CAMBRIDGE:

MONDAY, APRIL 22, 1839.

GLORIOUS, THRICE GLORIOUS NEWS FROM N. YORK.

The news from the recent election in the city of New York, is gratifying indeed. The Van Buren men have succeeded in electing their Mayor, by upwards of a 1000 majority, and carried 12 wards out of 17, giving us 24 members of the City Council to 10 whigs.—Last year the whigs had the city by about 2000 majority,—in one year, they are beat by "the second sober thought of the people," upwards of 1000, making an increase for us, of 3000. This result must be gall and wormwood to the whigs "As goes the city, so goes the State" We shall now, probably hear no more, of the boast, that Mr. V. Buren cannot carry his own State The whigs made tremendous efforts, with their powerful *posse* of municipal officers, but all to no purpose. This election will have a powerful moral effect upon the prospects of the whigs throughout the Union. It will be paralyzing to them. It is now doubtful, whether, after the fall elections, Mr. Talmadge can be elected to the United States Senate, for a change in the city of 13 Delegates, and one Senator will make a great difference, should the rest of the State remain as it was. We wonder if Curtiss and the other Delegates to Congress will resign their seats, as the Whig papers intimated Cambreling and the other Van Buren men ought to have done at the last fall election.

LATE NEWS FROM EUROPE.—The Great *Western*, after a tedious passage, has at length arrived, and brings good news from abroad. Foreign journals speak of the President's Message, in regard the North Eastern boundary troubles, as "firm but conciliatory." The price of stocks was not affected by the accounts carried over from this country.—Indeed there seems to be every disposition on the part of both countries, to settle this long vexed question without delay, and there is every prospect of a speedy termination of the difficulty. Cotton has taken a considerable rise, so that the southern planters will have cause to congratulate themselves upon the cheering intelligence from the markets in Europe.

CONSTABLES.—The Commissioners of the County, at their meeting on Monday last, took very good care not to appoint more than one or two Constables of the opposite party, out of the whole batch for the county. Our right worthy friends, the whigs, do not seem disposed to show much liberality to their opponents, notwithstanding they make great complaints when their friends are proscribed, as they call it. If they are really honest in their convictions that proscription for opinions sake is a political evil, they should as candid men, set an example of moderation, when they are called on to exercise a little brief authority. The golden rule is "to do unto others, as you would have others do unto you." How many of the whigs, ever think of this cardinal and magnanimous maxim, when they are in possession power?

COMMUNICATION.

For the Dorchester Aurora.

Boston Federalism has revived and made its appearance in Maryland and especially in Dorchester—not that Dorchester has ever been free from Federalism—but never so highly tinctured with *Boston* Federalism as at present. All my readers may not be acquainted with *Boston* Federalism, therefore I will explain that part of Boston Federalism which I intend to treat of in this article

Previous to our late contest with Great Britian, it was the unceasing endeavour of the leaders of the federal party to bring into discredit and contempt the worthiest and best men of the nation—to ridicule and degrade every thing American, or that reflected honor on the American independence. So bitter was their animosity, so insatiate their thirst for power and high places, that they did not hesitate to advocate measures for the accomplishment of their grand object, which was to get into the places of those then in power. How often have we seen that party declare in their venal prints that the American Administration was base and cowardly, and tamely suffered the outrages, abuses and contempt of the nations of Europe, without possessing the spirit to resent or the power to resist them, and that we could not be kicked into a war.—Yet, after the administration had exhausted every effort to invite England to do us justice, and failed, and war was declared, these very federalists called the act wicked and inhuman, and denounced the President for plunging the country into hostilities with the mistress of the Ocean, the most powerful nation of the earth.—They called this act of Congress *Madison's War*, and did every thing in their power to render that upright man odious in the eyes of the unthinking part of the community. This was not all; these arrogant men assumed to themselves all the talents and all the virtues of the country.—used every means in their power to paralize the arm of government and reduce the energies of the nation, in the face and front of our adversary. They said Governor Strong and their leading men were, for talents, knowledge, piety and virtue the very first men in the United States, and ought to be at the head of the nation. We will now take a summary view of *Dorchester* federalism and see if it is not near kin to *Boston* federalism. Do we not see that party denominated federalists, using every means in their power to bring into discredit and contempt the worthiest and best men of the nation; equally insatiate their thirst for power and high places? When they saw the delapidation of their party, they resorted to the last and only means in their power to retain their offices—that was the abolishing of the Levy Court,—which it is not likely they would have done, had John N. Steele Esqr. been elected Governor,—this is not all, we see them assume to themselves all the talents and virtues of the country. I have been credibly informed that, that party affirms that the only reason of their being so many federal justices is, that there was not sufficient qualification among the democrats to fill the offices. I cannot refrain from asking those federals to show me one democrat just as that is not as well qualified as several of the federalists were that were in office the past year—if they will, I will show them a *fool*. Their views appear to be carried out on the subject.—I have understood from the democratic justices that they do but very little business—that it is all taken before the federal justices. It appears also that the county could not produce but one democrat whose qualifications were sufficient for a constableship,—but did not a young man a Democrat from the Neck District, present a recommendation to the Commissioners, with many respectable names subscribed, praying that they would appoint him, stating if the Commissioners should have a predilection for another, they still wished him appointed, that the district was entitled to two Query how the Commissioners got over the spirit of the law, when there were two applicants?—I anticipate an early dawn of that day, when democracy shall wrest the power from federalists, and convert it into a means of distributing equal and exact justice.

DR. W. EVANS'S CELEBRATED FEVER AND AGUE PILLS.

This wide-extended and most admirable Remedy, which has already rendered such benefit, and proved the *only* radical cure for the above-named disorder, is *particularly* recommended to public notice at this variable season of the year. On first feeling the premonitory symptoms occur, it is advisable *at once* to clear thoroughly the stomach & bowels. In no way can this be better and less inconveniently effected, than by taking a few doses of

Dr. Evans's Purifying Pills,

the value and well authenticated virtues of which medicine have been, and still are, too apparent to call for further comment. They tend to promote a healthy secretion of the Bile, and render the system capable of receiving with benefit

THE INVIGORATING AND STRENGTHENING PILLS.

Directions are as follows:

Take four of the *Purifying Pills* on the first accession of Fever, and continue the same number every other night, till with the additional use of the *Invigorating Pills*, a permanent cure is obtained.

Take three of the *Invigorating Pills* in the morning, three at noon, and three in the evening, on the days when the attacks do not occur.

A REAL BLESSING TO MOTHERS.

Dr. W. Evans' Celebrated Soothing Syrrup, for Children Cutting their Teeth.

This infallible remedy has preserved hundreds of children, when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ONLOW SPIRITS.

Low spirits has a certain state of the mind accompanied by indigestion, wherein the greatest exils are apprehended upon the slightest grounds, and the worst consequences imagined. Ancient medical writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

Symptoms The common corporeal symptoms are flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains and often an utter inability of fixing the attention upon any subject of importance or engaging in any thing that demands vigour or courage. Also languidness—the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied by a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunts the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

Causes. A sedentary life of any kind, especially severe study, pratracted to a late hour in the night, and rarely relieved by social intercourse or exercise, a dissolute habit, great excess in eating and drinking, immoderate use of mercury, violent purgatives, the suppression of some habitual discharge, (as the obstruction of the monses) or long continued eruption; relaxation or debility of one or more important organs within the abdomen is a frequent cause.

Treatment. The principle objects of treatment are, to remove indigestion, strengthen the body, and enliven the spirits, which may be promoted by exercise, early hours, regular meals, pleasant conversation—the bowels (if costive) should be carefully regulated by the occasional use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleansed, his inestimable Camomile Pills, (which are tonic, anotyne, and anti spasmodic) are an infallable remedy, and without dispute have proved a great blessing to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to, in many cases it greatly aggravates the symptoms.

HIGHLY IMPORTANT.

☞ Nervous diseases, liver complaint, dyspepsia, billious diseases, piles, consumption, coughs, colds, spitting of blood, pain in the chest and side, ulcers, female weakness, meremial diseases, and all cases of hypochondriacism, low spirits palpatation of the heart, nurvous irratability, nervous weakness, fluor-albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, headaches, hiccup, sea sickness, night mare, rheumatism, asthma, the doulourenx, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings by a course of Dr. Wm. Evans' medicine.

Also, nausea, vemitting, pains in the side, limbs, head stomach or back, dimness or confusion of sight, noises in the inside, alternate flushes of heat and chillness, tremors, watchings, agitatation, anxiety, bad dreams, spasms.

Principal Office, 100 Chatham st. New York.

The following interesting & astonishing facts, are amongst the numerous cures performed by the use of Dr. Wm. Evans' Medicines. Principle Office, 100 Chatham Street, New York, where the Doctor may be consulted personally, or by letter (post paid) from any part of U. States, &c. Persons requiring medicine and advice, must enclose a Bank Note, or Order.

CERTIFICATES.

☞ More Conclusive Proofs of the extraordinary efficacy of Dr. WM. EVANS' celebrated Camomile and Aperient Anti Bilious Pills, in alleviating afflicted mankind.—Mr. Robert Cameron, 101 Bowery Disease, Chronic Dysentary, or Bloody Flux. Symptoms, unusual flatulency in the bowels, severe
