"DOMESTIC"

ALWAYS GIVES SATISFACTION.

A Few Testimonials Out of Thousands

From Frostburg Ladies:

HAVE used a "Domestic" in dressmaking three years and recently bought another I think it is by far the best sewing machine in use. Mine has never given me the least bit of trouble. I can use every attachment with ease. MISS MARY BATH, Dressmaker.

I am glad to add my recommendation of the "Domestic." "A thing of beauty is a joy forever," and my "Domestic" is not only a beauty but it is simply the ladies' friend. I would not know how to get along without it. It never worries me to run it, and never worries me to use its attachments. MRS. DR. FITCH.

I was lucky enough to buy a "Domestic" four years ago, and as far as sewing machines trouble goes I have had none since. It has never failed when called upon to do its duty. The attachments are easily put on and used, and I can run it all day without being tired. MISS MARY SEATES, Dressmaker.

I have used a "Domestic" for tailoring and dressmaking purposes for four years. Tried several other machines but found none to please me like the "Domestic." It is equally good on heavy and light work. I have never had to call anyone to adjust or repair it since I have had it. MRS. ANNIE RACE, Dressmaker.

The "Domestic" sewing machine I purchased of you I find all and more than you claimed for it. I would have no other. MRS. ANNIE HARTMAN.

Gentlemen—As you know when I purchased the Domestic of you, I had on trial the Singer and New Home also. I bought your machine because of its light running, its nice set of attachments, and making so little noise, and I am not sorry I did so, for the longer I have it the better I like it. MISS CASSIE LYONS.

Gentlemen—Since buying the "Domestic" of you about four years ago I have been comparatively free from sewing machine annoyance. Before getting it I used a Singer, and have experience with many others, but I find a wide difference in favor of the "Domestic." I do not break one needle now where I used to break a dozen. I can run it all day without any unpleasant consequences. I am anxious to advise all my friends to buy a "Domestic." MRS. WILLIAM R. PERCY.

Gentlemen—I feel that I cannot say enough in favor of the "Domestic." In my opinion it is the only machine any lady should use. It never tires me to use it, and I never break my needles and all the attachments are so easily used that it is a pleasure to work with them. All ladies who buy any other make a great mistake. MRS. DR. P. A. MICHAEL.

Five years of trial, and I like it better than ever; it is the delicate ladies' sewing machine. I am never tired after running the "Domestic." MRS. DR. J. M. PORTER.

From Lonaconing Ladies

I take pleasure in the "Domestic." I own and use one and could not be induced to use any other. To use the words I told the Singer man, "I use it because I can run it easier with one foot than I could the Singer with both." MRS. JOHN C. DONALD.

The "Domestic" to me is like a clear friend. Have used it for four years and love it more and more the longer I have it. It is always ready to serve me. MRS. SARAH BELL.

Let me say a good word for the "Domestic" too. I have used one four years and if I had use for forty more they would all be "Domestics." MRS. ROBERT HAMILTON.

I want to stand upon something high and speak out loud for all to hear. I have two "Domestics;" would have no other. No, I am not going to and never thought of exchanging them for Singers or any other machines. Whenever I give up the good old "Domestic" I will give up sewing. MRS. M. A. HADLEY, Dressmaker.

I am pleased to say I am using a "Domestic" sewing machine, and am perfectly delighted with it. MRS. ISAAC BRADBURN.

If ladies would only try the "Domestic" before buying a sewing machine there would be no others sold. Mine is perfect. MRS. JOHN CROSSER.

I have a "Domestic" that has been in constant use for three years, has never been out of order, never gave me any trouble, and runs lighter to-day than it ever did. I would have no other. MRS. E. THOMAS, Dressmaker.

If a word of mine will do the "Domestic" any good I gladly give it. I have used many kinds but have found none to come anywhere near it for all good. MRS. ROBERT COOK.

Seventeen years ago I purchased a "Domestic" sewing machine of Mr. Myers. After making the purchase agents selling other machines told me it would not last one year. I went to Mr. Myers and his answer was if my machine were out before any of the others he would give me another. I have used it all these years, and those who bought others at the same time have worn out two and some of them have the third. I have recently exchanged for one of the Improved Domestics and like it very much. I would advise ladies wishing to buy a machine to buy none but the "Domestic." MRS. ELLEN KIRKWOOD.

I have been using a "Domestic" four years. It runs light, never gets out of order, and is the machine for me. MISS ANNIE WILLIAMS.

My Domestic" sewing machine has been in constant use for three years, has given me entire satisfaction. I have used many others but never any to come near the "Domestic." I would advise all to buy none other. MRS. WILLIAM H. TAYLOR, Detmold.

I have used a "Domestic" for more than three years in dressmaking; have tried many others but find the "Domestic" far ahead of any for light running; attachments easy to use and all good points. Always ready when wanted. MISS CARRIE CREUTZBURG, Barton.
