HUERTA

Huerta, Huerta, oh you Huerta! wake up now
and shake yourself;
Better think now of Tampico—dream no more
of sordid pelf
'Tis no time to quaff your pulque—better
scratch your ugly head;
Take your hat off—make obeisance—then go
home and go to bed.

'Tis no time to swear at Mayo—he's a son of
Uncle Sam;
Say your prayers and make confession—wish
yourself in far Siam
'Tis no use to swell your chest out with a fool-
ish, idle boast—
In the shades that gather 'bout you stalks, per-
chance Madero's ghost.

We will heed not the defiance of a base, usurp-
ing foe—
Will not brook your proud indifference to the
Doctrine of Monroe.
We will teach you 'twas sheer folly to ignore
our Flag's demand:—
Soon 'twill wave above your Bastions when we
cross the Rio Grande.

For each man who wears our khaki is a Davy
Crockett bold;
He will leave your minions scattered o'er your
acres, stark and cold.
He will tread your avenidas—will your fendal
laws repeal—
All your homes will ring with gladness where
before was known no weal.

Yes, the Gringoes sure will get you and will
rudely pull your nose,
Then will taunt you with devision, and will
tread upon your toes.
Both your Astecs and your Creoles will arise in
loud acclaim—
And the short regime of Huerta will have
naught but sullied name.

You will vanish'fore our banner like a dewdrop
'neath the sun;
We will see a glorious era in old Mexico be-
gun:—
Then the song that will arouse Her is that song
of Francis Key,
As it rolls from Cerro Gordo to the strands along
the Sea.

STATE GRANGE TO MEET

Will Have Interesting Discussion At Tolchester August 6.

State Grange Day at Tolchester August 6 was arranged for Monday afternoon by the executive committee of the Maryland State Grange at the Hotel Rennert, Baltimore.

The meeting was called to order by State Organizer James T. Anthony, of Chestertown. Others present were State Master B. John Black, of Roslyn; J. B. S. Norton, of College Park; R Bentley Thomas, of Ednor, and Reuben Brigham, of College Park.

At the field meeting at Tolchester the principal subject for discussion is to be "Marketing and Distribution of Farm Products." Among the speakers will be David J. Lewis, Congressman from the Sixth district, on "Parcel Post"; Dr. August Stable, State Demonstrative Agent of United States Department of Agriculture; President, H. J. Patterson of the Maryland Agricultural College, and others.

A series of field meetings over the State under the auspices of local granges was also arranged for and placed in charge of the State lecturer, Reuben Brigham.

BETTER BABIES

The question has been asked many times, "How will a Better Babies Contest help my baby?" For many years there have been baby shows, in which troubled judges tried to decide which babies were the prettiest. After all, beauty is only a matter of individual taste, and there is no real standard for it. There are lots of splendid babies who have straight hair, no dimples at all, but perfect health.

So down in Louisiana, Mrs. Frank De Carmo, in 1908, decided that the plain babies ought to have a chance at a prize once in a while, too. She worked out a crude plan, which revolutionized baby shows at country fairs. Doctors did the work formerly turned over to admiring friends and relatives. Then the idea spread into the states where live stock is bred and they began to test babies for points of excellence. The babies that measured up wholesome, healthy and strong, won prizes, no matter how they were dressed. There were no hard feeling, for the parents saw on their own card, just why their baby had lost.

The next step, was to make them Better Babies! The doctors who conducted the examinations told them what was wrong, and how to correct it and don't you suppose that any sensible woman will correct her mistakes when it is proven to her that she is wrong? Of course she will, even if it be on the subject of raising children. Every parent has a few ideas which are hard to eradicate, and the main one is that they certainly know how to raise children. But times have changsd, and unless we change and try to keep up, we shall be left for the next generation to laugh over.

Physicians all over the country have wakened the wonderful possibilities of the work in these contests, which will better the babies and the entire race. Often, mothers who can afford to take the baby to a doctor, don't do it, because apparently the baby is well, "but has a bad temper, and mean disposition." When all the questions have been answered and all the examination done, the mother learns that the baby has some slight defect, which is causing all this trouble.

In the next generation, we won't have so many deaf people, for the tiny adinoid in the throat which did not bother him as a baby, but which made him seem dull and stupid in school and made him use an ear-trumpet when he grew to be a man, will be discovered in this searching, free examination, and in a week or two will be removed. That is one way the contest will help our children.

Even if your baby does not win a prize, there is nothing discouraging about a Better Babies Contest. It teaches how scrawny babies can be made well, good babies be made better and better babies made FINE!

Mrs. Goodsense—"Nellie's just been telling me of some lectures on housekeeping she's gone to. They tell her how to make all kinds of fancy desserts and salads that are no use to her at all, but they don't teach her a sensible thing like using Fels-Naptha Soap or anything of that sort. A waste of time, I call it."

Anty Drudge—"Well, you can teach her about Fels-Naptha Soap at home. She can see how fine it does your work for you and learning about the other won't hurt her."

Fels-Naptha Soap in cool or lukewarm water will get your clothes on the line in half the time with less than half the trouble if you will use it next washday, and your clothes will not have to be hard-rubbed nor boiled, either.

Fels-Naptha is the cool-water, no-hard-rubbing soap that gives tired women time to rest and a chance to enjoy themselves.

SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After A Few Doses Are Taken

Backache, urinary disorders, and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to premanently and positively cure such troubles, is to remove the cause.

The new discovery, Croxone, cures such conditions because it reaches the very roo of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; it neutralizes the urine so it no longer irritates the tender membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst case of backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is entirely different from all other remedies. There is nothing else on earth to compare with it. It is so prepared that it is practically impossible to take it into the human system without results.

You can obtain an original package of Croxone at trifling cost from any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.
