NEW ISSUE

$15,000.00 Class "A" Six Percent Common

WHEN ISSUED

FARMERS SUPPLY COMPANY, Inc.

Denton, Maryland

From information furnished by Mr. E. H. Ziegler, President of The Farmers Supply Company, Inc.

The FARMERS SUPPLY COMPANY INCORPORATED, was organized in Caroline County, Maryland, for the benefit of the farmer of this County and through its co-operative method of doing business has been instrumental in saving its membership considerable on their purchases of all kinds.

Owing to its rapid growth, it has become necessary to do some additional financing to carry on its business, which has developed beyond all expectations. With the new financing it will be enabled to enlarge its scope, which means that the members of this Company will derive greater benefit, through its ability to discount trade bills, giving its members lower prices than heretofore.

This Company, since its inception has increased in value one hundred and seventeen per cent. (which surplus has been placed back into the Company) and has paid its stockholders twenty-one per cent. (through discounts) in the first nine months of this year, or at the annual rate of twenty-eight per cent.

The net proceeds from the sale of this issue, is to be used for the expansion of the business of this Company and it is estimated that when the new financing has been accomplished the Company will be in a much stronger position to pay greater dividends to its members and investors.

The new issue is class "A" common stock, which is preferred as to dividends up to six per cent. I unhesitatingly recommend its purchase to all conservative investors of this County.

The management of the Company is in the hands of Mr. E. H. Ziegler, whose supervision has been responsible for the success of this Company.

For further information relative to this issue apply to the undersigned.

The following balance sheet, is as per audit by Messrs. William A. Gillespie & Company, accountants and auditors of Baltimore, Md.
