CAMBRIDGE:

MONDAY, APRIL 29, 1839.

We learn, that Robert Griffith Esq. has been appointed Commander of the Light Boat stationed at Hooper's Straits, within the waters of this county.

Gen. Houston, Ex President of Texas, is on a visit to the Virginia Springs

The Rhode Island election has terminated without any choice for Governor. The late Governor was a Whig. Our friends there seem to be in fine spirits, and mean to carry the State, in another trial, if they can.

The veteran of the Revolutionary war, General SAMUEL SMITH, died in the city of Baltimore a few days ago During the course of his long and event ul life, he had occupied many prominent public stations, which he filled with great credit to himself and much usefulness to his country.—Full of years and honours, he has descended to the tomb, the patriot, the hero, and the honest man. Some account of the more prominent acts of his life will be found in our paper to-day.

General Scott is mentioned amongst the number of whig candidates for the next Presidency. Our adversaries certainly have a fine chance of selecting some available candidate, from the long list suggested, to wit,—Webster, Harrison, Clay, Scott, Biddle, &c. &c. Query—would it not be good policy for them to run the whole batch, and try to defeat an election by the people, and throw the matter into Congress. There seems to be a strong effort however, to consolidate upon Clay.—We have no doubt he is the favorite of most of the whigs, but whether he is as "available" as some others, appears to be questionable. They might as well let Mr. Van Buren walk over the course, so far as they are likely to gain any thing by an opposition.

We have seen one of the numbers of a new paper established in Baltimore called the 'Baltimore Post and Commercial Transcript,' and edited by Mr. Skinner. It is published on a handsome sheet, advocates the cause of Democracy, and promises to be a zealous auxiliary in the support of the Administration

THE MORUS MULTICAULIS.—It is much to be apprehended, that the crop for this year, will be cut off, in a considerable degree, by the drought this spring.

The Ogdensburg Times states that Capt. Philips of the U. S Army, and several citizens of that town had gone over to Prescott for the purpose of asking of Col. Young, commander of the fort at that place, an explanation of the cause and object of firing into the American steamboat United States. Col. Young stated that he had instituted an inquiry into the affair, and expressed his regret at not having been able to discover the offenders.

The Times, however, makes no hesitation in stating that six or eight shots are known to have been fired at the boat by soldiers acting under the immediate orders of Col. Frazer, the second officer in command at Prescott

We learn from the Sackett's Harbor Journal that soon after the arrival of the steamboat United States at that place, bringing information of the firing at Prescott and Brockville, the steamboat Oneida, in the employment of the U. S. government, was despatched for the St. Lawrence, with a detachment of troops on board.

Interesting Remains—The Winchester Republican states the workmen, in excavating a cellar on the site of the old fort, at the north end of that town, discovered the remains of a man, who was evidently an officer of rank. It appeared from the buttons which were found with the remains, a silver spur, and some other articles, that he had been interred in his regimentals, but what is a little singular he was laid north and south and not east and west, as is the custom of the present day. There were also with the remains a number of musket balls of lead and iron. The fort was erected by Washington for the protection of the frontier settlements in 1775, immediately after the disastrous defeat of Gen. Braddock, near Pittsburg.

NAVAL.—The U. S. ship North Carolina, Commodore Ballard, was to sail from Valparaiso for the U. S about the 1st of February.

The U. S. brig Boxer was at Callao at the end of January.

The U. S. ship Boston was at Havana on the 7th inst.

The Norfolk correspondent of the Exchange, in his letter of Monday, states that repeated firing of guns was heard by persons on board two pilot boats on Saturday afternoon and night, no doubt from the North Carolina 74, Com. Ballard, daily expected from the Pacific. A line of battle ships was seen off the Chesapeake a few days since.

DIED.

This preparation is so innocent, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where there are young children; for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease by opening the pores and healing the gums, thereby preventing Convulsions, Fevers, &c.

ON LOW SPIRITS.

Low spirits has a certain state of the mind accompanied by indigestion, wherein the greatest evils are apprehended upon the slightest grounds, and the worst consequences imagined. Ancient medical writers supposed this disease to be confined to those particular regions of the abdomen technically called hypochondria which are situated on the right or left side of that cavity, whence comes the name hypochondriasis.

Symptoms The common corporeal symptoms are flatulency in the stomach or bowels, acrid eructations, costiveness, spasmodic pains and often an utter inability of fixing the attention upon any subject of importance or engaging in any thing that demands vigour or courage. Also languidness—the mind becomes irritable, thoughtful, desponding, melancholy and dejected, accompanied by a total derangement of the nervous system. The mental feelings and peculiar train of ideas that haunts the imagination and overwhelm the judgment, exhibit an infinite diversity. The wisest and best of men are as open to this affliction as the weakest.

Causes A sedentary life of any kind, especially severe study, pratracted to a late hour in the night, and rarely relieved by social intercourse or exercise, a dissolute habit, great excess in eating and drinking, immoderate use of mercury, violent purgatives, the suppression of some habitual discharge, (as the obstruction of the monses) or long continued eruption; relaxation or debility of one or more important organs within the abdomen is a frequent cause.

Treatment. The principle objects of treatment are, to remove indigestion, strengthen the body, and enliven the spirits, which may be promoted by exercise, early hours, regular meals, pleasant conversation—the bowels (if costive) should be carefully regulated by the occasional use of a mild aperient. We know nothing better adapted to obtain this end, than Dr. Wm. Evans' Aperient Pills—being mild and certain in their operation. The bowels being once cleansed, his inestimable Camomile Pills, (which are tonic, anotyne, and anti spasmodic) are an infallable remedy, and without dispute have proved a great blesiang to the numerous public.

Some physicians have recommended a free use of mercury, but it should not be resorted to, in many cases it greatly aggravates the symptoms.

HIGHLY IMPORTANT.

☞Nervous diseases, liver complaint, dyspepsia, billious diseases, piles, consumption, coughs, colds, spitting of blood, pain in the crest and side, ulcers, female weakness, meremial diseases, and all cases of hypochondriacism, low spirits palpatation of the heart, nurvous irratability, nervous weakness, fluor albus, seminal weakness, indigestion, loss of appetite, heartburn, general debility, bodily weakness, chlorosis or green sickness, flatulency, hysterical faintings, hysterics, head aches, hiccup, sea sickness, night mare, rheumatism, asthma, the douloureux, cramp, spasmodic affections, and those who are victims to that most excruciating disorder, *Gout*, will find relief from their sufferings by a course of Dr. Wm. Evans' medicine.

Also, nausea, vemitting, pains in the side, limbs, head stomach or back, dimness or confusion of sight, noises in the inside, alternate flushes of heat and chillness, tremors, watchings, agitatation, anxiety, bad dreams, spasms,

CERTIFICATES.

☞More Conclusive Proofs of the extraordinary efficacy of Dr. WM. EAANS' celebrated Camomile and Aperient Anti Bilious Pills, in alleviating afflicted mankind.—Mr. Robert Cameron, 101 Bowery Disease, Chronic Dysentary, or Bloody Flux Symptoms, unusual flatulency in the bowels, severe griping, frequent inclination to go to stool, tenesmus, loss of appetite, nausea, vomiting, frequency of pulse, and a frequent discharge of peculiarly fœtid matter, mixed with blood, great debility, sense of burning heat, with an intolerable bearing down of the parts. Mr. Cameron is enjoying perfect health, and returned his sincere thanks for the extraordinary benefit he had received.

☞*Asthma, Three Years Standing*—Mr. Robert Monroe, Schuylkill, afflicted with the above distressing malady. Symptoms, great langour, flatulency, disturbed rest, nervous headache, difficulty of breathing, tightness & strictures across the breast, dizziness, nervous irritability and restlessness, could not lie in a horizontal position without the sensation of impending suffocation, palpitation of the heart, distressing cough, costiveness, pain of the stomach, drowsiness, great debility and deficiency of the nervous energy. Mr. R. Monroe, gave up every thought of recovery, and dire despair sat on the countenance of every person interested in his existence or happiness, till by accident he noticed in a public paper some cures effected by Dr. Wm. Evans Medicine in his complaint, which induced him to purchase a package of the Pills, which resulted in completely removing every symptom of his disease. He wishes to say his motive for this declaration is, that those afflicted with the same or any symptoms similar to those from which he is happily restored may likewise receive the same inestimable benefit.
