return,—at least so say some of the reverend gentlemen who have lived in the parsonage.

We have talked with several of the church members about the apparitions. None of them profess to have seen anything themselves, but they relate the experiences of many of the preachers who have lived in the parsonage. William Dunn, who turns our press, and who is a member of that church, states that apparitions in white shrouds have appeared to inmates in the night-time; have bent over their beds and have flitted about the room. Chairs that have been left against the sides of the room, have been moved in the night-time and placed in the middle of the room. Other members tell of supernatural appearances in the form of men and women, and once in the form of an immense hog. John Manlove was the first minister who lived in the house. He professed frequently to have heard protracted meetings conducted in the house, accompanied with shouting and singing. James Webb when he occupied the parsonage, frequently heard unearthly noises, and often got out of bed to investigate, but was never able to find any cause. G. M. Leaden used to hear noises, and one night got his gun under the impression that some one was trying to break in. Charles Wing, another minister, on two or three occasions saw a man sitting in front of his fire, at midnight, who would disappear suddenly when approached. Young, the minister in charge last year, also complained of unnatural disturbances. Their present minister, ——— Johnson, has never lived in the parsonage. It now lies vacant, and the congregation expect to build a new parsonage either this fall or next spring. The other house, in the mean time, is given up to the ghosts, where they can have a high old time every night if they see fit.

The Leaders of Fashionable Dress and Low Prices.—C. N. Gunz & Son, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on Gunz & Son and see the low prices at which the most choice and perfect fitting garments are selling.

A REMARKABLE WHEAT YIELD.
John N. Endwoods, living on the Oldham Massey farm, one half mile east of Chesterville, realized last harvest the following yield of wheat: On 10 acres he seeded 1 bushel and 1 peck to the acre, used 300 lbs. of the MARYLAND CO'S PHOSPHATE to the acre, and reaped a yield of 33 bushels of wheat to the acre. On 25 acres he seeded 1 bushel of wheat to the acre, used 200 lbs. of the same fertilizer to the acre and reaped 24 bushels of wheat per acre, making in all a crop of 920 bushels from 27½ bushels seeding. His fertilizer cost him only $30 per ton on time. Who can beat it? Beside the above named grower we refer also to Albert Medders, Chesterville, and Medford Copper, who threshed the wheat, and others of the neighborhood who will testify to the correctness of the yield.

Agent for the Maryland Co's. Phosphate.

THE MARYLAND
Fertilizing & Manufacturing Co.,
Are prepared to furnish the following well-known Brands of Fertilizers:
"Ammoniated Super Phosphate."
A Complete Manure for ALL CROPS, adapted to Lands that require a full development of the Crop, both Straw and Grain.
"ALKALINE SUPER PHOSPHATE."
An article very rich in SOLUBLE PHOSPHATE OF LIME and the ALKALINES.
"DISSOLVED PHOSPHATE."
A High Grade SUPER PHOSPHATE OF LIME.
The ALKALINE and DISSOLVED PHOSPHATES have special reference to the growth and developement of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades Ammoniated Phosphates, and in some sections have almost superceded them.
The Fine Mechanical condition of our FERTILIZERS is such, that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.
We refer to the following persons who used the above goods last season:
John C. Sutton, Garrett Foxwell, W. Hurlock, J. Hodgson, S. W. Aldridge, Noble Pennington, Richard Smith, J. Newcomb, Levi Fiddis, Sr., William A. Wood, Samuel Coppage, John Noland, and others.

TO WHEAT GROWERS
THE undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of
'Excelsior' & Ammoniated Phosphate
So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmers, combining all the stimulating properties of Peruvian Guano, and the ever-durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.
For growing Wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.
With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.
By strictly adhering to my Original Formulas, using only the most concentrated materials, and superintending in person their manufacture—as for the past *twenty years*—
Uniform Quality is Guaranteed.
☞ Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, prepared according to my Original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

☞ The success this article met with last year was such that I was unable to supply the demand for it; and it is gratifying to be able to say that to-day *it is more highly esteemed by those who used it the past season than it was then.*
So far, wherever there has been a complete test of the value of this goods, as compared with other manufactured goods on the market, by actual measure and weight of wheat grown that has come to my knowledge, No. 1 has proved itself fully equal to, and in a number of cases better, than other goods costing much more money; in one case giving *Eight Bushels of Wheat to the Acre more than* ——— ———, costing $5 per ton more than No. 1.
Please read carefully the letters appended:
CHESTERTOWN, MD., July 20, 1880.
MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your "No. 1 Ammoniated Super Phosphate," I would say that I am pleased with it. It gave me a *much better* yield of wheat than ——— ———, and ——— ——— costing me *five dollars more per ton than yours.* I cheerfully recommend its use, believing it to be equal if not superior to any goods on the market.
(Signed) THOMAS P. DIXON.
CHESTERTOWN, MD., July 16, 1880.
MR. T. W. ELIASON, JR.:—In answer to your inquiry concerning your "No. 1 Ammoniated Superphosphate," I would say, that it has given me *entire satisfaction.* I used it by the side of a goods costing me $5.00 per ton more, and applied the two goods on the same field, at the same rate per acre, the land being same quality on which both goods were used. I threshed the two parts separately; the part on which *your* goods was applied gave me *EIGHT BUSHELS OF WHEAT MORE TO THE ACRE* than the other goods; the wheat having, also, a prettier color. I regard your goods as fully equal, if not better, than any on the market.
(Signed) J. B. NEWCOMB.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiry as to the results of your No. 1 Ammoniated Super Phosphate, on my Wheat, this last season, it gives me pleasure to be able to say that I am very much pleased with it. I regard it as a No. 1 article.
(Signed) JOHN P. NICHOLSON.
CHESTERTOWN, July 17, 1880.
MR. T. W. ELIASON, JR.—*Dear Sir:* Your No. 1 Ammoniated Super Phosphate of Lime has given me complete satisfaction. With its use my yield of wheat was better than I ever had before. Your goods is, in my estimation, equal to any on the market *without regard to price.*
(Signed) Yours, J. W. PRICE.
CHESTERTOWN, July 8, 1880.
MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate on my wheat last fall with other goods costing me five and seven dollars per ton more. I am satisfied that your No. 1 did as well for me as any of them; and regard it as second to no fertilizer on the market for wheat.
(Signed) Yours, respectfully, S. LEGATES.
CHESTERTOWN, July 20, 1880.
MR. T. W. ELIASON, JR.—*Sir:* Your No. 1 Ammoniated Super Phosphate has given me *entire satisfaction.* I used it on my wheat the past two seasons, and am satisfied that it is a first-class article.
(Signed) ROBERT NICHOLSON.
CHESTERTOWN, July 24, 1880.
MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate two years ago on my wheat, and also ——— ———, costing me five dollars per ton more. The results were such, that I abandoned the ——— ———, your goods doing so much better for me. This last fall I used it by the side of two others, both costing me considerable more than yours. It gave me *much more* wheat than one of these goods, and was fully equal to the other in yield. I take pleasure in saying that I am very well pleased with it. It drills nicely; and I expect to use it again.
(Signed) SAMUEL G. LEE.

MR. T. W. ELIASON, JR.—In reply to your inquiries concerning the results of your No. 1 Ammoniated Super Phosphate, which I have used upon my wheat the two past seasons, I would say that the first season I used it, it was by the side of ——— ———, costing me seven dollars per ton more than yours. After cutting and threshing my wheat, I was satisfied that your No. 1 gave me a *much larger yield,* and a *finer, plumper grain.* So marked was the difference, that I discontinued the use of ——— ———, for your goods. Last fall I used it by the side of ——— ———, costing me five dollars more per ton than your No. 1. I applied it at the same rate per acre. After threshing my wheat, I found that your No. 1 had given me 3½ bushels per acre more, and a fuller, better colored grain. Of course, with these results I am pleased with it, and shall use it again.
(Signed) Yours truly, E. J. WATSON.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your No. 1 Ammoniated Super Phosphate, I would say, that I am very much pleased with it. I used it by the side of goods costing me, in one instance five dollars per ton more, and in the other six dollars per ton more than yours—the latter being a goods very popular and of long established reputation. Your No. 1 gave me, I am satisfied, the *largest yield.* I regard it as the *best* goods on the market.
(Signed) Yours, &c. J. S. TREW.
CHESTERTOWN, July 15, 1880.
MR. T. W. ELIASON, JR.—*Dear Sir:* I have used your No. 1 Ammo. Super Phosphate, for the two past seasons, with *entire satisfaction.* Your goods doing for me much better than anything else I tried, I consider it the best goods on the market.
(Signed) Yours, JOHN F. COPPER.

Ohio Chilled Plow.
For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

Farmers' Favorite Grain Drills.
The PIONEER DRILL of AMERICA.
These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.
Perry Spring Tooth Harrow.
Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

—:O:—
THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in many cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.
The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.
Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.
We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.
We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:
