BOYS AND GIRLS

Do You Want to Win a Poland China or Duroc Jersey

FREE!

The American Union

WILL GIVE to any boy or girl in Coroline County, between the ages of 10 and 18 years, a Poland China or Duroc Jersey pig, 8 to 12 weeks old, with registration papers, for securing subscriptions to The American Union. March or April pigs can be entered in Boys and Girls Club Work.

What is Our Aim

Recently during the course of a conversation with Mr. Collins Thomas, the County Agent, the subject of Boys Club Work was brought up. Mr. Thomas said he wsihed there was some way for the boys to get a registered pig, as many of them were unable to buy the pigs outright. This set the Editor thinking and he has worked out this plan to help the boys and girls in Caroline County to secure a registered pig, without cost to them.

What You Have To Do

Any boy or any girl in the county (you do not have to be a club member) may enter this contest to secure a pig, free of all cost, including registration papers. All you have to do is to get subscriptions and renewals to The American Union.

Every boy and girl in the county has a lot of friends, both in the country and in town, and it should be an easy matter to secure a pig which would be all his own.

To get this pig all a boy or girl has to do is to secure the money for at least ten new subscriptions and fifteen renewals, turning in to The American Union office a total of 25 subscriptions. All subscriptions in the county are $1.00 a year. Subscriptions outside the county are $1.50 per year. Remember, though, at least ten subscriptions turned in must be NEW subscriptions, but any of the other 15 subscriptions can be new ones and do not have to be renewals. For instance—If a boy or girl can secure 15 new subscriptions he or she only has to get 10 renewals, but 18 renewals and 7 new subscriptions will not count. There must be at least 10 NEW subscriptions.

By new subscriptions, we mean the name of the person subscribing must be a new one for our records. It will not do for a person to subscribe under the name of John Jones when Samuel Jones, his brother, living in the same house, is already a subscriber. A renewal means that we already have the person on our subscription list and he is paying for one or more years.

Renewal subscriptions can be secured for more than one year and will be credited to the boy or girl taking same at the rate for each year's renewal counting as a renewal. Example—If three dollars is turned in on a county renewal subscription, it will count as three separate renewals.

Any boy or girl who fails to secure the required number of subscriptions before the contest closes will receive a commission of 20 per cent. on all money turned in.

As soon as the 25 subscriptions have been received we will get the pig, which will be about 8 to 12 weeks old and deliver it according to your order in the county. You may have your choice as to whether you wish a Poland China or a Duroc Jersey. Mr. Thomas will make the arrangements about purchasing pigs and securing the papers.

Returns are to be made each week by the contestants either by letter or in person.

What You Are Selling

For sixteen months The American Union has been under the present management, which believes in giving to the public a newspaper full of news of local interest. Each week The American Union publishes from 18 to 25 columns of local interest news. For nearly a year it has published more county news than any other paper published in Caroline County.

The American Union is not biased in its views or political beliefs. At election time it takes up the interests of the Republican party, but at all times, it gives the whole news, whether Republican or Democrat. The American Union does not discriminate in its news or advertising columns against any party and they are open to all. It states its beliefs in the editorial columns, not in the news columns.

In The American Union, besides the local and county news can be found a summary of all sales advertised in papers in Caroline County. This gives the reader a chance to find out about the sales in other papers than the one he is reading. Each week we publish the Orphans Court news and Real Estate transfers. During the summer months we publish the crop weather report sent out by the U. S. Department of Agriculture.

The American Union is The People's Paper, because it contains the news of interest to the people.

Contest closes Saturday, Nov. 2, 1922

JACKSON PUBLICLY INDORSES FRANCE

Issues Statement Saying He Will Do All Possible to Obtain Renomination of Senator

REFUSES TO BE NEUTRAL

Points to Record of Present Member of Upper House as Being Sympathetic and Liberal

William P. Jackson, whose conference with Senator Joseph I. France, W. Bladen Lowndes and other leading Maryland Republicans at Philadelphia on last Thursday aroused much interest among politicians, yesterday made a public statement that he would do all in his power to obtain the nomination of Senator France, says the Baltimore Sun of August 12th.

He states that the impression was being created that he was not actively and sincerely in favor of the senior senator and he wishes to correct that impression. The statement follows:

"A short while ago I expressed in the Baltimore papers my views regarding the Republican Senatorial nomination. I then expressed the hope that a primary fight might be avoided and went somewhat into detail regarding the arguments made by Senator France's opponents, and point ing out that, in my judgment, the opposition was misguided and founded upon misapprehension.

"Since then Mr. Garrett has become a candidate, and my hope that our party would not exhaust its energies in a primary fight, but would save them for the general election, has been disappointed.

"It has come to my attention quite recently that the impression was being created that I was not actively and sincerely for the renomination of Senator France. To correct that impression, if it exists anywhere, I wish to affirm as strongly as possible that I believe the situation demands the renomination of Senator France and that I will do all in my power to accomplish that end.

Calls Neutrality a Cover

"It would be much easier for me to remain neutral in this contest, taking refuge in the fact that I am national committeeman. The welfare of the Republican party is my first and only aim, and there is an obligation upon every Republican to give his party the benefit of his best judgment, and when a decision has been reached, as in this case, to state it publicly.

"Neutrality frequently is a mere cover for unwillingness to shoulder responsibility.

"Senator France is a scholar, a gentleman, a loyal and active Republican. He has prived himself a most useful Senator to his constituents. He has shown a keen sympathy with the problems of the poor and friendless. He has shown a liberality of viewpoint which the times require. Finally, his opponents have seemingly overlooked the fact, which our Democratic friends have long understood, that Senator France can undoubtedly poll more votes in the general election than any other Republican mentioned for this nomination. I hope the party will nominate him unanimously and elect him." c
