WHEN A FELLOW'S STRONG AND WELL

and the world seems his to conquer it's pretty hard to work up any real concern over the future.

But assuredly it deserves some serious thought—for no one can afford to forget that youth is the accepted time of preparation for old age.

The man who consistently builds up a savings fund forestalls dependence in later years.

This institution welcomes the young peoples' accounts.

If John Alden Came Back

Even the crude, home made tallow candle was a luxury and a rarity in Pilgrim days. A burning pine knot, or the feeble, smoky light of the open fire was the usual illumination.

Step by step this curtain of darkness has been lifted. Today the radiance of electricity fills our homes, lights our streets and flashes the message of commerce in letters a story high.

With what amazement John Alden would behold this rival of the solar system.

HENDERSON

Community Meeting

The people interested in Henderson High School will get an opportunity to see the great progress being made in the school next Tuesday evening November 21, the next regular meeting of the Patrons Association. The meeting will be held in school house which will now accomodate a large number.

The patrons of the school under the active leadership of the officers of the Patron's Association have been very busy lately getting the Eddenburg school house moved in Henderson. This new addition has been placed just a few feet from the other buildings. It is expected that this room will be opened up for inspection by the date of this meeting. It was made necessary by the large enrollment of the school.

There will be some prominent men of the County present to deliver addresses, also a program rendered by the students.

Last Friday afternoon the boys from Henderson journeyed to Ridgely for a game of Soccer. From the comparative size and weight of players on each team it almost looked cruel to start the game from Ridgely stand point. But from the time of the starting of the game by the referee's whistle the opponants found they had eleven boys against them filled with a clean fighting spirit. The final score was 1 to 0 in favor of Ridgely.

Miss Olivia Coffin of Middletown, was a week end guest of her aunt, Mrs. Frank Gough.

Mr. and Mrs. Clarence Hollingsworth and daughter Elizabeth of Wilmington are visiting relatives in and near town.

Mr. and Mrs. T. A. Montague and children were guests of Mr. and Mrs. G. W. Moore, of Kenton on Sunday.

TRESPASS NOTICES

Post your lands with No Trespass signs if you would keep the hunters off. These signs obtainable at The American Union.

After a long and careful scientific investigation, it has been found that:

2% of all Automobile accidents are due to poor brakes.

25% of accidents are due to recklessness.

50% of accidents are due to defective vision.

We know that 70% of the people need glasses and that about 30% have them. This means that about 40 out of every hundred drivers of motor cars need glasses.
