John Glenn vs. Alice Totten and Bessie Totten, infant. — No. 3695. In the Circuit Court for Allegany county, Maryland. In Equity.

THE object of this suit is to procure a decree for the sale of a lot of ground situated in Allegany county, Maryland.

The Bill states:

1, That John Glenn, the plaintiff, in said cause, and a certain Bessie Totten, infant, the only child and heir at law of William E. Totten, late of Springfield, Ohio, deceased, are seized in fee simple as tenants in common of a lot of ground, consisting of one-half acre, and situated in the town of Lonaconing, Maryland, the interest of the said Bessie Totten, infant, being subject to the dower interest of her the said Bessie Totten's mother, Alice Totten, the widow of the late William E. Totten, deceased.

2, That said property is incapable of division and is not susceptible of partition without loss and injury amongst the parties entitled thereto, and that it would be to the interest, advantage and benefit of the parties entitled thereto to have the same sold and converted into money, and the proceeds arising from said sale to be distributed among the parties entitled thereto according to their respective interests.

3, That the said Alice Totten and Bessie Totten, infant, are non-residents of this State and are now living at Yellow Springs, Green county, Ohio.

4, The Bill prays for a sale of the property and a distribution of the proceeds among the parties entitled thereto and for such other and further relief as the plaintiff's case may require, and for an order of publication against the non-resident defendants.

It is thereupon this 29th day of October, 1887, ordered by the Circuit Court for Allegany county, Maryland, in Equity, that the plaintiff, by causing a copy of this order to be inserted in some newspaper published in said Allegany county once in each of four successive weeks before the 3d day of December, 1887, give notice to the said absent defendants of the object and substance of the Bill, warning them to appear in this Court in person or by solicitor on or before the 10th day of March, 1888, next, to show cause, if any they have, why a decree ought not to be passed as prayed. LOCAL CORRESPONDENCE.

TALK AT POMPEY.

VALE SUMMIT, Nov. 10, 1887.

To the MINING JOURNAL.

Miss Lily Loar, residing about one mile east of Loarville, who has been sick for some time, continues quite ill.

Mrs. Adam Gilmartin has been very sick during the past two weeks.

Hon. Andrew Roy, of Ohio, visited friends at this place Wednesday of last week.

Mrs. Philip O'Rourke and family, accompanied by her sister, Miss Kate Murphy, and Morris Flynn, left Saturday of last week for Washington territory. Mr. O'Rourke has been there for some time making preparations for their future home.

Protracted meetings at the M. E. Church, conducted by Rev. Mr. Pardew, of Eckhart, in progress nearly four weeks, ended last week with favorable success.

Thomas Sleeman, conductor on an engine on the Connelsville road, has been here for several weeks and returned Tuesday.

John Wright and family moved to Hoffman Hollow Tuesday of last week. Mrs. Patrick Higgins occupies the house vacated by Mr. Wright.

Weddings have been all the go around here, and another on the tapis.

Eastern Views of the Coal Trade.

New York.—The demand for bituminous coals remains even more active than ever at full prices. While the tonnages are relatively heavy, it is apparent that some of the habitual users of anthracite are in the market this season for bituminous coals. An insufficiency of transportation, however, is experienced. The pool prices are easily exacted f. o. b., with $3.50 @ $3.65 alongside here.—*Mining Record.*

The bituminous coal market still continues very active, with a rather short supply. The hoped for increase in cars has not yet made itself felt, and producers are still complaining to railroad companies on that account, consumers are constantly reminding them of their unfilled contracts, and there is no probability of this state of affairs being much better during this month. The Pocahontas still continues to send cool here, finding a ready market at the standard price of $3.50 a ton alongside.

Boston.—There seems to be a growing strength in the bituminous coal market, due chiefly to lack of shipping facilities. Vessels are scarce at the lower ports. The f. o. b. price of bituminous rarely falls below $2.60 nowadays though some Clearfield coal may be had at less, ranging at $2.50.—*Engineering and Mining Journal.*
