Community Club Date Changed

The next regular meeting of the Greensboro Community Club will be held Monday night, July 3. Members will please note the change in date and make every effort to be present promptly at 8 o'clock.

The subject for the program will be "Our Club". Each member is requested to come prepared to respond to the roll call by stating "One thing I should like to see our club accomplish this year."

In addition to the lecture on Current Events by the Hon. W. Laird Goldsborough, which continues to be the most interesting feature of our meetings, there will be a reading "The History of the Greensboro Community Club," by Mrs. E. C. Orrell and a paper on "A Community Ideal" by Mrs. Leo Walz.

The most important business to be brought before the club will be the reports of committees on the preparations for the new playground work, final arrangements for which will be made upon the arrival of Miss Julia Morehead, who is expected at an early date.

Miss Morehead has had some very interesting press notices in the Pittsburgh Gazette-Times of recent date, in which she is commended for her grace in an exhibition of esthetic gymnastics in the ceremony of the Crowning of the May Queen by the University of Pittsburgh girls on their campus. This ceremony was a classical interpretation of the bequest of budding womanhood on a junior girl by full flowering womanhood of the senior year.

TOMATO MARKET SWAMPED

The local commission market is swamped with tomatoes from Virginia and the Eastern Shore. Bay steamers continue to add to the piles of crated tomatoes on Light Street wharves, and shipments are arriving at the railroad stations by the carload. In the railroad yards tomatoes are said to be selling as low as 25 cents a crate.

The swamping of the market is attributed to the early harvest, and the fact that canneries will not open for some days yet.

Preaching at Hickman

Local citizens have secured the services of Mr. G. H. Pollock (V. D. M.) of Brooklyn, N. Y., the noted Bible student of international repute, who will deliver his famous address on the subject "Christ's Kingdom Soon to Be Established on This Earth. WEATHER REPORT

The week was dry, but light rain fell on the closing day, the 27th. Cool weather prevailed, except on the 24th and 25th, which were warm days. The percentage of sunshine was about normal.

The weather of the week was favorable for ripening of grains, maturing of truck crops, harvesting, haymaking, and general farming operations. Crops remain in good condition generally, though soaking rains are needed. Pastures are only fair to good.

Wheat and rye continue to ripen in Allegany and Garrett Counties; elsewhere rye has been harvested generally. Harvesting of wheat has been about completed over the southern portion of the section, continues in the northern portion of the Eastern Shore and is well under way in north-central Maryland and in Washington county. Oats are in good to excellent condition, and, except in western Maryland, are headed in the southern and heading in the northern counties.

Early potatoes are being sprayed; they are maturing in the southern counties. Early tomatoes are fruiting. Sweet potatoes, truck, gardens, and tobacco are doing well.

Picking of peas continues in north-central Maryland. In western Maryland pea pods are filling and picking of strawberries continues.
