FEDERALSBURG

Bride-Elect Receives Household Gifts

Last Saturday afternoon, June 10th, a delightfully arranged porch party was given at the home of Mrs. Fernando Davis in honor of Miss Evelyn Harris of Preston, whose marriage to Mr Clarence Edward Glass, of New York City, will take place June 24th.

The hostesses on this occasion were Miss Sophia Kirwan and Miss Blanche Jackson who had planned the affair as a surprise to the guest of honor. Card tables were arranged on the spacious porch and the guests enjoyed this pastime after which very dainty sandwiches of various kinds were served with a refreshing iced chocolate drink topped with whipped cream. Salted nuts and mints also were served.

At this point the bride-elect was invited to take a conspicuously-placed chair in the center of the porch, when the hostesses placed at her feet a mammoth basket laden with gifts—a veritable "shower" of utility presents for the house-wife-to-me. The recipient was completely surprised and delighted, expressing her pleasure and appreciation in a gracious little speech to the twenty-three donors present.

Afterwards a small booklet was passed and each guest was requested to write a "Recipe for Keeping a Husband." This caused much merriment and the completed volume with its varied advice was presented to Miss Harris against future need.

Those who enjoyed this happy afternoon were: Miss Evelyn Harris, Misses Katherine and Lillian Cox, Misses Anne and Mary Wright, all of Preston, Miss Ruth Jackson of Philadelphia, Mrs. Anderson of Bridgeville, Del., Miss Rachel Webster, Hurlock, Misses Lelia Cox, ophia Kirwan, Mary Lucille Tull, Blanche Jackson, Hilday Covey, Louise Stevens, Nan Wilson, Irene Goslin, Ethel Davis, Myrtle Messick, Nellie Hackett and Nellie Davis, and Mesdames H. M. Carroll, F. Davis, J. R. Charles and Cheivor Davis, all of Federalsburg.

Miss Martino Becomes Mrs. Wheatley

At seven o'clock last Monday morning, June 12th, in the presence of a arge number of relatives and friends, Miss Mollie Martino, daughter of the ate Captain John L. Martino and of Mrs. Martino, wah married at her nother's home on Federal Hill to Mr. W. A. Wheatley, Jr., of this town.

The ceremony, performed y the Rev. F. C. MacSorley, of Union M. E. Church, took place in the bay window of the spacious dining room which ad been banked with flowers, flowers eing lavishly used throughout the ooms, and soft lights shedding a low over all. The bride, becomingly ttired in her traveling costume—a ailored suit of dark blue with harmonizing hat—was attended by two ousins, Misses Nellie Hackett of Federalsburg and Katherine Milligan of eaford, the former gowned in apricot crepe-de-chine, the latter in periwinkle crepe-de-chine, and both wearing ttractive black picture hats. All ree carried flowers.

Following the ceremony Mr. and Mrs. Wheatley left on the 8 o'clock ain for a two weeks' honeymoon ip which will include Atlantic City nd a number of points in New York tate.

Mr. Wheatley is a native of Chestertown, but has been for some years ocal agent for the P. W. & B. R. R. hile Miss Martino is chief operator the local telephone exchange where e has worked for eight years. She ill continue her connection with the ffice.

Mr. and Mrs. Wheatley will reside Federalsburg upon their return.

Lad Meets Tragic Death

Philip Todd, the twelve-year-old on of Mr. and Mrs. Howard Todd, ear town, was drowned here Monday orning at about 11 o'clock in the d gate-hole below the Idlewilde dam.

The lad, in company with three companions, had gone there to swim, the ay being excessively warm, and they eing free from school because of the acher's illness. The unfortunate boy as the first to venture in the very eep water, diving from the bridge ith apparent confidence in his ability swim, tho his companions state at he really did not know how. A cond boy, William Doak, went in, nd upon discovery that Philip was nking, made every effort to save m, but the boy sank to rise no more efore he could be aided. Search for e body began almost at once but it as five hours before it was recoved.

The tragic death of this popular ttle boy has deeply saddened the chool and community, and sincerest ympathy is felt for the family. Bede his parents, Philip is survived by sister, Mary, and two half-brothers

Funeral services were held at the M. . Church Wednesday afternoon, Rev. . C. MacSorley officiating, and interent in Mt. Pleasant Cemetery.

Before she returns home she will stop at Princeton University, where her brother, Mr. Wilmer Fell Davis, is a student, for the commencement festivities. Mr. Davis is scheduled to deliver an oration in the junior oratorical contest there.

Miss Mary Kemp, who has been a student at Swarthmore College, is home to spend the summer with her parents, Mr. and Mrs. Thomas Kemp.

Enterprise Starts Fifth Year

Today's issue of the Greensboro Enterprise starts it on its fifth year.

Mr. Thomas Thornton, editor and publisher, is a very wide awake young man, always looking for something helpful for his readers. During the past year he purchased a building and moved his plant to the first floor, making extensive improvements and putting in additional machinery.

We wish the Enterprise many more years, more prosperous than the past.

ASK CO. COMMISSIONERS TO AID HOSPITAL

Tuesday the County Commissioners of Caroline County at their regular weekly meeting were waited upon by several committees, among which was one from Easton asking for a donation of $500 for the support of the Emergency Hospital at that place. Caroline county has no hospital and a large number of cases are sent to the Easton hospital each year from this county, which are treated free. This costs the hospital money and it is for work of this kind that they ask donations from the surrounding counties. The subject was laid over for further consideration.

Dr. Bomberger, of the Extension Department, University of Maryland, at College Park, Md., with a delegation of the Federated Womens Clubs of Caroline County appeared making a request for $1,000 for the carrying on of the work of the county agent and home demonstration agent in this county, for the coming year. This matter was also laid over for further consideration.

Requests for money for several changes at the Denton Primary school for the health of the children in attendance there was asked for by the Board of Education, which matter was also carried over.

Bills and road work took up much of the commissioners' time at this meeting.

FRUIT CROP TO BE CUT SHORT AGAIN

College Park, Md., June 10—Major fruit crops promise to be short in Maryland and Delaware this year, following even shorter crops last year when crop failures resulted, according to a statement given the press today by John S. Dennee, agricultural statistician, for the United States Bureau of Markets and Crop Estimates cooperating with the extension service of the University of Maryland. Frosts and freezes over large areas in both states late in April cut short the bumper prospects, say the growers, but even yet the full extent of the damage cannot be determined until after the June drop.

About 1,265,000 bushels of apples is the prospect in Maryland, against 225,000 last season and 1,866,000 bushels, the average of production for the last five years. A commercial crop of about 211,000 barrels is expected, says the statist.

The apple prospect in Delaware is relatively better. A crop of about 599,000 bushels is forcecasted, against 68,000 last year, and 561,000 bushels, the average for the past five years. A commercial crop of 130,000 barrels is thought likely.

The peach prospect is woefully short in both states. About 42 per cent of a full crop in Maryland, and 70 in Delaware.

Pears were especially hard hit by the unseasonable weather, and fully two thirds of the crop was destroyed in both states.

The forecasts are based on average influences prevailing from now until harvest time.

The percent condition of different crops is shown on their condition on June 1st and for 1921, respectively:

Winter wheat, 90, 83; Oats, 87, 92; barley, 88, 87; rye, 92, 90; hay, 80, 78; clover hay, 83, 64; alfalfa hay, 87, 80; pasture, 83, 90; apples, 45, 16; peaches 42, 6; pears, 33, 6; field peas, 90, 90; field beans, 90, 85; cabbage, 88, 85; onions, 87, 93; blackberries, 90, 86; watermelons, 88, 85; muskmelons, 88, 80.

Friends Entertained Mrs. Newcomer

Some of the friends and former neighbors of Mrs. Newcomer paid her a farewell visit on Tuesday evening, at her home on Riverton avenue. They are sorry to see her leave the community and, as a token of their esteem, presented her with a beautiful gold fountain pen. Refreshments of cake, cream and candy were served.

CAROLINIANS MEET PRES. HARDING AT FRANCE'S

Washington, June 14.—President and Mrs. Harding today are to be guests of Senator Joseph Irwin France and Mrs. France at the Senator's Baltimore residence, 15 West Mount Vernon Place.

The president and his wife will take supper wth Senator and Mrs. France and will meet a number of leading Republican politicians and other distinguished Maryland citizens during the supper hour.

It is well known in Washington that President Harding and Senator France are warm personal friends and that each deeply respects the other.

The visit of the president to Senator France's home emphasizes the fact that the administration will be pleased to see Senator France re-elected this fall.

* * *

State Senator Lawrence B. Towers received an invitation from the Secretary of the Navy to be present at the unveiling of the Francis Scott Key memorial, Wednesday, June 14th. He was also personally invited by Senator France to be present at his home and meet President Harding.

The following men were also invited from Caroline County:

Alda P. Jackson, Goldsboro; Alfred W. Thompson, Ridgely. and Walter Howard, Denton.

WOLVES ARE ADDING TO HORRORS OF NEAR EAST

"Incursions of savage bands of wolves have been adding to the terrors of inhabitants in the famine districts of Transcaucasian Russia," says a cable from Captain E. A. Yarrow, Near East Relief director there, to Maryland Headquarters. "Two soldiers on outpost duty in one village were eaten by wolves after a long battle. Five peasants also, it is reported, lost their lives near Alexandropol, when a band of wolves attacked a small village.

"Fifteen hundred starving peasants, part of great hordes, have arrived at Alexandropol where the Near East Relief is already feeding thousands of refugees and over twenty thousand orphans. Slightly warmer weather has just ended a winter of almost indescribable horror in the famine districts of this section."

Money is urgently needed to help in this section and in other areas and Harold F. Pellegrin, Maryland director, urges those state communities that have not already reached their quota, to strive and make them up by July 1. There are many necessities which can only be gotten with money and Maryland is looked forward to, to reach its quota, if not exceed it.

EASTERN SHORE DENTISTS ORGANIZED TO BETTER WORK

Tuesday evening, June 6th, preceded by a dinner served at the Lantern Tea Room, Salisbury, the ethical dentists engaged in active practice on the Eastern Shore of Maryland, south of Cecil county, held their first meeting. It has been felt for sometime that this section is greatly in need of an organization of this character.

Dr. Charles F. Smith of Salisbury, realizing this, took the initiative some time ago, approaching many of his brother practitioners who might be interested in this movement, and after much zealous work, with the co-operation of the other Salisbury dentists, succeeded in bringing about this first assembly.

The response made by the dental profession in this territory was even greater than was anticipated, as was evidenced by the large attendance.

The existence of such a society will enable our dentists, through closer contact and the interchange of ideas with neighboring practitioners, to acquaint themselves with the latest advances in dental science and thus be equipped to render service of the highest possible quality to their patrons on the Eastern Shore.

The organization is to be known as "The Eastern Shore Dental Society, State of Maryland" and will hold its meetings every six weeks, at such time and place as the society may direct.

The following men were elected to office to serve for a term of one year: Dr. Roy A. Buhrman, Salisbury, president; Dr. E. A. Coble, Easton, 1st vice president; Dr. C. L. Selover, Cambridge, 2d vice president; Dr. R. O. Higgins, Salisbury, secretary; Dr. F. F. Todd, Crisfield, treasurer; Dr. O. H. Mason, Berlin, sergeant-at-arms.

The next meeting will be held at Easton Tuesday, July 11th, at 4 p. m. to be followed by a dinner at six o'clock.

Community Club Picnic June 22d

Don't forget the Community Club picnic on Thursday, the 22d, at Oyster Shell Point. Mrs. Edwin Breeding is chairman of the committee on transportation. See this committee if you have no way to go.

Fire Destroys Property, Human Life and Treasures More Precious than Gold

If life is lost by fire there is no restitution.

Then there are other things one may lose by fire which will take a great deal out of life.

Many things in our homes are dear through association—furniture, portraits and other heirlooms from preceding generations; gifts that came as wedding presents or on anniversary days. They can never be replaced, and with their loss something goes out of our lives.

When fire starts in your home be protected by having a sufficient number of Pyrene Fire Extinguishers, so that you will have one near and be able to put it out before it gains headway.

Pyrene has been instrumental in saving many homes, many lives and many cherished articles.

The ease and simplicity of operation make Pyrene the ideal protection for the home where a woman or young child may have to extinguish a fire.

Bridal Gifts

For The Breakfast Table

It's such an important meal! If every bride might voice her wish, she'd ask for "something to make his breakfast a sure success."

And here's the little Toaster Stove on which any girl can cook crisp bacon, golden toast and tempting griddle cakes. The Toaster Stove is reasonably priced.

The Egg Cooker that "soft boils" to perfection, percolators for nectar-like coffee, bread toasters, grills, electric waffle irons, and water heaters, are also reasonably priced.
