Lazy Dollars

Dollars merely *safe* are not performing their natural function. They are not working. They are not doing the owner or the world any good.

Moreover, most hiding places thought to be safe are decidedly unsafe. Not only thieves, but fire or other unforeseen happenings may rob you of your wealth.

Saving Is Using

Dollars saved are safer! And they are constantly working to earn more for you. They are constantly working for the good of the whole community.

Consider this. We pay you for saving. And while you are saving your money is never out of reach. It is always ready for you and easy to get when you need it.

Start with us today. One dollar will do it.

Messages to Seekers of Success

Eastern Shore News

The first gathering of klan leaders in Delaware was held at Dover Tuesday in the Odd Fellows Temple, when organization was effected and plans mapped out for the work to be carried on in Delaware.

The plan, which embodied co-operation with the authorities in the enforcement of the 18th amendment, in the upbuilding of the public school system and the Protestant church, was discussed and will be reported on in full at a meeting to be called within 30 days.

Following the meeting which lasted three hours and a half, it was decided that the personnel of the organization is a secret and the concern of the members only.

The meeting was opened by prayer made by one of the best known clergymen in Delaware, and was followed by the singing of "America." Despite the inclement weather, which made many of the roads nearly impassable there were representatives numbering about 200 from the 20 chartered and provisional klans in Dlaware. Two high klan officials from the Imperial Palace, Atlanta, Ga., and Dr. J. H. Hawkins of Atlanta, field representative of the klan in this realm, were present and delivered inspiring addresses.

One of the officials, according to the klansmen, said that the Ku Klux Klan is not "anti" anything, but pro-American, first, last and all the time.

It was announced that National Klan lecturers, well known in all sections of the country, will be brought into Delaware within the next ten days to deliver a series of lectures on 100 per cent Americanism, embodying the principles of the movement.

Thirteen rifle teams have been organized in Salisbury and are now holding work-outs on the range in the First Regiment Armory. Enthusiasm among this class of sportsmen in Salisbury has become intense. It has become necessary to divide the four targets at the Armory among two teams each night. December first has been selected for the final meet, when each team will compete at the fair grounds for the trophy offered by the Lion's Club. Twelve targets are to be constructed and the arbitrary powers of the tourney will be vested in three judges. Dr. A. B. Burris and H. W. Johnson will hold two of the positions of judges, while the third has not yet been selected.

At a meeting of the Board of Directors of the Delaware State Fair last Friday afternoon, resolutions were adopted calling for disbandment and sale of all property belonging to that organization, due to the fact that the public at large has failed to support the fair. Attendance falling far short of the necessary number to pay current expense, creating a large annual deficit, which has to be made up by donations from public-spirited citizens, and the fact that the state legislature has recently materially reduced the appropriation allotted the organization for premiums.

What's Behind the Federal Reserve System

The extensive resources of the Federal Reserve System are great enough to cope with any financial situation.

This fact was very effectively demonstrated during the business depression of the past two years.

This bank is proud indeed, that it has the privilege to be a member of the Federal Reserve System and associated with an institution that means so much in our national banking business.
